ROBERT TUCKER Accounting Supervisor

IVONNE MENDEZ
Accounting Supervisor

November 30, 2018

The Honorable Larry L. Lancaster, Chairman
The Honorable Dr. Jeannette M. Council, Vice Chairperson
The Honorable Glenn B. Adams
The Honorable Michael Boose
The Honorable Charles Evans
The Honorable W. Marshall Faircloth
The Honorable Jimmy Keefe
The Citizens of Cumberland County, North Carolina:

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of the County of Cumberland for the fiscal year ended June 30, 2018. The basic financial statements contained herein have been audited by the independent certified public accounting firm of Cherry Bekaert LLP and that firm's unmodified opinion is included in the Financial Section of this report.

The report itself is presented by the County, who is responsible for the accuracy of the data and for the completeness and fairness of its presentation including all disclosures. We believe the data as presented is accurate in all material aspects; that it is presented in a manner designed to set forth fairly the financial position and results of operations of the County as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs have been included.

This report is divided into five sections: the Introductory, Financial, Statistical, Compliance sections, and Continuing Disclosure Information. The Introductory Section, which is unaudited, contains this letter of transmittal, which provides a brief overview of the operations of the County, a list of principal officials, a copy of the Certificate of Achievement for Excellence in Financial Reporting, and the County's organization chart. The Financial Section is composed of the auditor's report, management's discussion and analysis (MD&A), the basic financial statements, notes to the financial statements, and more detailed combining and individual fund financial statements and schedules and other supplementary financial data. The Statistical Section, which is unaudited, contains fiscal and economic data designed to provide a more complete understanding of the County. Many tables in this section present financial data for the past ten years. The Compliance Section presents reports and schedules required by the federal and state Single Audit Acts. Finally, the Continuing Disclosure Information Section, which is unaudited, includes those disclosures related to certain general and non-general obligation debt required by the Securities and Exchange Commission Rule 15c2-12.

Accounting principles generally accepted in the United States of America (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the MD&A. The County's MD&A can be found immediately following the report of independent auditors. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County is required to undergo an annual single audit in conformity with the provision of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and the State Single Audit Implementation Act. Information related to this single audit, including: the independent auditor's internal control and

compliance reports on the basic financial statements and major federal and state programs; Schedule of Findings and Questioned Costs; Corrective Action Plan; Schedule of Prior Audit Findings; and Schedule of Expenditures of Federal and State Awards are presented in the compliance section of this report.

The financial reporting entity includes all funds of the County of Cumberland, as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable. Discretely presented component units are reported in a separate column in the basic financial statements to emphasize that they are legally separate from the primary government. The Cumberland County Alcohol Beverage Control Board, the Eastover Sanitary District, the Fayetteville and Cumberland County Economic Development Corporation, the Tourism Development Authority and the Fayetteville Area Convention and Visitors Bureau are reported as discretely presented component units.

### **GENERAL INFORMATION**

The County of Cumberland originated as a settlement by the Highland Scots in the Upper Cape Fear Valley between 1729 and 1736. The area became a vital link to other major settlements with the establishment of a receiving and distribution center on the Cape Fear River in 1730. The settlement was known as Campbellton. In 1754, the Colonial Legislature passed an act resulting in the political division of Bladen County, forming Cumberland County. Named for the Duke of Cumberland (William Augustus), the county grew and prospered as Scotch-Irish, German and Moravian immigrants entered the area. Campbellton was named the county seat in 1778. In 1783, Campbellton was renamed Fayetteville in honor of Marquis de La Fayette, the French general who served in the American Revolutionary Army.

A devastating fire in 1831, and the invasion of General Sherman's army in 1865 during the American Civil War, delayed Fayetteville's growth. In 1918, land in northwest Cumberland County was purchased and developed by the U.S. Army to serve as an artillery training facility. Camp Bragg has evolved over the years into Fort Bragg, a permanent Army post. In 2018, Fort Bragg is celebrating its centennial.

Cumberland County is located in the southeast section of North Carolina, with a land area of approximately 652 square miles. The most recent population estimates from the Office of State Budget and Management (the "OSBM") rank the County as the fifth largest county in the State with a population estimate of 329,824. The City of Fayetteville (the "City" or "Fayetteville") is the sixth largest municipality in the State with a population estimate of 208,729.

The County of Cumberland functions under a Board of Commissioners-County Manager form of government. The Board of County Commissioners consists of seven members, two elected from District 1, three elected from District 2, and two at-large members. Each member of the Board is elected for a four-year term. The terms are staggered, with the District 1 and at-large members elected in a biennial general election and the District 2 members elected two years later. The Board members elect their own Chairman and Vice Chairman on an annual basis. The Board is the policy-making and legislative authority for the County, responsible for adopting the annual budget, establishing the tax rate, approving zoning and planning issues and other matters related to the health, welfare and safety of citizens.

The County Manager is appointed by and serves at the pleasure of the Board of Commissioners. The County Manager is the Chief Executive Officer and has the responsibility for implementing policies and procedures of the board, delivery of services, managing daily operations and appointment of subordinate department managers.

### **Fort Bragg**

The County is home to Fort Bragg, the largest most strategically advanced military installation in America. As a result, Cumberland County residents originate from all around the world. It is a global community where all expected amenities exist, but a serene wilderness is a short drive in any direction. Fort Bragg encompasses nearly 163,000 acres, including training lands. Fort Bragg contributes to the area economy as well as to the international and cosmopolitan culture of the community.

The post came into existence in 1918, when 127,000 acres of desolate sand hills and pine trees were designated as a U.S. Army installation. Named in honor of Confederate General Braxton Bragg, a native of the state and a former artillery officer, Camp Bragg was the only military reservation in the United States with adequate space to test the latest in long-range artillery. In February 1922, Congress decided that all artillery sites east of the Mississippi River would become permanent Army posts. Thus, Camp Bragg became Fort Bragg in September of that year. The hundredth anniversary of the establishment of Fort Bragg is being celebrated this year.

### **ECONOMIC CONDITIONS AND OUTLOOK**

### Military

Fort Bragg is home to roughly 56,000 troops. More than 14,000 Department of Defense civilians work on the installation, along with more than 6,000 contract employees. In all, Fort Bragg supports a population of roughly 280,000, including military families, retirees and others. The total direct and indirect military impact provides approximately \$10.6 billion in local spending, especially from payroll which is illustrated in Tables 1 and 2. The military impact on the local economy fluctuates depending on a variety of factors, including the number of deployed military personnel, capital projects and appropriation levels. Commercial contracts awarded to local businesses for supplies and equipment through the Office of Directorate of Contracting has a direct effect on the economy.

Table 1
MILITARY PERSONNEL AND PAYROLL AT FORT BRAGG

Year	Military Personnel	Payroll
2017	56,062	\$2,834,589,044
2016	53,050	\$2,823,327,754
2015	53,663	\$2,895,038,498
2014	54,806	\$2,733,469,032
2013	59,978	\$2,860,373,823

Table 2
CIVILIAN EMPLOYMENT AND PAYROLL AT FORT BRAGG

Year	Number of Employees	Payroll
2017	14,036	\$767,329,661
2016	14,190	\$790,556,644
2015	14,629	\$720,063,728
2014	14,469	\$653,763,470
2013	20,628	\$694,187,839

Source: XVIII Airborne Corps and Garrison Public Affairs Office

In terms of building space and population, Fort Bragg is the largest military installation in the world. The base is a significant source of construction spending in the region with approximately \$1 billion expected to be spent on ongoing and planned construction through 2020. Since the last round of base realignment and closures, Fort Bragg's buildings have grown from 20 million square feet to 52.4 million square feet and construction projects during that time are valued at more than \$860 million. The major construction for fiscal year 2017 totaled \$121 million; maintenance and repair construction for fiscal year 2017 totaled \$143.5 million; and, another \$100 million is the projected spending per year through fiscal year 2021.

### Local

The Fayetteville Cumberland County Economic Development Corporation is the lead agency on developing strategies and initiatives for economic development in the County. The County's commitment to expanding and diversifying its economy includes maintaining a strong industrial base. Manufacturing and distribution services are diverse in the area. The County's workforce has a median age of 29.9, far below the national median, and has a much higher than average percentage of workers who have college degrees. Each year, the County's workforce increases by approximately 6,500 transitioning soldiers, who have high levels of technical skills and personal discipline. These skilled workers serve industries such as business and financial operations, food processing, defense support services, logistics/warehouse services and advanced manufacturing.

In October 2017, Advanced Computer Learning Company, a leader in training development and delivery, software programs, and technology systems integration, announced they are moving forward on a major expansion. The renovation project will base its headquarters in Fayetteville and will result in the creation of 75 full-time jobs with an average salary of \$58,400.

In February 2018, Cambridge-Lee Industries, LLC (CLI) announced its selection of Cumberland County for the location of a new facility. The project resulted in the immediate creation of 19 full-time jobs. CLI, headquartered in Reading, Pennsylvania, is one of the world's largest manufacturers and distributors of copper tubing. CLI chose the County for its improved logistics for customer service and production as well as a readily available workforce.

Logistics is one of the fastest growing industries in the area. In May 2018, the North Carolina Department of Transportation reported that 700 truck drivers have been hired in the County since January 1st. As announced in December 2017, Campbell Soup Supply Company, LLC in partnership with DHL Supply Chain will also create 195 distribution jobs as they are set to build a new, 627,000 square foot, \$40 million facility in the County's Cedar Creek Business Center. The facility will have the ability to expand by 50 percent in the future. Once all positions are filled, the annual payroll impact will total \$4.515 million. The companies chose Cumberland County for its skilled workforce, proximity to major transportation hubs, and favorable business climate.

In terms of transportation, the County's location on Interstaterail infrastructure, proximity to shipping ports have made it a central hub for the transportation, warehousing, and wholesale industries. According to the North Carolina Department of Commerce, these segments provide more than 6,200 jobs and represent over \$371 million in earnings annually in Cumberland County. Doubling the number of lanes on I-95 in North Carolina begins next year as Department of Transportation plans to award a contract next spring to a design construction team that will widen I-95 from four to eight lanes within the northeastern sector of the County.

This project marks the first substantial upgrade of I-95 in North Carolina. The project is being partially funding by a \$147 million federal program known as Infrastructure for Rebuilding America. The Department was awarded this grant to improve highways and broadband service in Eastern North Carolina.

Booz Allen Hamilton, a management and technology consulting firm, announced its expansion of current operations in Cumberland County, creating 208 new jobs over five years. The company expects to invest more than \$5 million in the project by the end of 2020. Many of the jobs will be IT focused. There are two phases to the project. The first phase will be a footprint expansion in Fayetteville. In phase two, the company will expand or relocate within Cumberland County to accommodate the continued growth in the area. A Booz Allen Hamilton representative stated, "In addition to a strong business community, Fayetteville's proximity to Fort Bragg and Camp Lejeune provides an important access point to an exciting talent pipeline of military spouses with diverse skillsets, as well as veterans who are transitioning from the military and seeking high-impact, mission focused careers." Once all positions are filled, the annual payroll impact will be \$2.7 million.

The retail sector located in Fayetteville had one of its largest growth spurts in history during 2017. The growth was driven primarily by the opening of Freedom Town Center on Skibo and Cliffdale Roads. The Freedom Town Center provides 387,000 square feet of additional retail space to the area. Kinlaw's Supermarket, a locally owned and operated fresh produce and meat store, announced its renovation and expansion project at its headquarters in Fayetteville. The expansion will result in a total capital investment of \$515,000 and 11 full-time jobs paying an average of \$31,200 annually.

Downtown Fayetteville is also experiencing retail growth related to the development of a \$37.8 million, 4,786 seat baseball stadium, with a planned opening in 2019. The stadium will be home to a Houston Astros minor league team. Currently under construction, the stadium has already been selected to host the Big South Conference for its ESPN televised, baseball tournament championships for years 2019, 2020,

and 2021. Eight of the Big South's ten baseball-playing universities will combine to play 13 – 15 games during May, in a double-elimination format. The championship game is scheduled for Saturday of Memorial Day weekend. The tournament is expected to generate at least \$1.5 million of economic activity in this area. In addition to baseball, a hotel, apartment complex, and renovations of the existing Prince Charles Hotel are all planned in the immediate area of the stadium. Additional business and restaurants are planning to open in the downtown area soon.

As shown in Taxable Sales, Table 3, fiscal year 2018 sales experienced a small percentage growth, showing an increase of .22% over the previous fiscal year taxable sales amount.

TAXABLE SALES Table 3

Year Cumberland County % Cha		% Change
2018	\$4,049,332,514	.22%
2017	\$4,040,268,838	4.97%
2016	\$3,848,869,911	4.22%
2015	\$3,693,046,187	5.24%
2014	\$3,509,005,624	-1.39%

Source: North Carolina Department of Revenue

As shown in Table 4, Cumberland County's growth in population is showing small growth and that small growth is projected to continue through 2020. Overall County growth rates are below the state's estimated and projected growth rates. Prior year projection rates showed a decline in projected 2025 population of the County. The improvement in the projections can be attributed to the slight increase in troop strength at Fort Bragg.

POPULATION Table 4

144.4							
	2010	2016 Certified		2020 Estimate		2025 Projected	
	Population	Population	% Change from 2010	Population	% Change from 2016	Population	% Change from 2020
Cumberland County	327,309	329,824	0.76%	329,709	-0.03%	329,752	0.01%
North Carolina	9,574,344	10,155,942	5.73%	10,619,432	4.36%	11,192,454	5.12%

Source: North Carolina Office of State Budget and Management

As shown in Table 5, between 2014 and June 2018, the County's average unemployment rate decreased by 1.0%. The state's average unemployment rate also decreased during the same timeframe by 0.8%. The trend of declining unemployment rates for the County mirrors that of the State for comparable periods.

### EMPLOYMENT Table 5

Year	Total Civilian Labor Force	Number Employed	Number Unemployed	Cumberland County Unemployment Rate	State Unemployment Rate
2018 (6 mo.)	129,232	122,191	7,041	5.4%	4.2%
2017	127,387	120,687	6,700	5.3%	4.2%
2016	127,978	120,153	7,825	6.1%	4.9%
2015	126,231	117,774	8,457	6.7%	5.3%
2014	124,122	116,207	7,915	6.4%	5.0%

Source: United States Bureau of Labor Statistics

The Cumberland County housing market continues to emerge slowly from the prolonged economic downturn. Utilizing statistics provided by Fayetteville Regional Association of Realtors, in comparing new and existing home sales in June 2017 to June 2018, there was an increase of 1.65% of total closed listings and the comparative value at closing increased by 4.32%.

Table 6 focuses on permits obtained for *new* construction, as new construction permits serve as a strong indicator of the economy. The total number and total value of new residential and non-residential building permits for 2017 exceeded the 2016 totals. New residential values increased by 15.23% and new non-residential values increased by 18.1%.

The first six months of 2018 are trending toward additional increases as well. The non-residential value within the first six months of 2018 is already greater than the calendar year 2017 total. The significant items contributing to the increase include property developments owned by the City of Fayetteville related to the baseball stadium and airport; Prince Charles Hotel development located in downtown Fayetteville; a Holiday Inn Express being developed in the Cedar Creek area; Campbell Soup Supply Company project development; and, a Mercedes Benz dealership on Glensford Drive in Fayetteville.

### **EDUCATION**

### **Public Education**

School services are provided by the Cumberland County School Administrative Unit under the direction of the Board of Education.

Public education is a function and responsibility of State government. School operation is largely determined by State statutes and State policies adopted by the State Board of Education. The General Assembly has delegated financial responsibility for certain areas of public education, primarily construction and maintenance of facilities, to the counties. State law provides a basic minimum educational program for each school administrative unit which is supplemented by the County and Federal government. The minimum program provides funds for operational costs only, but the building of public school facilities has also been a joint State/County effort.

The State and Federal governments provided approximately 69.95% and 7.52% respectively, of the operating budget for the Cumberland County School Administrative Unit's 2017-2018 School Year. Fiscal year 2016 was the first year an adjustment to the original current expense appropriation was required in accordance with the Cumberland County School Funding Agreement of 2014. In accordance with the agreement, a final adjustment amount will be paid to the Board of Education no later than 30 days after the receipt of the comprehensive annual financial report. The current expense final total to be paid for the fiscal year ended June 30, 2018, is \$80,961,835 from General Fund revenues for school operations. For the fiscal year ending June 30, 2019, the County's original budgeted current expense appropriation was \$79,463,109. Shortly after the fiscal year began, a revised budget ordinance amended the annual budgeted amount to \$80,150,000. The Funding Agreement of 2014 expired on June 30, 2018.

The County School Fund is supported from the designated portions of two local option one-half cent sales taxes, which must be used for school capital outlay expenditures or the retirement of school bond indebtedness. For the fiscal year ended June 30, 2018, those actual sales taxes totaled \$11,005,659. An additional \$938,179 was received as part of the inter-local Sales Tax Hold Harmless agreement with its municipalities. The County received \$3,592,098 in proceeds from the North Carolina Education Lottery for the fiscal year ended June 30, 2018. As of June 30, 2018, the County has received \$55,034,547 from the North Carolina Education Lottery since its inception in 2007. The proceeds are primarily to be used for school construction and reduction of class size in the early grades.

Table 7 presents the number of schools and the County-wide Final Average Daily Membership (ADM) for the Cumberland County School Administrative Unit. In addition to the schools in Table 8, Fort Bragg adds a total of nine more elementary and middle schools.

## COUNTY SCHOOLS AVERAGE DAILY MEMBERSHIP Table 7

School Year	Grades K-5 # Schools	Grades 6-8 # Schools	Grades 9-12 # Schools	Total Final ADM
2017-2018	52	18	17	49,641
2016-2017	52	18	17	49,928
2015-2016	52	18	17	49,918
2014-2015	52	17	17	50,258
2013-2014	52	17	17	51,119

Number of schools excludes special schools and academies.

### **Non-Public Schools**

There are 30 independent private and religious schools in the County. The enrollment for the 2017-2018 school year was 4,652. Source: 2018 North Carolina Directory of Non-Public Schools, Conventional Schools Edition

### **Colleges and Universities**

There are three institutions of higher learning, as well as a Fort Bragg facility on the military installation offering off-campus "resident-credit" courses for several North Carolina and certain out-of-state colleges and universities.

<u>Fayetteville Technical Community College:</u> Fayetteville Technical Community College ("FTCC"), a post-secondary institution located within the County, was established as a member of the North Carolina System of Community Colleges and Technical Institutes. FTCC is the fourth largest community college in the State.

FTCC, a two-year public institution, serves approximately 42,000 students annually, with more than 250 curriculum programs of study to meet the needs of the community and students. FTCC serves high school juniors and seniors through High School Connections, providing opportunities for high school students to earn college academic credits at no tuition expense to them. Some programs are one hundred percent online, adding convenient, flexible options for students.

FTCC's commitment to the community was recognized by its selection to be listed in the 2018 Guide to Military Friendly Schools. This list honors the top 20% of colleges, universities, and trade schools on their ability to recruit and retain America's military service members and veterans as students. FTCC is the headquarters for the North Carolina Military Business Center (NCMBC) which is a state funded, business development organization that provides services to businesses across the state. The NCMBC leverages military and other federal business opportunities for economic development and job creation in the state.

The responsibility for financial support of FTCC is shared by the State and County governments. Appropriations from the County to FTCC for operating expenses for the fiscal year ended June 30, 2018 totaled \$11,172,379 and for capital outlay totaled \$422,125. For the fiscal year ending June 30, 2019, the appropriations from the County to FTCC are \$11,735,900, an increase of \$563,521 or 5.04%.

<u>Fayetteville State University</u>: Founded in 1867, Fayetteville State University ("FSU"), a constituent institution of the University of North Carolina, is the second oldest state-supported educational institution in North Carolina. FSU has 38 buildings on a 156-acre campus. Fayetteville State University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate, masters, and doctorate level degrees. Top majors include: criminal justice, business administration, psychology and sociology. Altogether FSU boasts 36 undergraduate programs, thirteen master's degree programs, and one doctoral program in educational leadership. FSU Online offers degree completion programs in nine undergraduate majors, an MBA, and a graduate degree in criminal justice. FSU has off-site campuses at Fort Bragg and Seymour Johnson Air Force Base. Total undergraduate enrollment exceeded 5,000 in 2018 with 800 enrolled in graduate programs.

<u>Methodist University:</u> Chartered November 1, 1956 as a senior, coeducational liberal arts college, the school was established as a joint venture by the citizens of Fayetteville/Cumberland County and the North Carolina Conference of the United Methodist Church. Methodist College opened to students in the fall of 1960. In the fall of 2006, in conjunction with the institution's 50th anniversary celebration, Methodist College officially became Methodist University. The University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate, baccalaureate, and master's degrees.

Total undergraduate enrollment was 2,149 in 2018 with 342 additional students enrolled in graduate programs. Today the University offers bachelor's degrees in over 80 fields of study including

communications, justice studies, business administration, education, and social work. New majors, minors, and concentrations recently added include engineering, entrepreneurship, applied forensic science, graphic design, and applied communication. The University offers six graduate degree programs: the Master of Medical Science in physician assistant studies, the Master of Business Administration in organizational management and leadership or health care administration, the Master of Justice Administration, and the Master of Education in literacy, special education or coaching and athletic administration, the Doctor of Physical Therapy, and will be enrolling its first doctoral level students in the Doctor of Occupational Therapy in the Fall of 2018. The university offers day, evening, and online courses year-round. The Methodist campus presents a blend of modern architecture and natural beauty, occupying 617 acres along the Cape Fear River six miles north of downtown Fayetteville. The campus includes 51 buildings, an 18-hole golf course, various athletic facilities, and an amphitheater.

### **MAJOR INITIATIVES**

### **Public Safety Task Force**

The Public Safety Task Force was reactivated during fiscal year 2017 and met throughout the current year. The Task Force began by reviewing the prior report and recommendations of the Public Safety Task Force in 2010. The Task Force then identified the key elements to be accomplished: development of consistent standards of performance, update the fire contracts and creation of a sustainable and equitable funding mechanism to support the delivery of fire service in the County.

To address these key topics, the Task Force started with a Strengths, Weaknesses, Opportunities and Threats (SWOT) approach with the assistance of a facilitator. The next phase was to gather research on volunteerism, performance standards, different contract templates and various funding models utilized by other counties throughout the state. Fire contracts were discussed over a series of Task Force meetings. The Task Force then appointed a funding subcommittee to review and develop a funding model. The subcommittee will then make a recommendation to the full Task Force for consideration. The goal is for the Task Force to complete their review and submit their recommendations to the Board of Commissioners during fiscal year 2019.

### **Software Implementation to Improve Customer Service**

**Central Permits/Land Management Software:** This software will replace multiple outdated systems to include Central Permits, Inspections, Code Enforcement, Land Use, Parcel/Address Management and Environmental Health software. The new software solution will provide a single integrated system with a streamlined process maximizing operational efficiency and greatly increasing the level of customer service. Funding was approved during the current fiscal year with implementation beginning in fiscal year 2019.

**Tax Software:** This software replacement will eliminate the final product hosted on the County Mainframe. Our goal is to select an Enterprise Resource Planning (ERP) solution to comprehensively address tax administration processing including appraisal, assessment, billing and collections and reporting providing operational efficiency and enhanced customer service. Through the assistance of a consultant, we are in the final phase of evaluating a software solution. A recommendation was forwarded to the Board in August 2018.

### FINANCIAL INFORMATION

### **Financial Policies**

The County has established comprehensive financial policies supporting the management of its financial resources by providing effective control, prudent decision making and compliance with legal requirements. The policies are broken down in the following categories: Operating Budget/Fund Balance; Asset/Liability Management; and Accounting, Auditing, and Financial Reporting.

A key provision in the Operating Budget/Fund Balance policy has been to fund current expenditures with current resources and strive to avoid balancing the budget with one-time revenues. The County maintains a General Fund unassigned fund balance of no less than 10%, which exceeds the minimum 8% recommended by the Local Government Commission. Additionally, the target goal for total General Fund Balance available will be at least 15% of the budgeted expenditures. The annual appropriation of fund balance should not exceed 3% of budgeted recurring General Fund expenditures. Any General Fund unassigned fund balance that exceeds the 10% target goal may be assigned for one-time future projects.

As part of the Asset Liability Management policies, the County has adopted a Capital Investment and Debt Policy. Under this policy the County has a five-year capital improvements plan (CIP) which projects capital needs, details estimated costs (to include operating), and anticipated funding sources for capital projects. An update of the CIP is presented at the Board of Commissioners annual planning retreat and is included in the annual budget process. The Board of Education (BOE) provides an annual update of its ten year facilities plan to the Board of Commissioners. Debt financing is considered in conjunction with the County's CIP and the BOE's facilities plan.

During fiscal year 2018, the Board of Commissioners added a Capital Investment Fund policy which identifies a funding mechanism to address future County capital facilities needs. The policy was created based on the 2016 initiative to address financial sustainability in planning for future capital needs. Staff worked with financial advisors to develop a financial model that illustrates by funding source how future potential capital needs can be addressed. The model illustrates as debt is retired, funds that had been previously budgeted for debt repayment will be re-assigned for use for future capital needs. This concept of the policy and the model create a dedicated revenue stream that can be used for annual payments on future debt. The newly added policy includes: the budget process for establishing capital expenditure priorities; debt affordability elements; debt modes and pay/go debt ratios; and, establishes a minimum fund balance percentage of 25% of annual debt service on outstanding debt or debt projected to be issued in the model.

### **Ratings**

In July 2017, Standard and Poor's Rating Group affirmed the County's AA+ General Obligation Bond Rating and AA appropriation rating on debt outstanding. The affirmations are a result of the County's very strong budgetary flexibility with available reserves, strong budgetary performance in fiscal year 2016 with slight operating surpluses to the general fund, very strong liquidity, strong management with good financial policies, and a very strong debt and contingent liabilities profile.

In July 2017, Moody's Investor Service affirmed the Aa1 rating of the County's General Obligation Bond debt and the Aa2 rating of outstanding Limited Obligation Bonds and Certificates of Participation. The Aa2 rating reflects the satisfactory legal structure, the essential nature of the pledged assets, and the long-term credit characteristics of the County. The Aa1 General Obligation rating reflects the County's robust tax base with an average socioeconomic profile, anchored by Fort Bragg. The rating reflects the County's strong financial performance, including the maintenance of General Fund balance levels consistently more than 35% of revenues and adopted financial and debt policies which demonstrate prudent and conservative management.

### **Internal Control**

The management of the County of Cumberland is responsible for establishing and maintaining an internal control framework designed to ensure that the assets of the County are protected from loss, theft or misuse and that accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal control framework is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the County's internal controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions in compliance with laws and regulations, contracts and grants.

### **Single Audit**

As a recipient of Federal and State financial assistance, the County is also responsible for ensuring that an adequate internal control structure is in place to assure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management. As part of the County's single audit, tests are made to determine the adequacy of the internal control structure including that portion related to federal and state financial assistance programs, as well as to determine that the County has complied with applicable laws and regulations.

### **Budgeting Controls**

In government, more so than business, the budget is an integral part of a unit's accounting system and daily operations. An annual budget ordinance, as amended by the Board of County Commissioners, creates a legal limit on spending authorizations. For the County of Cumberland, annual budgets are adopted for the General, Special Revenue, Permanent, Proprietary, Capital Projects, Internal Service and Pension Trust Funds. The legal level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amounts) is at the department level for the General Fund, Special Revenue Funds, Permanent Funds and at the fund level for Proprietary and Pension Trust Funds. Expenditures for construction contracts are monitored at the project level for the Capital Project Funds. Any amendments or transfers of appropriation between departments or funds must be authorized by the County Manager's office and approved by the Board of County Commissioners. In addition, the County maintains budgetary controls. The objective of these controls is to ensure compliance with the legal provisions embodied in the annual budget ordinance adopted by the Board of Commissioners. An encumbrance accounting system is used to facilitate effective budgetary control. An encumbrance reserves a portion of an appropriation at the time a commitment is made to acquire goods or services. Open encumbrances are closed out at fiscal yearend and may be re-appropriated with approval of a budget ordinance revision as approved by the Board of Commissioners.

### OTHER INFORMATION

### **Independent Audit**

North Carolina General Statute 159-34 requires an annual audit by independent certified public accountants. The accounting firm of Cherry Bekaert LLP was selected by the Board of Commissioners. In addition to meeting the requirements set forth in the State Statute, the audit was also designed to meet the requirements of the Single Audit Act of 1996 and the State Single Audit Implementation Act. The auditor's unmodified report on the basic financial statements is included in the Financial Section of the Comprehensive Annual Financial Report. The auditor's reports relating specifically to the single audit are presented in the Compliance Section.

#### **Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Cumberland for its comprehensive annual financial report for the fiscal year ended June 30, 2017. This was the twenty-eighth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

### **ACKNOWLEDGEMENTS**

We appreciate the assistance and dedication of the Finance Department and Internal Audit staff throughout the year, especially during the preparation of this CAFR. We would like to thank all members of the Department who contributed to its preparation and the County's independent certified public accountants, Cherry Bekaert LLP, for their assistance and guidance. The cooperation of each County Department is appreciated as we work together in conducting the County's financial operations. We also express our appreciation to the members of the Board of County Commissioners for their continued support, guidance and advice in planning and conducting the financial activities of the County consistent with the County's mission of providing quality services to our citizens while being fiscally responsible.

Respectfully submitted,

### **Report of Independent Auditor**

To the Honorable Members of the Board of County Commissioners Cumberland County, North Carolina

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the County of Cumberland, North Carolina (the "County") as of and for the year ended June 30, 2018 and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Cumberland County ABC Board (the "ABC Board"). Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the ABC Board, is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Fayetteville Area Convention and Visitors Bureau and the ABC Board were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of June 30, 2018, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

### Change in Accounting Principles

As discussed in Note 17 to the financial statements, the County adopted Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, during the fiscal year ended June 30, 2018. As a result, net position as of June 30, 2017 has been restated. Our opinion is not modified with respect to this matter.

### Restatements

As discussed in Note 18 to the financial statements, the County recorded a restatement to reclassify amounts between two governmental funds. As a result, fund balance as of June 30, 2017 for those funds have been restated. The County also recorded a restatement related to the workers' compensation liability based on an actuarial study. As a result, net position as of June 30, 2017 has been restated. Our opinion is not modified with respect to these matters.

### **OTHER MATTERS**

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Required Supplementary Information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplemental and Other Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual fund statements and schedules, other supplemental financial data, statistical section, and the continuing disclosure information section, as well as the accompanying schedule of expenditures of federal and State awards as required by Uniform Guidance and the State Single Audit Implementation Act are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules, other supplemental financial data, and the schedule of expenditures of federal and State awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the procedures described above and the report of other auditors, the combining and individual fund statements and schedules, other supplemental financial data, and the schedule of expenditures of federal and State awards are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

The introductory information, the statistical section, and continuing disclosure information section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or provide any assurance on them.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2018 on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Fayetteville, North Carolina November 30, 2018

Thumy Bellacit LLP

### Introduction

As management of the County of Cumberland, North Carolina (the "County"), we are presenting to the readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2018. We encourage readers to read the information presented here in conjunction with the transmittal letter and the County's financial statements, which follow this narrative.

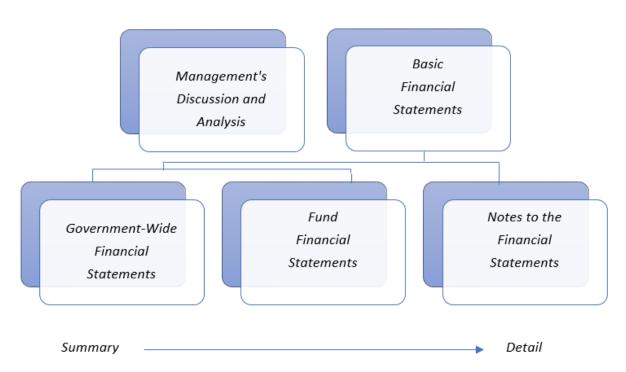

### Financial Highlights

- Assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$30,729,272 (net position).
- In accordance with North Carolina law, liabilities of the County include approximately \$11,526,346 in long-term debt associated with assets belonging to the Cumberland County Board of Education (general obligation bonds). Also, the County has one installment financing agreement with a total balance of \$1,200,000 to pay for the purchase and renovation of a building at Fayetteville Technical Community College. As these assets are not reflected in the County's financial statements and the full amount of the long-term debt is reflected in the County's financial statements, the County reports a corresponding lower net position.
- The County's net position decreased by \$156,960,567 or 83.63% from the previous year. The net position decrease is primarily due to the implementation of Governmental Accounting Standards Board (GASB) Statement No.75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions and the resulting OPEB Liability, \$178,633,092 and the restatement of net position for incurred but not reported claims (IBNR) resulted from a Loss Reserve analysis for fiscal year 2018 in the amount of \$3,328,532.
- During fiscal year 2018, the County implemented an employee reduction in force; the Law Library was closed; and other measures were taken to deliver services in a more cost-effective manner.
- As of the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$154,659,941 an increase of \$17,601,444 or 12.84% from the prior year. Approximately \$72,168,835 of this total amount is restricted, committed or non-spendable.
- During fiscal year 2018 the Board of Commissioners adopted the Capital Investment Fund Policy. The
  Capital Investment Fund (CIF) is the primary fund/mechanism for investment in County capital facilities.
  The CIF will fund the current debt service on capital assets previously acquired by debt issuance and
  will project future resources for facility acquisition. The future acquisition will include debt and pay go
  funded capital assets. The General Fund will continue to contain operational-oriented capital
  investments needed for cost effective County operations (as example, computers, communication
  device and similar capital assets).
- In fiscal year 2018 the County issued \$23,005,000 Limited Obligation Refunding Bonds Series 2017 to provide funds, together with other available funds to advance refund \$24,150,000 of non-general obligation debt.
- In July 2017, Standard and Poor's Rating Group affirmed the County's AA+ General Obligation Bond Rating and AA appropriation rating on debt outstanding. The affirmations are a result of the County's very strong budgetary flexibility with available reserves, strong budgetary performance in fiscal year 2016 with slight operating surpluses to the General Fund, very strong liquidity, strong management with good financial policies, and a very strong debt and contingent liabilities profile. Moody's Investor Service affirmed the Aa1 rating of the County's General Obligation Bond debt and the Aa2 rating of outstanding Limited Obligation Bonds and Certificates of Participation. The Aa2 rating reflects the satisfactory legal structure, the essential nature of the pledged assets, and the long-term credit characteristics of the County. The Aa1 General Obligation rating reflects the County's robust tax base with an average socioeconomic profile, anchored by Fort Bragg. The rating reflects the County's strong financial performance, including the maintenance of General Fund balance levels consistently more than 35% of revenues and adopted financial and debt policies which demonstrate prudent and conservative management.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the County.

## REQUIRED COMPONENTS OF ANNUAL FINANCIAL REPORT Figure 1

### Basic Financial Statements

The first two statements (pages D-1 and D-2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (pages E-1 through E-12) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the fund financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements and 4) the fiduciary fund statements. The next section is the **Notes to the Financial Statements**. The Notes explain in detail some of the data contained in those statements. Following the notes is the **Required Supplemental Information**. This section contains funding information about the County's Pension Obligations, Law Enforcement Officers' Special Separation Allowance and Other Post Employment Benefit Retiree Healthcare Plans. After the Required Supplemental Information is detailed financial information about the County's financial position.

### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide

statements provide short and long-term information about the County's financial status as a whole. The government-wide financial statements are on pages D-1 and D-2.

- 1. The Statement of Net position presents information on all of the County's assets and deferred outflows of resources and the total liabilities and deferred inflows of resources, with the difference between the two reported as net position. Measuring net position is one way to gauge the County's financial condition.
- 2. The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. This statement accounts for all of the year's revenues and expenses without regard as to when cash is received or paid. All changes in net position are reported as soon as the underlying event giving rise to the change occurs. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities and 3) component units.

Governmental activities - Governmental activities are those functions of the County that are principally supported by taxes and intergovernmental revenues. Governmental activities include most of the County's basic services such as General Government, Public Safety, Economic and Physical Development, Human Services, Cultural and Recreational, Education and Interest on long-term debt.

Business-type activities - Business-type activities are intended to recover all or a significant portion of their costs through user fees and charges. These include Solid Waste Management, Cumberland County Crown Complex, Kelly Hills Water and Sewer District, NORCRESS Water and Sewer District, Southpoint Water and Sewer District and Overhills Park Water and Sewer District.

Component Units - Although legally separate from the County, the Cumberland County ABC Board is important to the County because the County is financially accountable for the Board by appointing its members and because the Board is required to distribute its profits to the County. The Eastover Sanitary District, although legally separate, is included because exclusion would be misleading to the reporting unit. The Fayetteville Area Convention and Visitors Bureau is a non-profit organization that provides services to promote the development and expansion of travel and tourism. A voting majority of the bureau's 11-member board of directors is appointed by the County. The Cumberland County Tourism Development Authority exists to promote travel, tourism, conventions, sponsor tourist-related events, and finance tourist-related capital projects in the County. A voting majority of the 7-member Board of Directors is appointed by the County. The Fayetteville Cumberland County Economic Development Corporation promotes economic development activity within the area. The Cumberland County Commissioners and the Fayetteville City Council provides for the membership of the Corporation, including members' terms of office and for the filling of vacancies. Both entities contribute to the funding of the Corporation. Cumberland County is the fiscal agent for the corporation and does so through an in-kind contribution.

### Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. The fund financial statements provide more detailed information about the County's most significant activities.

**Governmental Funds** – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. However, unlike the governmental-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable

resources, as well as on balances of spendable resources available at the end of the fiscal year. Most of the County's basic services are accounted for in governmental funds. Governmental funds are reported using an accounting method called *modified accrual accounting*, which provides a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The County maintains 20 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund. Data from the other 19 governmental funds are combined into a single, aggregated presentation under other governmental funds.

The County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the Statement of Revenues, Expenditures, and Changes in fund balance. The statement shows four columns: 1) the original budget as adopted by the Board; 2) the final budget as amended by the Board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. A more detailed budgetary comparison schedule elsewhere in this report is presented at the legal level of budgetary control.

**Proprietary Funds** – The County has two types of proprietary funds. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its Crown Center Complex activity, Solid Waste operations and five water and sewer districts. These funds are the same as those shown in the business-type activities in the Statement of Net Position and the Statement of Activities. *Internal Service Funds* account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost reimbursement basis. The County has five Internal Service Funds.

**Fiduciary Funds** – Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Six agency funds comprise the County's fiduciary funds.

### Notes to the Financial Statements

The information reported in the notes to the financial statements provides additional information that is essential to a complete understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page F-1 of this report.

### Other Financial Information

In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information regarding the County's progress in funding its obligation to provide pension benefits, provide a separation allowance to sworn law enforcement officers and other postemployment health care benefits to its retirees and their dependents. Required supplementary information can be found beginning on page G-1 of this report.

### Government-Wide Financial Analysis

The following summarizes Net Position (Deficit) at June 30,2018 and 2017.

## NET POSITION Table 1

	Governmental Activities		Business-type Activities		Total	
	2017	2018	2017	2018	2017	2018
ASSETS						
Current and other assets	\$ 167,385,280	\$ 190,438,314	\$ 61,611,098	\$ 55,409,858	\$ 228,996,378	\$ 245,848,172
Capital assets	200,139,303	194,037,900	62,097,812	69,956,865	262,237,115	263,994,765
Total Assets	367,524,583	384,476,214	123,708,910	125,366,723	491,233,493	509,842,937
Deferred outflows of resources	29,365,766	26,893,264	2,145,305	1,888,255	31,511,071	28,781,519
LIABILITIES						
Long-term liabilities outstanding	268,340,236	406,767,936	44,241,651	46,862,544	312,581,887	453,630,480

Total Liabilities	285,620,228	429,703,388	47,357,465	49,269,181	332,977,693	478,972,569
Deferred inflows of resources	1,916,309	28,057,570	160,723	865,045	2,077,032	28,922,615
NET POSITION						
Net investments in capital assets	163,004,686	161,369,905	37,152,240	46,331,906	200,156,926	207,701,811
Restricted	66,301,394	75,001,538	10,374,109	3,759,889	76,675,503	78,761,427
Unrestricted	(119,952,268)	(282,762,923)	30,809,678	27,028,957	(89,142,590)	(255,733,966)
Total Net Position (Deficit)	\$ 109,353,812	\$ (46,391,480)	\$ 78,336,027	\$ 77,120,752	\$ 187,689,839	\$ 30,729,272

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of resources of the County, Table 1, exceeded liabilities and deferred inflows of resources by \$30,729,272 as of June 30, 2018. The County's net position decreased by \$156,960,567 for the year ending June 30, 2018 compared with the prior year. The total liabilities increased by \$145,994,876. The implementation of GASB statement No. 75 required the County to adjust beginning total OPEB liability and record the effects on net position of benefit payments and administrative expenses paid by the County related to OPEB during the measurement period. The impact was an increased liability of \$178,633,092. Of total net position, one of the largest portions, \$207,701,811, reflects the County's investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the County's net position, \$78,761,427, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position results from debt financing related to school assets.

Consistent with many other counties in the State of North Carolina, the County's *unrestricted net position* deficit is primarily due to the portion of the County's outstanding debt incurred for the County Board of Education (the "school system") and Fayetteville Technical Community College (FTCC). Under North Carolina law, the County

is responsible for providing capital funding for the school systems. The County has chosen to meet its legal obligation to provide the school systems capital funding by using a mixture of County funds and general obligation and non obligation debt. The assets funded by the County, however, are owned and utilized by the school systems. Since the County, as the issuing government, acquires no capital assets, the County has incurred a liability without a corresponding increase in assets. At the end of the fiscal year, approximately \$13,270,104 of the outstanding debt on the County's financial statements is related to assets included in the school systems' and FTCC's financial statements. However, a portion of the school system related debt is general obligation debt; it is collateralized by the full faith, credit, and taxing power of the County. Accordingly, the County is authorized and required by State law to levy ad valorem taxes, without limit as to rate or amount, as may be necessary to pay the debt service on its general obligation bonds. Principal and interest requirements will be provided by an appropriation in the year in which they become due.

Restatement OPEB	05 705 577	(174,789,601)	70.070.000	(3,843,491)	470 400 007	(178,633,092)
Net position - beginning as restated	95,705,577	(68,764,321)	72,878,232	74,492,536	176,403,697	5,728,215
Net postion - ending	\$ 109,353,812	\$ (46,391,480)	\$ 78,336,027	\$ 77,120,752	\$ 187,689,839	\$ 30,729,272

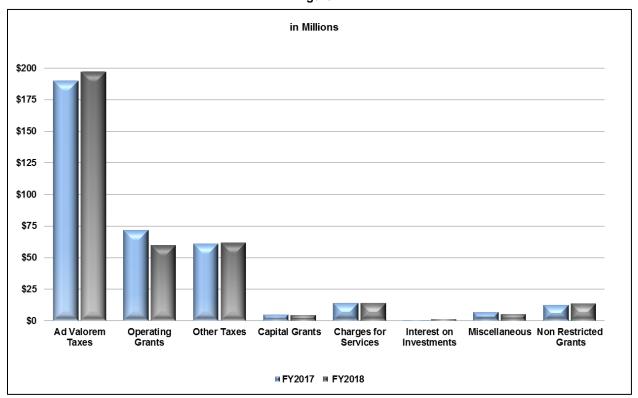

Several particular aspects of the County's financial operations, Table 2, influenced the total unrestricted governmental activities net position:

- Continued diligence in the collection of current year property taxes by achieving a collection percentage of 99.19% for real and personal property.
- The County continues to exercise fiscal discipline and strong management controls in managing the
  operating budget throughout the fiscal year. The County's unassigned fund balance level provides a
  financial cushion to accommodate unforeseen expenses that may occur for any reason during the fiscal
  year.

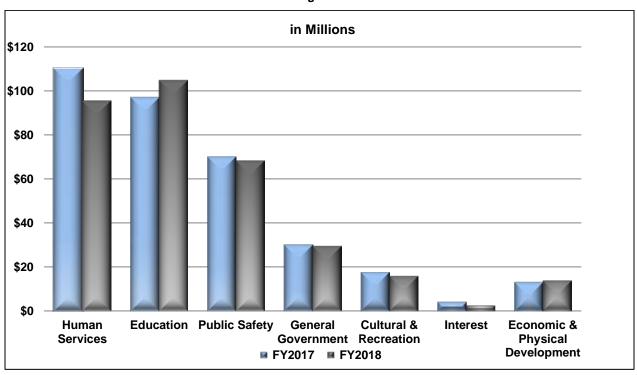

- Operating grants and contributions decreased by \$12,222,029 to \$59,598,392 from the previous year.
   This decrease is primarily due the implementation of Direct Subsidized Child payments through NC Fast during the fiscal year.
- Gain on sale of assets increased primarily due to sale of four (4) pieces of property sold in Cedar Creek Industrial Park for the amount of \$1,083,825.
- Expenses were \$12,387,335 less in fiscal year 2018 than in the previous fiscal year. There was a direct
  correlation between the reduction in revenue and expenditures and the reduction in the State or Federal
  matching for the programs.

(continued on next page)

# GOVERNMENTAL ACTIVITIES REVENUE Figure 2

# GOVERNMENTAL ACTIVITIES EXPENDITURES Figure 3

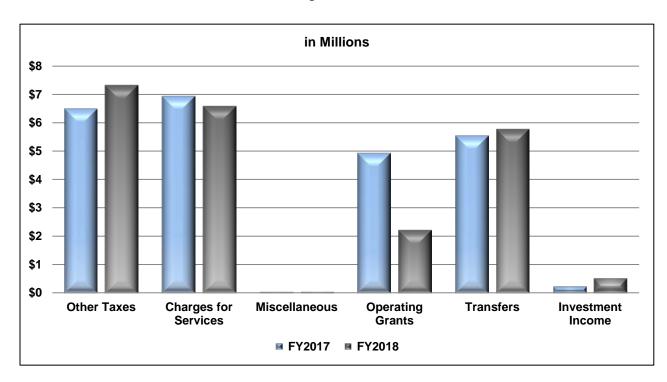

\_\_\_\_\_

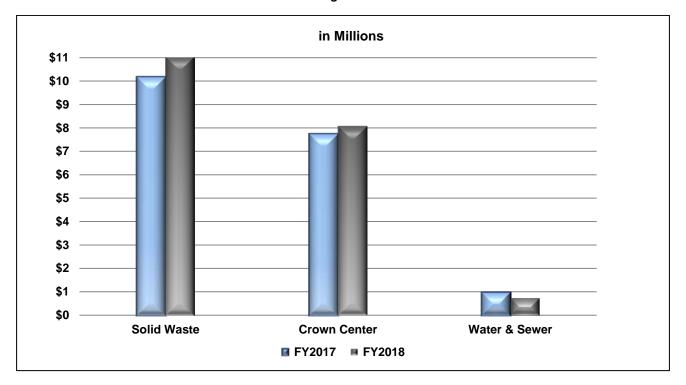

**Governmental Activities**. Governmental activities decreased the County's net position by \$155,745,292 or 142.42%. Key elements of this decrease are as follows: (See Figures 2 and 3)

- The implementation of Governmental Accounting Standards Board (GASB) Statement No.75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions and the resulting OPEB Liability, \$174,789,601.
- The restatement of beginning net position in the amount of \$3,328,532 as a result of IBNR Loss Reserve analysis for fiscal year.
- Despite the decrease in net position there was an increase in tax collections to a 99.19% collection rate.
- Total program revenues decreased by \$12,788,306 from the previous year. This decrease is primarily
  due to the implementation of Direct Subsidized Child payments through NC Fast during the fiscal year.
  There was a direct correlation between the reduction in revenue and expenditures and the reduction in
  State or Federal matching for the programs.
- Ad valorem taxes increased by \$7,462,207. Both real and personal property tax revenues increased during the year. Motor vehicle tax collections and a slight tax base increase along with a high collection rate contributed to the increase.
- Sales tax revenue shows only a slight increase of \$757,848 or 1.45% as the local economy continues to show moderate growth.

# BUSINESS-TYPE REVENUE Figure 4

# BUSINESS-TYPE EXPENSES Figure 5

**Business-type activities**: Business-type activities, (Figures 4 and 5) decreased the County's net position by \$1,215,275.

Key elements of this decrease are as follows:

- The net position decreased primarily due to the implementation of Governmental Accounting Standards Board (GASB) Statement No.75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions and the resulting OPEB Liability. The total beginning net position as restated was reduced by \$3,843,491.
- The Solid Waste's net position decreased by \$5,037,253. Of this amount \$5,321,796 was the result of beginning net position restatement related to GASB No. 75 and \$284,543 was an increase in net position from fiscal year 2018 operations.
- The Crown Center's net position increased to \$25,399,042. The County extended the agreement with a
  private management firm to manage the Crown Center operations. The agreement has been in place
  since 2013.
- The Kelly Hills Water and Sewer District had a decrease in net position of \$28,074 as a result of expenses exceeding revenues.
- The Norcress Water and Sewer District had a decrease in net position of \$248,585 to \$5,417,859. The primary reason for this decrease is an increase in repair and maintenance expenses related to an ongoing project related to a sewer line clean up.
- The Southpoint Water and Sewer district had an increase in net position of \$15,872 to \$457,115.

- The Overhills Park Water and Sewer District had an increase in net position of \$1,464,617 to \$2,918,486. The District was the recipient of a Rural Development Grant from the United States Department of Agriculture (USDA) for construction in fiscal year 2017.
- The Bragg Estates Water and Sewer District Fund had an unchanged net position of \$50,000.

# Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, assigned and unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the governmental funds of Cumberland County **(page E-1)** reported a combined fund balance of \$154,659,941 an increase of \$17,601,444 or \$12.84% from fiscal year 2017. The unassigned fund balance of \$51,846,480 or 33.52% which is not restricted, committed or assigned for specific purposes. Another \$30,644,626 or 19.81% is assigned for specific purposes: \$10,845,56 - for subsequent years' expenditures; \$4,406,300 - for tax software; \$4,000,000 - for economic development incentives; \$10,583,825 - for capital investment fund; \$809,045 - for special purposes. Committed fund balance totals \$11,724,827 or 7.58% and includes: \$1,877,327 for tax revaluation per state statute, \$8,090,585 for capital investment fund and another \$1,756,915 for LEOSSA pension obligation. Non-spendable fund balance accounts for another \$161,368 or 0.11% for inventories and pre-paids. The remainder of fund balance, \$3,952,885 or 38.98% is restricted to indicate that it is not available for general purposes because it is legally restricted or has been contractually committed. As of June 30, 2018, the non-major governmental funds of the County reported a combined fund balance of \$13,965,780 an increase of \$631,612 from last year.

The General Fund, including the consolidated County School Fund and Capital Investment Fund, is the primary operating fund of Cumberland County (page E-1). At the end of the current fiscal year, unassigned fund balance of the General Fund is \$53,191,505; assigned and committed fund balance is \$38,971,192 while total fund balance is \$140,694,161.

As a measure of the General Fund's liquidity, it may be useful to compare three different measures of fund balance to total fund expenditures. The Governing Body of the County has adopted a policy that the County should maintain an unassigned fund balance of at least 10% of General Fund expenditures. In addition, their policy recommends that both assigned and unassigned fund balances should be at least 15% in case of unforeseen needs, to meet the cash flow needs of the County or to take advantage of opportunities that might arise. Currently, unassigned fund balance represents 17.04% of total General Fund expenditures adjusted for transfers. Available fund balance which includes unassigned, assigned and committed fund balance is 29.53% while total fund balance represents 45.08% of that same amount.

Total General Fund actual revenues including a legally budgeted County School Fund and Capital Investment Fund but excluding other financing sources **(page E-3)** was \$328,392,555 a decrease of \$3,593,532 or 1.08% from last year. Highlights of significant areas of change include:

- Ad valorem property tax revenues increased by \$8,254,537 to \$184,785,591, which is a reflection of the increase in ad valorem tax collection rate to a 99.19%.
- Other taxes increased by \$702,772 or 1.30% to \$54,841,512.

- Restricted Intergovernmental revenue decreased by \$12,289,480 or 18.16% to \$55,372,235. This
  decrease is primarily due the implementation of Direct Subsidized Child payments through NC Fast
  during the fiscal year.
- Licenses and permit revenue decreased by \$52,025 or 2.05% to \$2,481,724.
- Charges for services has slightly increased by \$35,291 or 0.32% to \$11,143,275.
- Investment income on idle funds for the General Fund increased by \$651,673 or 146.17% to \$1,097,518.
   This change is based on market increases as a result of positive economic growth and an increasing rate of return. The County's capacity to increase their portfolio is also a significant reason for the growth of investment income increasing.

General Fund actual expenditures including a legally budgeted County School Fund and Capital Investment Fund, but excluding other financing uses and transfers was \$312,105,755 decreasing by \$10,358,016 or 3.21% from last year. Highlights of significant areas of change include:

- The decrease in total expenditures is reflective of the management's proactive strategy of monitoring spending across County departments to ensure compliance with the budget.
- Personnel costs were lower as a result of a high rate of position vacancies throughout the County.
- During fiscal year 2018, the County implemented an employee reduction in force, closed the Law library, and adopted other measures that allowed for delivery services in the most cost-effective manner.

**General Fund Budgetary Highlights**: The General Fund, for budgetary comparisons, excludes the legally budgeted County School Special Revenue Fund and Capital Investment Fund **(page E-5)**. During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of four categories: 1) amendments to appropriate fund balance for encumbrances from the prior year; 2) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 3) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 4) increases in appropriations that become necessary to maintain services. Total amendments to the General Fund increased revenue by \$4,511,035 or 1.46% of total budget. At year-end, actual General Fund revenues and transfers-in fell short of the final amended budget by \$1,533,706. Actual General Fund expenditures and transfers out were less than final amended budget by \$16,601,955.

- Budgeting of Fund Balance A total of \$8,889,652 of fund balance was originally budgeted in fiscal year 2018. During the fiscal year, fund balance reapproriations were requested for contracts and purchase orders in which projects were not completed in fiscal year 2017 and were on-going in fiscal year 2018. In April 2018, the Board of Commissioners approved the Capital Investment Fund Policy and the transfer of certain assigned fund balances to the Capital Investment Fund. The budget amendment was for \$6,765,647; from that amount \$4,398,280 was for Water & Sewer industrial expansion; \$867,367 for renovations and maintenance and \$1,500,000 for technology upgrades.
- Restricted intergovernmental revenue This category which includes federal and state funding fell short of revised budget by \$8,663,925. The majority of the shortfall correlated with expenditures below budget in the Human Services functional areas as revenues in those areas are dependent upon incurred expenditures. Unexpended grant funds at year-end were re-appropriated to fiscal year 2019 to allow expenditure of these funds. Many of the adjustments from the original budget are caused by timing issues from the State not setting their funding levels until after the County has adopted its budget.
- Other financing sources (uses) amendments Budget sources increased by \$9,269,967 in appropriated fund balance and \$23,005,000 in proceeds from refunding bonds. Budget uses increased by \$8,135,518

for transfers out and \$27,245,984 for payments to escrow agents. These accounted for the majority of the \$1,433,757 net change.

Total actual revenues for the General Fund, excluding the County School Capital Fund, Capital Investment Fund and other financing sources, were \$312,772,361, which was less than final budgeted amount by \$1,438,778, (page E-5).

- Ad Valorem taxes collected exceeded the budget by \$3,034,306 or 1.67%. This was due to conservative budget estimates and higher than expected tax collections for both real property and motor vehicles.
- Other taxes: Total other taxes exceeded the budget by \$285,040 or 0.66% above budget. Sales tax collections and the real estate transfer taxes accounted for the increase.
- Unrestricted intergovernmental revenues were above budget by \$1,563,895 or 14.08%.
- Restricted intergovernmental revenues fell short of the revised budget by \$8,663,925 or 14.34%. This
  decrease is primarily due the implementation of Direct Subsidized Child payments through NC Fast
  during the fiscal year. As stated earlier, unexpended grant funds at year-end were re-appropriated to
  fiscal year 2019 to allow expenditure of these funds.
- *Licenses and permit* fees were \$578,724 or 30.42% above budget due to over realization of Register of Deeds and Inspections fees.
- Sales and services fees exceeded the budget by \$1,041,058 to \$11,143,275 or 10.31%. This overall increase was spread over several different revenue sources.
- *Miscellaneous revenue* was \$64,297 or 1.32% above budget to \$4,950,634. The main contribution to this increase was that Petsmart Charities revenue was more than 420% above budget.

Total actual expenditures (page E-5), excluding the County School Fund, Capital Investment Fund and other financing uses, were less than the budgeted amount by \$25,576,569 resulting in an expenditure rate of 92.17%. This is a slight decrease of 1.78% compared to the prior year. In general, variances usually result from conservative budget practices such as, budgeting fully for positions in most departments; the need to allow for fluctuation in Human Services, grant programs and management's efforts to maintain statutory compliance in keeping expenditures under the budget amounts. This is also attributed to management's commitment to effectively manage the operating budget by encouraging departments to reduce non-essential expenditures.

- *Personnel* expenditures, due to turnover and unfilled positions, were \$10,426,103 less than budgeted for an expenditure rate of 92.27%.
- Basic operating expenditures were less than budget to include the following: Contracted services in the
  amount of \$3,392,472; maintenance and repairs in the amount of \$1,005,068; utilities in the amount of
  \$604,003; miscellaneous expenses in the amount of \$56,046, among others.
- Other financing sources (uses) were \$14,305,822 under budget. The County issued \$23,005,000 Limited Obligation Refunding Bonds Series 2017 to provide funds together with other available funds, to advance refund \$24,150,000 of non-general obligation debt.

**Proprietary Funds**. The County's Proprietary Funds (pages E-7 and E-8) provide the same type of information found in the government-wide statements but in more detail. They include seven enterprise funds and five internal service funds. The Solid Waste Fund had a net position of \$40,788,659. The Crown Center Fund had a net position of \$25,399,042. The other five enterprise funds, (water and sewer funds), had a combined net position of \$10,933,051. The expenses for Solid Waste and Crown Center fund slightly increased by \$865,082 and \$433,983, respectively. The five internal service funds had a combined net position of \$8,251,187. The

majority of the increase is from an increase in net position of the Group Insurance Fund of \$1,172,816. The increase in net position in the Group Insurance Fund was the result of contributions being slightly higher that the overall operating expenses.

# Capital Asset and Debt Administration

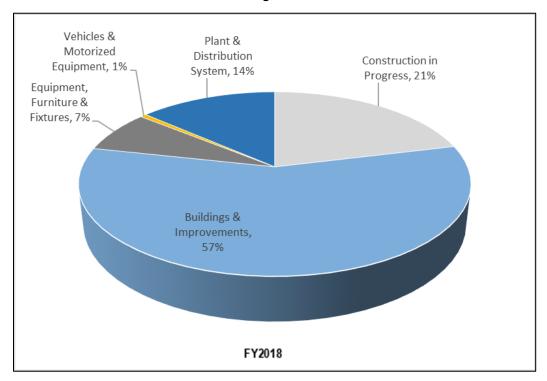

**Capital Assets.** The County's capital assets, Table 3, for its governmental and business–type activities as of June 30, 2018, totals \$263,994,765 (net of accumulated depreciation). Capital assets include land, buildings and improvements, vehicles and heavy equipment, furniture, machinery, and other equipment, plant and distribution system, and construction in progress. Capital assets are reported in the government-wide financial statements and in the enterprise fund financial statements. Governmental funds treat capital acquisitions as expenditures in the period in which they are purchased. Major capital transactions during the year include: purchase of vehicles; purchased various office equipment's for day to day operations. Additional information on the County's capital assets can be found in Note #4 in the Notes to the Financial Statements. (See figure 6 and 7 for current fiscal year distribution).

**Long-Term Debt**. As of June 30, 2018, Cumberland County had total bonded debt outstanding of \$13,527,758; of this amount \$12,473,758 is backed by the full faith and credit of the County and \$1,054,000 is USDA GO Bonds. The County's total debt, Table 4, increased by \$141,048,593. The primary reason for the increase is mainly due to the implementation of GASB 75, OPEB and net pension liabilities. Additional information regarding the County's long-term debt can be found in Note #9 in the Notes to the Financial Statements. (Figure 8, current fiscal year distribution).

# OUTSTANDING DEBT Figure 8

# Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect changes in the local economy as the County continues to rebound from the most recent recession:

- Ad valorem current year tax collections rate for real and personal property slightly increased from 98.72% to 99.19%.
- Changes in taxable sales for the County over the past years have been: fiscal year 2018, .22%; fiscal year 2017, 4.97%; fiscal year 2016, 4.22%; and fiscal year 2015, 5.24%.
- The locally generated gross sales tax collection for the County increased 1% from last fiscal year.
- The County-wide Ad Valorem tax rate and levy will remain at 79.9 cents per \$100 valuation.
- The Special Recreation tax rate and levy will remain at 5.0 cents per \$100 valuation.
- The County unemployment rate as June 30 was 5.4%.

These factors, as well as others, were considered when management prepared the County's budget ordinances for fiscal year 2019.

# Budget Highlights for the Fiscal Year Ending June 30, 2019

The County approved a \$316,984,396 General Fund budget, excluding the legally adopted County School Fund and the Capital Investment Fund for fiscal year 2019, which represents a \$6,638,465 or 2.06% decrease over the past fiscal year adopted budget.

- Ad Valorem Taxes for fiscal year 2019 were budgeted at \$182,103,000, an increase of \$3,720,596 or 3% over the fiscal year 2018 adopted budget. Of that, motor vehicle tax collections are anticipated to reach \$18,326,000 under the Tax and Tag Together initiative. The County-wide ad valorem tax rate remains at 79.9 cents per \$100 valuation for fiscal year 2019.
- Sales Taxes are budgeted at \$42,625,774, an increase of \$865,738 or 2.08% from fiscal year 2018.
- Unrestricted Intergovernmental revenue is budgeted at \$11,246,891 which is a 1.26% increase from original budget from fiscal year 2018. The primary reason for this increase is the increase in municipal sales tax hold harmless reimbursements related to a higher projection of overall sales tax collections.
- The budget for fiscal year 2019 includes a 3% cost of living increase for all permanent full-time and part time employees who are on active status as of July 1, 2018.
- Restricted Intergovernmental revenue has been budgeted at \$50,803,013 a decrease of \$5,389,471 from fiscal year 2017. The main reason for the decrease is due the Implementation of Direct Subsidized Child payments through NC Fast.
- Charges and Services are projected to experience an increase of \$301,983 or 2.52% from fiscal year 2018 adopted budget to \$12,292,581 in fiscal year 2019.
- Miscellaneous Revenue has been budgeted at \$5,745,715, an increase of 9.62 % from the final budget from fiscal year 2018. The primary reason for this increase is revenue for land leased.

Budgeted expenditures in the General Fund, excluding the legally adopted County School Fund and Capital Investment Fund are \$316,984,396 which represents a \$6,638,465 or 2.06% decrease over the past fiscal year adopted budget.

- Personnel expenditures includes a total of 19 new positions, which represents an annual net cost of \$932,590.
- *Public Safety* expenditures has been budgeted to increase by \$3,694,577. This increase includes new positions and additional funding for operational expenditures.
- Education Expenditures for the fiscal year have been budgeted at \$92,457,009. This amount has been increased by \$686,891 as a result of mediation with the Board of Education. The budget amount will be amended in fiscal year 2019 because the mediation and agreement occurred after adoption of the budget.
- Capital Outlay expenditures includes a total of 27 new vehicles budgeted in the amount of \$1,145,237. Also includes \$625,177 for maintenance and renovations.
- Debt Service payments now will be included in the Capital Investment Fund.

# Requests for Information

This report is designed to provide an overview of the County's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Finance Director, Cumberland County, 117 Dick Street, Fayetteville, NC 28301. You can also call 910-678-7753 or visit our website www.co.cumberland.nc.us.

# **Notes to the Financial Statements (continued)**

June 30, 2018

# Note 1 - Summary of Significant Accounting Policies

The accounting policies of the County of Cumberland, North Carolina ("the County") and its discretely presented component units conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant accounting policies:

# A - Reporting Entity

The County, which is governed by a seven-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by accounting principles generally accepted in the United States of America, these financial statements present the County and its component units, legally separate entities for which the County is financially accountable.

There are two methods for reporting component units in the financial statements of the primary government: discrete presentation and blending. Discrete presentation means that data will be presented in one or more separate columns to the right of the primary government data columns. Blending means that the component unit's financial data is reported as though the unit is part of the primary government. If the units provide services or benefits exclusively, or almost exclusively, to the primary government, or if the component units and the primary government have "substantively identical boards," the legally separate component units should be incorporated by blending. If the units do not meet these criteria, their data should be incorporated by discrete presentation.

Based on evaluating these characteristics, the following is a brief review of the component units in the County's reporting entity:

## **Blended Component Units**

NORCRESS Water and Sewer District, Kelly Hills Water and Sewer District, Southpoint Water and Sewer District, Overhills Park Water and Sewer District, and Bragg Estates Water and Sewer District (the "Water & Sewer Districts") exist to provide and maintain a sanitary sewer system for the county residents within those districts. The Water and Sewer Districts, which have June 30 year-ends, are considered proprietary funds of the County and adopt budgets on an annual basis. The Water and Sewer Districts are included as enterprise funds.

#### **Discretely Presented Component Units**

Cumberland County Industrial Facility and Pollution Control Financing Authority (the "Authority") exists to issue and service revenue bond debt of private businesses for economic development purposes. The Authority has no financial transactions or account balances; therefore, it is not presented in the basic financial statements. Cumberland County Finance Corporation ("the Corporation"), a North Carolina non-profit corporation, exists to issue obligations pursuant to Internal Revenue Service Revenue Ruling 63-20 and Internal Revenue Service Revenue Procedure 82-26. The Corporation has no financial transactions or account balances; therefore, it is not presented in the basic financial statements.

The Cumberland County Board of Alcoholic Beverage Control (the "ABC Board"), which has a June 30 year-end, is presented as if it were a proprietary fund. Eastover Sanitary District (the "District"), which has a June 30 year-end, is presented as if it were a proprietary fund.

The Fayetteville Area Convention and Visitors Bureau, Inc. (the "Bureau"), which has a June 30 year-end, is a non-profit organization. The Cumberland County Tourism Development Authority (the "TDA") exists to promote travel, tourism, and conventions in the County, sponsor tourist-related events and activities in the County, and finance tourist-related capital projects in the County. The Cumberland County Board of Commissioners provides for membership of the Authority, including members' terms of office and for the filling of vacancies. The County is able to impose its will on the TDA because it has the ability to modify the rate affecting revenue as it is authorized to levy a room occupancy tax of up to 3% of the gross receipts. The TDA is presented as if it were a proprietary fund. The Fayetteville Cumberland County

# **Notes to the Financial Statements (continued)**

# June 30, 2018

Economic Development Commission (the "FCEDC") was formed on January 1, 2016 as a 501(c)6 organization with Cumberland County and the City of Fayetteville taking the lead to create its initial structure and funding. The two entities fund economic development activities substantially equivalent during the fiscal year. The FCEDC Board of Directors is comprised of private sector, city sector and county sector representatives as well as ex-officio members.

Component Unit	Reporting Method	Criteria for Inclusion	Separate Financial Statements
NORCRESS Water and Sewer District	Blended	Under State law [NCGS 162A-89], the County's board of commissioners serve as the governing board for the District. The County also provides financial benefits to the District and maintains operational responsibility.	None issued.
Kelly Hills Water and Sewer District	Blended	Under State law [NCGS 162A-89], the County's board of commissioners serve as the governing board for the District. The County also provides financial benefits to the District and maintains operational responsibility.	None issued.
Southpoint Water and Sewer District	Blended	Under State law [NCGS 162A-89], the County's board of commissioners serve as the governing board for the District. The County also provides financial benefits to the District and maintains operational responsibility.	None issued.
Overhills Park Water and Sewer District	Blended	Under State law [NCGS 162A-89], the County's board of commissioners serve as the governing board for the District. The County also provides financial benefits to the District and maintains operational responsibility.	None issued.
Bragg Estates Water and Sewer District	Blended	Under State law [NCGS 162A-89], the County's board of commissioners serve as the governing board for the District. The County also provides financial benefits to the District and maintains operational responsibility.	None issued.
Cumberland County Industrial Facility and Pollution Control Financing Authority	Discrete	The Authority is governed by a seven-member board of commissioners that is appointed by the county commissioners. The County can remove any commissioner of the Authority with or without cause.	None issued.
Cumberland County Finance Corporation	Discrete	The Authority is governed by a seven-member board of commissioners that is appointed by the county commissioners. The County can remove any commissioner of the Corporation with or without cause.	None issued.
Cumberland County Board of Alcoholic Beverage Control	Discrete	The members of the ABC Board's governing board are appointed by the County. The ABC Board is required by State statute to distribute its surpluses to the General Fund of the County.	Cumberland County ABC Board 1705 Owen Drive Fayetteville, NC 28304
Eastover Sanitary District	Discrete	The District is considered to be fiscally dependent upon the County such that excluding the entity would cause the County's statements to be incomplete.	Included in the County's financial statements.
Fayetteville Area Convention and Visitors Bureau, Inc.	Discrete	A voting majority of the Bureau's 11-member board of directors is appointed by the County. In addition, the County levies the occupancy tax which is the major source of revenue for the Bureau.	Fayetteville Area Convention and Visitors Bureau 245 Person Street Fayetteville, NC 28301
Cumberland County Tourism Development Authority	Discrete	The Cumberland County Board of Commissioners provides for membership of the Authority, including members' terms of office and for the filling of vacancies. The County is able to impose its will on the TDA because it has the ability to modify the rate affecting revenue as it is authorized to levy a room occupancy tax of up to three percent (3%) of the gross receipts.	Included in the County's financial statements.
Fayetteville Cumberland County Economic Development Corporation (FCEDC)	Discrete	The Cumberland County Board of Commissioners and the Fayetteville City Council provides for membership of the Corporation, including members' terms of office and for the filling of vacancies. Both entities contribute to the funding of the Corporation equally. Cumberland County is the fiscal agent for the Corporation and does so by an in-kind contribution.	Fayetteville Cumberland County Economic Development Corp. 201 Hay Street Fayetteville, NC 28301

# **Notes to the Financial Statements (continued)**

June 30, 2018

# B - Basis of Presentation - Basis of Accounting

#### **Basis of Presentation**

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The County reports the following major governmental funds:

General Fund. This fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The County School Fund and the Capital Investment Fund are both legally adopted budgeted funds under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54, both are consolidated into the General Fund.

The County reports the following nonmajor governmental funds:

Special Revenue Funds. Special Revenue Funds account for specific revenue sources that are legally restricted to expenditures for specific purposes. The County reports the following Special Revenue Funds: Prepared Food and Beverage Fund; Emergency Telephone Fund; Workforce Development Fund; Recreation Fund; Juvenile Crime Prevention Fund; Transportation Fund; Flea Hill Drainage District Fund; Community Development Fund; Fire Protection Fund; Federal Drug Justice Fund; Federal Forfeiture Fund; North Carolina Controlled Substance Fund; Injured Animal Stabilization Fund; and the Inmate Welfare Fund.

Capital Project Funds. Capital Project Funds account for financial resources to be used for the acquisition or construction of governmental capital assets. The County reports the following Capital Project Funds: Cultural and Recreation Fund, Winding Creek Fund and Governmental Fund.

# **Notes to the Financial Statements (continued)**

# June 30, 2018

Cemetery Permanent Fund. The Cemetery Permanent Fund is used to account for perpetual care of the County owned cemetery.

The County reports the following major enterprise funds:

Cumberland County Solid Waste Fund. This fund accounts for the operation, maintenance, and development of various landfills and disposal sites.

Cumberland County Crown Center Fund. This fund accounts for the operations of the Crown Arena, the Crown Theatre, the Crown Exposition Center and the Crown Coliseum. As of November 2013, Global Spectrum has been managing operations on the County's behalf.

Kelly Hills Water and Sewer District Fund. This fund accounts for the water and sewer operations for the district.

NORCRESS Water and Sewer District Fund. This fund accounts for the water and sewer operations for the district.

Southpoint Water and Sewer District Fund. This fund accounts for the water and sewer operations for the district.

Overhills Park Water and Sewer District Fund. This fund accounts for the sewer operations for the district.

Bragg Estates Water and Sewer District Fund. This fund accounts for the sewer operations for the district.

The County reports the following fund types:

Internal Service Funds. The County has a Group Insurance Fund, Employee Flexible Benefit Fund, Workers' Compensation Fund, General Litigation Fund, and a Vehicle Insurance Fund. These funds are used to account for the financing services provided by one department or agency to other departments or agencies of the County on a cost reimbursement basis.

Agency Funds. Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the County holds on behalf of others. The County maintains the following agency funds: the City Tax Fund, which accounts for funds that are billed and collected by the County for various municipalities and special districts within the County but that are not revenues to the County; the Payee Account Fund, which accounts for moneys deposited with the Department of Social Services for the benefit of certain individuals; the Inmate Payee Fund, which accounts for funds held by the County on behalf of inmates of the County jail; the Intergovernmental Custodial Fund, which accounts for various legal fines and forfeitures that the County is required to remit to Cumberland County Board of Education; the Stormwater Utility Fund, which accounts for monies collected in connection with the joint storm water utility agreement with the City of Fayetteville; and, the Vehicle Interest Fund, which consists of the 3% penalty interest fee collected by the County for delinquent motor vehicle taxes of prior years, that will be distributed to various municipalities within the County.

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary, and Fiduciary Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement focus. The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include

# **Notes to the Financial Statements (continued)**

June 30, 2018

property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Since September 1, 2013, the State of North Carolina has been responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. These property taxes are due when vehicles are registered. Motor vehicle property tax revenues are applicable to the fiscal year in which they are received. Uncollected taxes that were billed by the County for periods prior to September 1, 2013 or those for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the beer and wine tax, collected and held by the State at year-end on behalf of the County are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

# C - Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the general, the special revenue, the permanent, the enterprise funds, and the internal

## **Notes to the Financial Statements (continued)**

June 30, 2018

services funds. The budget ordinance is balanced when the sum of estimated net revenues and appropriated fund balance is equal to appropriations. All annual appropriations lapse at the fiscal year end. Multi-year capital project funds are approved via a balanced project ordinance for the life of the project.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level for the general, special revenue, and permanent funds, at the fund level for the enterprise and internal service funds, and at the fund level for the capital project funds. The County Manager is authorized by the budget ordinance to transfer appropriations between functional areas within a department; however, any revisions that alter total expenditures of any fund or that alter revenues or relate to creating new positions must be approved by the governing board. During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

A budget calendar is included in the North Carolina General Statutes, which prescribes the last day on which certain steps of the budget procedure are to be performed. The following schedule lists the tasks to be performed and the date by which each is required to be completed.

- April 30 Each department head will transmit to the budget officer the budget requests and revenues estimates for their department for the budget year.
- May 15 The finance officer for the school board transmits the budget and the budget message to the County.
- June 1 The budget and the budget message shall be submitted to the governing board. The public hearing on the budget should be scheduled at this time.
- July 1 The budget ordinance shall be adopted by the governing board.

As required by State law {G.S. 159-26(d)}, the County maintains encumbrance accounts which are considered to be "budgetary accounts". Encumbrances outstanding at year-end represent the estimated amounts of the expenditures ultimately to result if unperformed contracts in progress at year-end are completed. Encumbrances outstanding at year-end do not constitute expenditures or liabilities. The encumbrances outstanding at year-end are re-appropriated into the next year's budget as necessary. Any encumbrance balance that is not due and owing is adjusted to a zero balance.

# D - Assets, Liabilities, Deferred Inflows and Outflows, and Fund Equity

## 1. Deposits and Investments

All deposits of the County, the ABC Board, the District, the Bureau, the TDA, and the FCEDC are made in board-designated official depositories and are secured as required by G.S. 159-31. The County, the ABC Board, the District, the Bureau, the TDA, and the FCEDC may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County, the ABC Board, the District, the Bureau, the TDA, and the FCEDC may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the County, the ABC Board, the District, the Bureau, the TDA, and the FCEDC to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT).

## **Notes to the Financial Statements (continued)**

June 30, 2018

The County, the ABC Board, the District, the Bureau, the TDA, and the FCEDC investments with a maturity of more than one year at acquisition and non-money market investments are carried at fair value as determined by quoted market prices. The NCCMT Government Portfolio, a SEC-registered 2a-7 external investment pool, is measured at amortized cost, which is the NCCMT's share price. The NCCMT Term Portfolio's securities are valued at fair value. Money market investments that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost. Non-participating interest earnings and investment contracts are reported at cost.

## 2. Cash and Cash Equivalents

The County pools moneys from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are considered cash and cash equivalent. The County, the ABC Board, the District, the Bureau, the TDA, and the FCEDC consider demand deposits and investments purchased with an original maturity of three months or less, which are not limited as to use, to be cash and cash equivalents.

# 3. Restricted Assets

Amounts on hand at year end for unexpended bond proceeds, future construction, payment of asserted and unasserted malpractice claims, self-insurance, trust arrangements and customer deposits for future services have been restricted. Funds are restricted for the purpose for which the revenue was received. Restrictions in the general fund relate to the several ongoing capital projects. Money in the Tax Revaluation Organization is classified as restricted assets because its use is restricted per North Carolina General Statute 153A-150. Money in the School Capital Projects Fund is classified as restricted assets because its use is restricted per North Carolina General Statue 159-18 through 22.

## 4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2017.

## 5. Allowance for Doubtful Accounts

Receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivable that were written off in prior years.

# 6. Inventories and Prepaid Items

The inventories of the County, the ABC Board, and the Bureau are valued at cost (first-in, first-out), which approximates market. The County's General Fund inventory consists of expendable supplies that are recorded as expenditures when purchased. The inventory of the County's enterprise funds as well as those of the ABC Board and the Bureau consists of materials and supplies held for consumption or resale. The cost of the inventory carried in the County's enterprise funds and that of the ABC Board and the Bureau is recorded as an expense as it is consumed or sold.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements and are accounted for using the purchases method.

# **Notes to the Financial Statements (continued)**

June 30, 2018

# 7. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after July 1, 2015 are recorded at acquisition value. Minimum capitalization costs are \$5,000 for all asset categories. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

The County holds title to certain Cumberland County Board of Education properties that have not been included in capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education, once all restrictions of the financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as capital assets in the financial statements of the Cumberland County Board of Education.

Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

	Years
Buildings	40
Improvements water lines	40
Improvements	25
Furniture and equipment	5 – 10
Vehicles	5

Capital assets of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

	Years
Buildings	40
Leasehold Improvements	10 – 20
Equipment	5 – 10
Vehicles	5

For the Eastover Sanitary District, water lines are depreciated over a 40-year life.

For the Bureau, depreciation is computed by the straight-line method over the estimated useful lives of the assets as follows:

	Years
Software	3
Equipment	5
Furniture	10
Improvements	3 - 40

# 8. <u>Deferred Outflows/Inflows of Resources</u>

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has several items that meet this criterion - a charge on refunding, OPEB, pension, and contributions made to the OPEB or pension plans in the current fiscal year. In addition to liabilities, the statement of financial position can also report a separate section for Deferred Inflows of Resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has several items that meet the criterion for this category

# **Notes to the Financial Statements (continued)**

June 30, 2018

- prepaid taxes, taxes receivable, special assessments receivable, and other OPEB or pension related deferrals.

# 9. Long-term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities on the statements of net position.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

## 10. Compensated Absences

The vacation policies of the County and the ABC Board provide for the accumulation of up to thirty (30) days earned vacation leave with such leave being fully vested when earned. The vacation policy of the Bureau provides for the accumulation of up to sixty-two and one-half (62.50) days earned vacation leave with such leave being fully vested when earned. For the County's government-wide and proprietary funds, the ABC Board and the Bureau, an expense and a liability for compensated absences and the salary-related payments are recorded within those funds as the leave is earned.

The sick leave policies of the County and the ABC Board provide for unlimited accumulation of earned sick leave. The Bureau allows for up to 37.50 days accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since none of the entities has any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made by the County or its component units.

#### 11. Net Position/Fund Balances

#### **Net Position**

Net position in government-wide and proprietary fund financial statements are classified as invested in capital assets, restricted; and unrestricted. Restricted net position represents constraints on resources that are either: a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through State statute.

## **Fund Balances**

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories and prepaids – portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Restricted Fund Balance – This classification includes revenue sources that are restricted to specific purposes externally imposed or imposed by law.

### **Notes to the Financial Statements (continued)**

## June 30, 2018

Restricted for Stabilization of State Statute – portion of fund balance that is restricted by State Statute [G.S. 159-8(a)].

Restricted for Register of Deeds – portion of fund balance that is restricted by revenue source to pay for the computer equipment and imaging technology for the Register of Deeds' office.

Restricted for Public Health – portion of fund balance that is restricted for maternal and child health and women's health by state statute [G.S. 130A-124(c)].

Restricted for Inmates – portion of fund balance available for use by inmates in the County's Detention Center.

Restricted for Cemetery – portion of fund balance restricted to maintain the cemetery.

Restricted for County School – portion of fund balance that is restricted by revenue source for school capital or debt service per G.S. 159-18-22.

Restricted for Fire Protection – portion of fund balance that is restricted by revenue source for fire protection.

Restricted for Public Safety – portion of fund balance that is restricted by revenue source for law enforcement purposes and the Injured Animal Stabilization Fund.

Restricted for Economic and Physical Development – portion of fund balance that is restricted by revenue source for the Workforce Development and Flea Hill Funds.

Restricted for Human Services – portion of fund balance restricted by revenue source for Juvenile Crime Control Program purposes.

Restricted for Cultural and Recreational – portion of fund balance restricted by revenue source for the Recreation Fund, and the Prepared Food and Beverage Fund.

Committed Fund Balance – Portion of fund balance that can only be used for specific purpose imposed by majority vote of Cumberland County's governing body (highest level of decision-making authority). Any changes or removal of specific purposes requires majority action by the governing body.

Committed for Tax Revaluation – portion of fund balance that can only be used for Tax Revaluation.

Committed for Capital Investment Fund – portion of fund balance committed by the Board of Commissioners to fund future capital needs.

Committed for LEOSSA pension obligation – portion of fund balance that will be used for the Law Enforcement Officers' Special Separation Allowance obligations.

Assigned Fund Balance – Portion of fund balance that the Cumberland County governing board has set aside for future use.

Subsequent Year's Expenditures – portion of fund balance that has been approved by formal action of the Board of County Commissioners for appropriation into the next fiscal year. A modification of this amount requires action by the Board. The Board may at its discretion, make other assignments of fund balance. The Board authorizes the County Manager to amend these assigned amounts to comply with the County's fund balance percentage policies.

## Notes to the Financial Statements (continued)

## June 30, 2018

Tax Office Software – portion of total fund balance assigned by management for future purchase of tax software.

Economic Development Incentives – portion of total fund balance assigned by management for incentives to promote business creation or expansion.

Capital Investment Fund – portion of total fund balance assigned by management for the Board's consideration of future capital needs.

Special Purposes – portion of total fund balance assigned by management for Board of Elections future capital needs.

Unassigned – Portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

## **Spending and Fund Balance Policies**

Cumberland County has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, Federal funds, State funds, local non-county funds, and then county funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it's in the best interest of the County.

The County will maintain a General Fund unassigned fund balance of no less than 10% which exceeds the minimum 8% recommended by the LGC. Additionally, the target goal for total spendable (available) fund balance will be at least 15% of total expenditures for the fiscal year. The annual appropriation for subsequent years' expenditures should not exceed 3% of budgeted recurring general fund expenditures. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes it may be necessary to report a negative unassigned fund balance in that fund.

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation. This presentation includes the legally adopted County School and Capital Investment Funds that have been incorporated into the General Fund for reporting purposes:

Total fund balance-General Fund	\$140,694,161
Less:	
Inventories	155,968
Prepaids	5,400
Restricted	16,061,598
Stabilization by State Statute	32,308,498
Committed	11,724,827
Assigned	19,799,170
Appropriated fund balance in FY2019 budget	7,447,195
≥10% fund balance policy	<u>53,191,505</u>
Remaining fund balance	<u>\$</u>

The County required all open purchase orders as of June 30, 2018 to be closed prior to closing out the fiscal year. Departments have the option of requesting re-appropriation of funds for items that were not included in the fiscal year 2019 budget. Therefore, the balance of encumbrances as of June 30, 2018 is zero for all funds.

## **Notes to the Financial Statements (continued)**

June 30, 2018

## 12. <u>Defined Benefit Pension Plans</u>

The County participates in two cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Governmental Employees' Retirement System (LGERS), and the Registers of Deeds' Supplemental Pension Fund (RODSPF), collectively, the "state-administered defined benefit pension plans." For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans' fiduciary net positions have been determined on the same basis as they are reported by the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The County's employer contributions are recognized when due and the County has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans.

## 13. Accounting Estimates

The preparation of the basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Note 2 - Cash and Cash Equivalents

#### A - Deposits

All of the County's, the ABC Board's, the District's, the Bureau's, the TDA's, and the FCEDC's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's, the ABC Board's, the District's, the Bureau's, the TDA's, and the FCEDC's agents in these units' names.

The County has a Board approved policy to address custodial credit risk of deposits collateralized under the Pooling Method. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County, the ABC Board, the District, the Bureau, the TDA, and the FCEDC, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest-bearing deposits and the actual current balance for interest bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County, the ABC Board, the District, the Bureau, the TDA, the FCEDC, or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County, the ABC Board, the District, the Bureau, the TDA, and the FCEDC, under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

At June 30, 2018 the County's deposits had a carrying amount of \$128,874,278 and a bank balance of \$130,269,926. Included in the County's deposits is cash of \$1,994,461 for the District, \$1,553,395 for the TDA and \$488,577 for FCEDC. Of the bank balance, \$1,003,272 was covered by federal depository insurance and \$129,218,480 was covered by collateral under the Pooling Method. The County had \$9,980

## **Notes to the Financial Statements (continued)**

## June 30, 2018

in the petty cash and change funds. The District had \$100 of change fund, the TDA and FCEDC had \$0 of petty cash.

At June 30, 2018, the ABC Board's deposits had a carrying amount of \$4,151,698 and a bank balance of \$4,212,419. Of the bank balance, \$250,000 was covered by federal depository insurance and \$39,62,419 was covered by collateral under the Pooling Method. The ABC Board cash on hand total \$34,300.

At June 30, 2018, the Bureau's deposits had a carrying amount of \$193,766 and a bank balance of \$1,100,008. As of June 30, 2018, the Bureau had \$107,195, which exceed the federal depository insurance amount. The balance includes a 13-month Certificate of Deposit for \$103,573 maturing on December 12, 2018, plus interest; a 12-month Certificate of Deposit for \$140,415 maturing on September 22, 2018, plus interest; a 12-month Certificate of Deposit for \$247,504 maturing on July 21, 2018, plus interest; a 13-month Certificate of Deposit for \$50,231 maturing on March 7, 2019, plus interest; an 18-month Certificate of Deposit for \$117,476 maturing on August 6, 2018, plus interest; and a 6-month Certificate of Deposit for \$30,144 maturing on September 10, 2018, plus interest. Noncurrent investments, stated at fair value, at June 30,2018 include an 18-month Certificate of Deposit for \$50,114 maturing on September 9, 2019.

#### **B** - Investments - County

	Valuation Measurement			s than 6			
Investment Type	Method	 Fair Value	M	onths	6 -	12 Months	1 - 2 Years
US Government Agencies/Securities	Fair Value - Level 2	\$ 17,876,644	\$	-	\$	2,982,950	\$ 14,893,694
Commercial Paper NC Capital Management Trust -	Fair Value - Level 2	3,491,244		-		3,491,244	-
Government Portfolio NC Capital Management Trust -	Amortized Cost	52,404,620		N/A		N/A	N/A
Term Portfolio	Fair Value - Level 1	 9,661,696		N/A		N/A	N/A
Total		\$ 83,434,204	\$	-	\$	6,474,194	\$ 14,893,694

All investments are measured using the market approach. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets or group of assets.

Levels of fair value hierarchy: Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level 2: Debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

**Interest Rate Risk:** As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's investment policy requires investment purchases to be based upon cash flow needs with staggered maturity dates of no more than two years.

**Credit Risk:** The County has a Board adopted investment policy which places greater restrictions than required under G.S. 159-30(c). This policy seeks to assure investment quality and to mitigate credit risks. State law limits investments in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NRSROs). As of June 30, 2018, the County's investments in commercial paper were rated P1 by Standard & Poor's, F1 by Fitch Ratings, and A1 by Moody's Investors Service. The County's investments in the NC Capital Management Trust Cash Portfolio carried a credit rating of AAAm by Standard & Poor's as of June 30, 2018. The County's investments in US Agencies (Federal Home Loan Bank, Federal Farm Credit Banks, Federal National Mortgage Assn and Federal Home Loan Mortgage Corporation) are rated AAA by Standard & Poors and Aaa by Moody's Investor Service.

## **Notes to the Financial Statements (continued)**

June 30, 2018

**Custodial Credit Risk:** For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Cumberland County has adopted a formal investment policy. Cumberland County uses Wells Fargo Securities to provide third-party safekeeping service for the County. The securities are held in a separate entity with the bank and are held in the name of County of Cumberland. Cumberland County uses the Pooling Method of collateralization when purchasing Certificates of Deposits.

Concentration of Credit Risk: It is the County's policy that no more than 20% of the total investment portfolio may be invested in commercial paper and banker's acceptances. In addition, no more than \$4 million of the total investment portfolio will be invested in any one company's commercial paper or \$7 million in financial institution's bankers' acceptances. Federal Agencies/Securities investment represents 21.77% of total County's investment portfolio: Federal Farm Credit Banks (FFCB) 4.25%; Federal Home Loan Banks (FHLB) 7.23% and Federal Home Loan Mortgage Corporation (FHLMC) 10.29%. More than 50% of the County's investment are in the North Carolina Capital Management Trust (NCCMT).

## C - Reconciliation to Cash and Cash Equivalents

	County	ABC Board	District	TDA	Bureau	FCEDC

## **Notes to the Financial Statements (continued)**

June 30, 2018

#### Note 5 - Pension Plan Obligations

#### A - Law Enforcement Officers Special Separation Allowance System

### **Plan Description**

The County administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85% of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G. S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full time County law enforcement officers are covered by the Separation Allowance. At December 31, 2016 (Valuation Date) the Separation Allowance's membership consisted of:

Retirees receiving benefits	35
Active plan members	305
Total	340

## **Summary of Significant Accounting Policies**

Basis of Accounting: The Separation Allowance Fund is merged with the General Fund for reporting purposes. Pension expenditures are made from the Separation Allowance Fund which is maintained on a modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the criteria which are outlined in GASB 73.

#### **Actuarial Assumptions**

The "Entry Age Normal" (EAN) actuarial cost method was used in the December 31, 2016 valuation. The total pension liability (TPL) was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50%

Salary increases 3.50% to 7.35%, including inflation and productivity factor

Discount rate 3.16%

The discount rate used to measure the TPL was the S&P Municipal Bond 20 year High Grade Rate Index as of December 31, 2017.

Mortality rates are based on the RP-2014 Mortality tables with adjustments for mortality improvements based Mortality Improvement Scale MP-2015.

#### **Contributions**

The County is required by Article 12D of G. S. Chapter 143 to provide these retirement benefits. The amounts necessary to cover the cost of the benefits are budgeted each fiscal year and are funded on a pay as you go basis. The County has a committed fund balance assignment for the pension obligation.

### **Notes to the Financial Statements (continued)**

## June 30, 2018

However, these funds are not set aside in an irrevocable trust. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The County paid \$548,697 as benefits came due for the reporting period.

At June 30, 2018, the County reported a total pension liability of \$8,662,059. The total pension liability was measured as of December 31, 2017 based on a December 31, 2016 actuarial valuation. The total pension liability was rolled forward to December 31, 2017 utilizing updated procedures incorporating the actuarial assumptions. For the year ended June 30, 2018, the County recognized pension expense of \$761.853.

	 ed Outflows Resources	Deferred Inflows of Resources		
Differences between expected and actual experience	\$ 159,057	\$	-	
Changes of assumptions and other inputs	432,403		115,042	
County benefit payments and plan admin expense made				
subsequent to the measurement date	 294,729		-	
Total	\$ 886,189	\$	115,042	

The County paid \$293,039 in benefit payments and \$1,690 in administrative expenditures subsequent to the measurement date that are reported as deferred outflows of resources related to pensions which will be recognized as a decrease of the total pension liability in the year ended June 30, 2019. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2019	\$ 102,968
2020	102,968
2021	102,968
2022	102,968
2023	64,546
Thereafter	-
	\$ 476,418

Sensitivity of the County's total pension liability to changes in the discount rate. The following presents the County's total pension liability calculated using the discount rate of 3.16%, as well as what the County's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.16%) or 1-percentage-point higher (4.16%) than the current rate:

_		% Decrease (2.16%)	Discount Rate (3.16%)		1	% Increase (4.16%)
Total pension liability	\$	9,329,637	\$	8,662,059	\$	8,048,187

### **Notes to the Financial Statements (continued)**

June 30, 2018

# Schedule of Changes in Total Pension Liability Law Enforcement Officers' Special Separation Allowance

	2018
Beginning balance	\$ 7,811,970
Service Cost	365,895
Interest on the total pension liability	291,307
Changes of benefit terms	-
Differences between expected and actual experience in the	
measurement of the total pension liability	194,482
Changes of assumptions or other inputs	528,706
Benefit payments	(530,301)
Other changes	-
Ending balance of the total pension liability	\$ 8,662,059

Changes of Assumptions. Changes of assumptions and other inputs reflect a change in the discount rate from 3.86% at the December 31, 2016 Measurement Date (MD) to 3.16% at December 31, 2017 MD.

Changes in Benefit Terms. Reported compensation adjusted to reflect the assumed rate of pay as of the valuation date.

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on the Society of Actuaries (SOA) RP-2014 Mortality Tables Report'. The SOA has updated the mortality rates with the Mortality Improvement Scale MP-2015.

The actuarial assumptions used in the December 31,2016 valuation were based on the results of an experience study completed by the Actuary for the Local Government Employees' Retirement System for the five year period ending December 31, 2014.

#### **ABC Board**

In regard to the Law Enforcement Officers Special Separation Allowance System (LEO), the ABC Board is governed by the same laws as the County and has also established a Separation Allowance for its law enforcement officers. At December 31, 2016, membership of the Board's Separation Allowance consisted of seven active plan members. The Board has chosen to pay benefits and administration costs on a pay as you go basis. The Board paid benefits of \$0 and \$0 for the years ending June 30, 2018 and 2017, respectively. No contributions were made to the plan by employees. The ABC Board's Actuarial Valuation for the LEO Retirement plan is reported in the ABC Board's Annual Independent Audit. This report may be obtained by writing the Cumberland County ABC Board; 1705 Owen Drive, Fayetteville, NC 28303; or calling (910) 484-8167.

### B - Local Governmental Employees' Retirement System

Plan Description. The County and the ABC Board are participating employers in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. The County's Crown Coliseum is classified as a separate entity from the County for LGERS reporting purposes. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of

### Notes to the Financial Statements (continued)

June 30, 2018

Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service. Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2018, was 8.25% of compensation for law enforcement officers and 7.50% for general employees, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$6,772,970 for the year ended June 30, 2018.

Refunds of Contributions. County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

## County Wide - Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the County reported a liability of \$23,202,140 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016. The total pension liability was then rolled forward to the measurement date of June 30, 2017 utilizing updated procedures incorporating the actuarial assumptions. The County's proportion of the net

## **Notes to the Financial Statements (continued)**

#### June 30, 2018

pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2017, the County's proportion was 1.519%, which was an decrease of .023% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the County recognized pension expense of \$7,809,990. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		rred Outflows Resources	Deferred Inflows of Resources		
Differences between expected and actual experience	\$	1,336,658	\$	656,779	
Changes of assumptions		3,313,587		-	
Net difference between projected and actual earnings on pension plan investments		5,633,508		-	
Changes in proportion and differences between County contributions and proportionate share of contributions		134,811		46,060	
County contributions subsequent to the measurement date		6,772,970		-	
Total	\$	17,191,534	\$	702,839	

\$6,772,970 reported as deferred outflows of resources related to pensions resulting from County contributions made subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2019	\$ 1,345,282
2020	6,727,397
2021	3,383,631
2022	(1,740,585)
2023	-
Thereafter	 -
	\$ 9,715,725

Actuarial Assumptions. The total pension liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3%

Salary increases 3.50% to 7.75%, including inflation and productivity factor

Investment rate of return 7.20%, net of pension plan investment expense,

including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements. The actuarial

## Notes to the Financial Statements (continued)

#### June 30, 2018

assumptions used in the December 31, 2016 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2017 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	100%	

The information above is based on 30 year expectations developed with the consulting actuary for the 2016 asset, liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.20%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 7.20%, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.20%) or 1-percentage-point higher (8.20%) than the current rate:

### **Notes to the Financial Statements (continued)**

## June 30, 2018

	1	% Decrease (6.20%)	se Discount Rate (7.20%)		1% Increase (8.20%)	
County's proportionate share of the net						
pension liability (asset)	\$	69,653,350	\$	23,202,140	\$	(15,569,955)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

## Crown Coliseum - Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the Crown reported a liability of \$0 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016. The total pension liability was then rolled forward to the measurement date of June 30, 2017 utilizing updated procedures incorporating the actuarial assumptions. The Crown's proportion of the net pension liability was based on a projection of the Crown's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2017, the Crown's proportion was 0%, which was unchanged from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the Crown recognized a negative pension expense of \$69,872. At June 30, 2018, the Crown reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

# Crown Coliseum - Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

	Deferred Outflows of Resources		Inf	eferred lows of sources
Differences between expected and actual experience Net difference between projected and actual earnings on pension plan investments	\$	-	\$	-
Changes in proportion and differences between County contributions and proportionate share of contributions		-		69,935
County contributions subsequent to the measurement date Total	\$	-	\$	- 69,935

The Crown did not make any pension contributions for the year ended June 30, 2018 because the operations of the Crown were turned over to a private management company during the year ended June 30, 2014 and County positions were eliminated. Thus, there were not any deferred outflows of resources related to pensions resulting from Crown contributions subsequent to the measurement date.

## **Notes to the Financial Statements (continued)**

#### June 30, 2018

Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2019	\$ (69,182)
2020	(753)
2021	-
2022	-
2023	-
Thereafter	 -
	\$ (69,935)

Actuarial Assumptions. The total pension liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3%

Salary increases 3.50% to 7.75%, including inflation and productivity factor

Investment rate of return 7.20%, net of pension plan investment expense,

including inflation

# Crown Coliseum - Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements. The actuarial assumptions used in the December 31, 2016 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2017 are summarized in the following table:

#### **Notes to the Financial Statements (continued)**

June 30, 2018

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	100%	

The information above is based on 30-year expectations developed with the consulting actuary for the 2016 asset, liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.20%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 7.20%, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.20%) or 1-percentage-point higher (8.20%) than the current rate:

		ecrease 20%)	Discount (7.20		 ncrease 3.20%)
Crown's proportionate share of the net	'				
pension liability (asset)	\$	_	\$	-	\$ -

## C - Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The County and the ABC Board contribute to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the County and the ABC Board. Article 5 of G. S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454 or www.osc.nc.gov.

Funding Policy. Article 12E of G. S. Chapter 143 requires the County to contribute each month an amount equal to 5% of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2018 were \$1,085,697 which consisted of \$791,353 from the County and \$294,344 from the law enforcement officers.

### **Notes to the Financial Statements (continued)**

June 30, 2018

Article 12E of G.S. Chapter 143 requires the ABC Board to contribute each month an amount equal to five percent of each officer's salary. The Board also contributes 5% of each employee's salary for employees not engaged in law enforcement. All amounts contributed are vested immediately. Also, employees participating may make voluntary contributions to the plan.

For the year ended June 30, 2018, contributions for law enforcement officers were \$21,542 which consisted of \$16,632 from the ABC Board and \$4,910 from the law enforcement officers. Total contributions for employees not engaged in law enforcement for the year ended June 30, 2018 were \$155,206 which consisted of \$110,227 from the ABC Board and \$44,979 from the employees.

## D - Register of Deeds' Supplemental Pension Fund

Plan Description. Cumberland County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, defined benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Registers of Deeds' Supplemental Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Resisters of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Contributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$27,333 for the year ended June 30, 2018.

## <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows</u> of Resources Related to Pensions

At June 30, 2018, the County reported an asset of \$558,321 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2017. The total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2016. The total pension asset was then rolled forward to the measurement date of June 30, 2017 utilizing updated procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2017, the County's proportion was 3.27%, which was a decrease of .05% from its proportion measured as of June 30, 2016.

## **Notes to the Financial Statements (continued)**

## June 30, 2018

For the year ended June 30, 2018, the County recognized pension expense of \$106,407. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Ou	Deferred atflows of esources	Inf	eferred flows of sources
Differences between expected and actual experience	\$	9,584	\$	1,799
Changes of Assumptions		94,204		-
Net difference between projected and actual earnings on pension plan investments		77,240		29,778
Changes in proportion and differences between County contributions and proportionate share of contributions  County contributions subsequent to the measurement		21,750		-
date		27,333		-
Total	\$	230,111	\$	31,577

\$27,333 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2019. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2019	\$ 100,831
2020	52,837
2021	5,430
2022	12,103
2023	-
Thereafter	 -
	\$ 171,201

Actuarial Assumptions. The total pension liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3%

Salary increases 3.50% to 7.75%, including inflation and productivity factor

Investment rate of return 7.20%, net of pension plan investment expense,

including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

## **Notes to the Financial Statements (continued)**

June 30, 2018

The actuarial assumptions used in the December 31, 2016 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2017 is 1.4%.

The information above is based on 30-year expectations developed with the consulting actuary for the 2017 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that contributions from employers will be made at statutorily required rates. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 3.75%, as well as what the County's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75%) or 1-percentage-point higher (4.75%) than the current rate:

	 1% Decrease (2.75%)		Discount Rate (3.75%)		% Increase (4.75%)
County's proportionate share of the net	 				
pension liability (asset)	\$ (438,833)	\$	(558,321)	\$	(658,806)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

## **Notes to the Financial Statements (continued)**

June 30, 2018

# E. <u>Summary Tables - Pension Liabilities, Pension Expense, and Deferred Outflows of Resources</u> and Deferred Inflows of Resources Related to Pensions

The net pension liability/asset for LGERS and ROD was measured as of June 30, 2017. The total pension liability/asset used to calculate the net pension liability/asset was determined by an actuarial valuation as of December 31, 2016. The total pension liability/asset was then rolled forward to the measurement date of June 30, 2017 utilizing updated procedures incorporating the actuarial assumptions. The total pension liability for LEOSSA liability was measured as of December 31, 2017 based on a December 31, 2016 actuarial valuation. The total pension liability was rolled forward to December 31, 2017 utilizing updated procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expense:

	LGERS CROWN		ROD		LEOSSA		<u>Total</u>	
Proportionate Share of Net Pension Liability (Asset)	\$ 23,202,140	\$	-	\$	(558,321)		n/a	\$ 22,643,819
Proportion of the Net Pension Liability (Asset)	1.519%		-		3.271%		n/a	
Total Pension Liability	-		-		-		8,662,059	8,662,059
Pension Expense	\$ 7,809,990	\$	(69,872)	\$	106,407	\$	761,853	\$ 8,608,378

(continued on next page)

## **Notes to the Financial Statements (continued)**

June 30, 2018

At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		LGERS	CR	OWN	R	OD	LEC	SSA		Total
<u>Deferred Outflows of Resources</u> Differences between expected and actual experience	\$ ^	,336,658	\$	-	\$ 9	9,584	\$ 15	9,057	\$1	,505,299

## F - Other Post-Employment Benefits (OPEB)

Plan Description - Under the terms of a County resolution, the County administers a single-employer defined benefit Health Care Benefits Plan (the HCB Plan). The County has discontinued offering retiree health insurance for employees hired after June 30, 2016. For employees hired between July 1, 2008 and June 30, 2016 this plan provides postemployment healthcare benefits to retirees of the County, provided they participate in the North Carolina Local Governmental Employees Retirement System and have at least twenty-five years of consecutive years of creditable service with the County. Prior to July 1, 2008, employees qualified for a similar level of benefits after ten years of creditable service with the County. The plan, which has a June 30, 2018 year end, does not issue a stand-alone report.

Management of the HCB Plan is vested in the County Board of Commissioners.

## **Notes to the Financial Statements (continued)**

## June 30, 2018

*Plan Membership.* At the June 30, 2017 Valuation Date. The HCB Plan Membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefit payments	832
Inactive plan members entitled to but not yet receiving benefit payments	0
Active plan members	<u>1843</u>
Total	2,675

Benefits Provided. The HCB Plan provides healthcare benefits for retirees. The county is self-insured and contracts with a private insurer to provide all administrative services.

Contributions. The Board of Commissioners has established the contribution requirements of plan and may amend the plan. The County has chosen to fund the healthcare benefits on a pay as you go basis. Currently, active County employees pay a monthly premium for the HCB Plan. The premium is adjusted based on whether or not the employee has submitted to the County's health risk assessment. Premiums for dependents are based on the number of dependents and whether or not the dependent has submitted to the County's risk assessment. Retirees not eligible for Medicare are enrolled in the same plan as active County employees. The retiree may also purchase coverage for their dependents at the County's existing group rates until the dependent attains age 65 at which time the coverage ceases. Retirees eligible for Medicare who have Medicare Part A & B are enrolled in a Medicare carve-out plan with Medicare being the primary provider. The retiree pays the premium for Part A & B and the County pays all remaining costs.

### **Total OPEB Liability**

The County's total OPEB Liability of \$295,544,503 was measured as of June 30, 2017 and was determined by an actuarial valuation as of that date.

Actuarial assumptions. The total OPEB liability (TOL) was determined by an actuarial valuation as of June 30, 2017 using the following key actuarial assumptions and other inputs:

Inflation	3.00%
Real wage growth	.50%
Wage Inflation	3.50%

Salary increases, including wage inflation

General Employees 3.50% - 7.75% Law Enforcement Officers 3.50% - 7.35%

Municipal Bond Index

Prior Measurement Date 3.01% Measurement Date 3.56%

Healthcare cost trend rates

Pre-Medicare 7.50% for 2017 decreasing to an ultimate

rate of 5.00% by 2023

Medicare 5.50% for 2017 decreasing to an ultimate

rate of 5.00% by 2020

The discount rate used to measure the TOL was based on the June average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by The Bond Buyer.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using the Scale MP-2015.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period January 1, 2010 – December 31, 2014, adopted by LGERS.

## **Notes to the Financial Statements (continued)**

#### June 30, 2018

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used on the June 30, 2017 valuation were based on a review of recent plan experience done concurrently with the June 30, 2017 valuation.

## **Changes in the Total OPEB Liability**

	Tota	I OPEB Liability
Total OPEB Liability as of June 30, 2016	\$	313,373,685
Changes for the year		
Service cost		10,922,897
Interest		9,344,450
Changes of benefit terms		-
Differences between expected and actual experience		(433,811)
Changes in assumptions or other inputs		(31,765,312)
Benefit payments		(5,897,406)
Net changes		(17,829,182)
Balance at June 30, 2017	\$	295,544,503

Changes in assumptions and other inputs reflect a change in the discount rate from 3.01% to 3.56%.

Discount rate. The discount rates used to measure the total OPEB liability at June 30, 2016 and June 30, 2017 were 3.01% and 3.56% respectively. The change was due to a change in the Municipal Bond Index from the Prior Measurement Date (6/30/16) to the current Measurement Date (6/30/17)

Sensitivity of the Total OPEB liability to changes in the discount rate.

The following presents the Total OPEB liability of the County at June 30, 2017, as well as what the County's Total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.56%) or 1-percentage-point higher (4.56%) than the current discount rate:

	1% Decrease	Discount Rate	1% Increase
	(2.56%)	(3.56 %)	(4.56%)
Total OPEB liability (asset)	\$ 357,027,251	\$ 295,544,503	\$ 248,219,684

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates.

The following presents the net OPEB liability of the County, as well as what the County's net OPEB liability would be if it were to calculate healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rate:

	1% Decrease			Current	1% Increase			
Total OPEB liability (asset)	\$	244,765,417	\$	295,544,503	\$	362,500,761		

## **Notes to the Financial Statements (continued)**

June 30, 2018

## OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2018, the County recognized OPEB expense of \$15,098,948. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Differences between expected and actual experience	\$ -	\$ 364,178
Changes of assumptions	-	26,666,546
Benefit payments and administrative costs made		
subsequent to the measurement date	6,304,162	
Total	\$ 6,304,162	\$ 27,030,724

\$6,304,162 reported as deferred outflows of resources related to OPEB resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total OPEB liability in the year ended June 30, 2019. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:		
2019	\$ (5,168,399)	)
2020	(5,168,399)	)
2021	(5,168,399)	)
2022	(5,168,399)	)
2023	(52,966)	)
Thereafter	0	
	\$ (20,726,562)	)
		_

#### **ABC Board**

Plan Description - Under the terms of an ABC Board Resolution the ABC Board administers a single-employer defined benefit, Healthcare Benefits Plan (HCB). The plan provides postemployment healthcare benefits to retirees of the ABC Board, provided they participate in the LGERS and have at least thirty years of creditable service with the ABC Board. The ABC Board pays the full cost of coverage for these benefits through private insurers. The ABC Board's retirees cannot purchase spouse or dependent coverage. The ABC Board's Actuarial Valuation for OPEB benefits is reported in the ABC Board's Annual Independent Audit. This report may be obtained by writing the Cumberland County ABC Board; 1705 Owen Drive, Fayetteville, NC 28303; or calling (910) 484-8167.

### **G** - Other Employment Benefits

The County and ABC Board have elected to provide death benefits to employees through the Death Benefit Plan for Members of the Local Governmental Employees' Retirement System (LGERS), a multiple-employer State-administered cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to employees' death, but the benefit may not be less than \$25,000

### **Notes to the Financial Statements (continued)**

June 30, 2018

and no more than \$50,000. All death benefit payments are made from the Death Benefit Plan. The County has no liability beyond the payment of monthly contributions. Contributions are determined as a percentage of monthly payroll, based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. Because the benefit payments are made by the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants.

## Note 6 - Closure and Postclosure Care Costs - Ann Street Sanitary Landfill Facility

State and federal laws and regulations require the County to place a final cover on its Ann Street Sanitary Landfill Facility when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$12,722,769 reported as landfill closure and postclosure care liability at June 30, 2018 represents a closed landfill with estimated costs of \$131,919, a Construction & Demolition (C&D) landfill with estimated costs of \$2,965,697 and the subtitle D landfill with estimated costs of \$9,625,153. The costs associated with the C & D landfill and the subtitle D landfill represent a cumulative amount reported to date based on the use of 54.78% and 63.95%, respectively, of the total estimated capacity. The County will recognize the remaining estimated post-closure costs of \$250,928 for the old unlined landfill and the cost of closure and post-closure care of \$2,079,589 and \$5,426,903 for the C & D landfill and subtitle D landfill, respectively, as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2018. The life expectancy of the C & D landfill is estimated at 9.05 years and the subtitle D landfill at 13.4 years. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The County has met the requirements of a local government financial test that is one option under State and Federal laws and regulations that helps determine if a unit is financially able to meet closure and postclosure care requirements.

## **Notes to the Financial Statements (continued)**

#### Note 8 - Risk Management

The County is self-insured with respect to health insurance (up to \$150,000 per occurrence), worker's compensation (up to \$850,000 per occurrence), unemployment compensation and some general liability risks. Losses from asserted claims and from un-asserted claims identified under the County's incident reporting system are accrued based on estimates that incorporate the County's past experience, as well as other considerations including the nature of each claim and relevant trend factors. Incurred but not reported claims have been accrued as a liability based upon the carrier's estimate. Additional Health Insurance stop loss coverage is purchased through the Blue Cross Blue Shield health insurance trust for claims in excess of coverage.

The County carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the prior year and settled claims have not exceeded coverage in any of the last three fiscal years.

The claims liability of each insurance fund at June 30, 2018 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported, if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated.

#### **Notes to the Financial Statements (continued)**

#### June 30, 2018

Changes in the balances of claim liabilities for the County during the years ended June 30, 2017 and 2018 were as follows:

		<b>Current-Year</b>		
	Beginning-of-	<b>Claims and</b>		Balance at
	Fiscal-Year	Changes in	Claims	Fiscal
	Liability	Estimates	Payments	Year-End
2017-2018	5,362,249	18,679,025	(18,806,010)	5,235,264
2016-2017	2,784,990	17,345,874	(17,910,429)	2,220,435

Note: The County contracted with an Actuary to perform a Loss Reserve Analysis for fiscal year 2018. The total loss reserve estimate was \$3,622,800. The loss reserve estimate of \$3,328,532 for fiscal year 2017 was booked as a prior period adjustment. That is why the fiscal year 2017 year-end liability increased from \$2,220,345 to \$5,362,249 when rolled forward as the beginning balance for fiscal year 2018.

The County does not carry flood insurance through the National Flood Insurance Plan (NFIP). The County's insurance carriers performed an analysis of the flood maps and made a determination that the County was not designated an "A" area (an area close to a river, lake or stream) by the Federal Emergency Management Agency.

In accordance with G.S. 159-29, the County Finance Officer and Tax Administrator are each individually bonded for \$100,000 and \$200,000, respectively. The County Finance Officer, as Finance Officer for the Cumberland County Tourism Development Authority, each of the County's five Water & Sewer District Authorities, and the Eastover Sanitary District, is individually bonded for \$50,000 for each entity. The County also maintains individual bonds ranging from \$20,000 to \$50,000 for other selected officials. As part of the County's property insurance policy, County employees are insured for theft up to \$100,000.

Alcohol Beverage Control Board (ABC) – The ABC Board is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The ABC Board has commercial property, general liability, auto liability, workers' compensation and employee health coverage. The ABC Board also has liquor legal liability. There have been no significant reductions in insurance coverage from coverage in the prior year and settled claims have not exceeded coverage in any of the past three fiscal years. In accordance with G.S. 18B-700(i) each board member and the employees designated as the general manager and finance officer are bonded in the amount of \$50,000 secured by a corporate entity.

### **Notes to the Financial Statements (continued)**

## June 30, 2018

#### **B** - General Obligation Bonds

All general obligation bonds serviced by the County's general fund are collateralized by the full faith, credit, and taxing power of the County. Principal and interest payments are appropriated when due. The County's general obligation bonds payable at June 30, 2018 are comprised of the following individual issues:

Governmental Activities:

#### \$12,735,000 General Obligation Refunding Bonds, Series 2011

Serial bonds payable annually from February 1, 2012 through August 1, 2022 in amounts ranging from \$130,000 to \$2,405,000; interest ranges from 2.0% to 5.0%.

\$ 7,750,000

## \$15,070,000 General Obligation Refunding Bonds, Series 2014

Serial bonds payable annually from May 1, 2015 through May 1, 2019 in amounts ranging from \$2,035,000 to \$4,375,000 at a fixed interest rate of 1.39%.

4,180,000 11,930,000 543,758 \$ 12,473,758

Bond premium

Business type Activities:

#### \$1,250,000 General Obligation Sewer Bonds, Series 2005

Serial bonds payable annually from June 1, 2009 through June 1, 2045 in amounts from \$14,000 to \$52,000; interest of 4.125%

1,054,000

At June 30, 2018, the County had bonds authorized but unissued of \$3,195,000 and a legal debt margin of \$2,126,251,000.

### C - Revenue Bonds

USDA Revenue bonds were issued on June 11, 2018 to retire bond anticipation notes used to fund construction of infrastructure for Overhills Park Water & Sewer District. These bonds are payable solely from revenues generated through the operations of Overhills Park Water and Sewer District. No County funds have been pledged for repayment of the obligation. The County's revenue bonds payable at June 30, 2018 are comprised of the following issues

Business type Activities:

## \$819,000 USDA Revenue Bonds, Series 2018A

Serial bonds with annual interest-only payments for two years. Principal payable annually from June 1, 2021 through June 1, 2058 in amounts ranging from \$14,000 to \$28,000. Interest is paid annually at a rate of 2.375%

819,000

#### \$560,000 USDA Revenue Bonds, Series 2018B

Serial bonds with annual interest-only payments for two years. Principal payable annually from June 1, 2021 through June 1, 2058 in amounts ranging from \$11,000 to \$21,000. Interest is paid annually at a rate of 1.625%.

560,000 \$ 1,379,000

### Notes to the Financial Statements (continued)

June 30, 2018

#### G - Debt Obligations for Southpoint Water and Sewer District

On March 13, 2013, the County entered an agreement with the North Carolina Department of Environment and Natural Resources (DENR) for a loan from the Drinking Water State Revolving Fund for the Southpoint Water Project. DENR agreed to provide funding in an amount up to \$540,802 in the form of a loan from the Drinking Water State Revolving Fund with 80% of the loan immediately forgiven and the 20% loan balance to be repaid in annual installments over 20 years without interest. At June 30, 2015, the final total funding received under this agreement amounted to \$501,615, of which \$401,292 (80%) was immediately forgiven. The 20% remaining balance of \$100,323 is the final loan amount payable to the State of NC without interest. This loan is included in the two tables shown above in Note F (Long-term Obligation Activity). The first principal payment of \$5,408 was made on May 1, 2014. At June 30, 2018, the outstanding loan balance is \$74,933. Annual loan payments are \$4,996 ending May 1, 2033.

## **H - Conduit Debt Obligations**

The County's Industrial Facility and Pollution Control Financing Authority has at various times issued industrial revenue bonds to provide financial assistance to private businesses for economic development purposes. These bonds are secured by the properties financed as well as letters of credit and are payable solely from payments received from the private businesses involved. Ownership of the acquired facilities is in the name of the private business served by the bond issuance. Neither the County, the Authority, the State, nor any other political subdivision thereof is obligated in any manner for the repayment of the bonds. Accordingly, the bonds, if any, are not reported as liabilities in the accompanying financial statements. As of June 30, 2018, there were no industrial revenue bonds outstanding.

#### I - Defeasance of Debt

#### **Current Year Defeasance of Debt**

On August 2, 2017, the County issued \$23,005,000 Limited Obligation Refunding Bonds Series 2017 to provide funds, together with other available funds, to advance refund \$24,150,000 of outstanding bonds as follows:

Current Interest Certificates of Participation Series 2009A	\$ 10,620,000
Current Interest Limited Obligation Refunding Bonds Series 2011B	13,530,000
	\$ 24.150.000

At June 30, 2018, the outstanding defeased balances shown above remain the same and are the responsibility of their respective escrow agents. The Certificates of Participation Series 2009A and Limited Obligation Refunding Bonds Series 2017 mature in lump sums on December 1, 2019 and November 1, 2021, respectively.

The advance refunding did not fully refund the total outstanding balance of either the Certificates of Participation Series 2009A or the Limited Obligation Refunding Bonds Series 2011B. The County retains the responsibility of paying debt service on the portion of the original debt that was not defeased. The balance of the original debt not defeased and included in the County's debt liabilities at June 30, 2018 is \$2,360,000 for the Certificates of Participation Series 2009A and \$8,565,000 for the Limited Obligation Refunding Bonds Series 2011B.

Interest on the Limited Obligation Refunding Bonds Series 2017 is payable semiannually on May 1 and November 1, commencing November 1, 2017, at rates ranging from 2% to 5%. The maturity of the Limited Obligation Refunding Bonds Series 2017 is November 1, 2028. The County completed the advance refunding to reduce its total debt service payments over 11 years by \$2,262,810 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$2,000,059.

### Notes to the Financial Statements (continued)

June 30, 2018

Proceeds have been used to purchase United States government securities that were placed in trust with US Bank (escrow agent for the 2009A Certificates) and Regions Bank (escrow agent for the 2011B Limited Obligation Refunding Bonds). The investments and related fixed earnings are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt is considered defeased and therefore has been removed from the County's liabilities.

Gains and losses from debt refunding's must be deferred and amortized over the lesser of the original remaining life of the old debt or the life of the new debt. Issuance of the Limited Obligation Refunding Bonds Series 2017 resulted in a deferred loss on defeasance of \$2,338,982. At June 30, 2018, the unamortized loss on defeasance balance of \$2,148,398 is reported as deferred outflows of resources in the government wide financial statements. In addition, Limited Obligation Refunding Bonds Series 2017 was issued at a premium of \$4,285,557. Unamortized premium increases the carrying value of debt. At June 30, 2018, the unamortized premium related to the Limited Obligation Refunding Bonds Series 2017 was \$3,936,364, and as such, the carrying value of the debt has been adjusted upward by this amount.

### Prior Years' Defeasance of Debt

In prior years, the County defeased various bond issues by creating separate irrevocable trust funds. New debt was issued and the proceeds were used to purchase U.S. government securities that were placed in the trust funds. The investments and related fixed earnings were sufficient to fully service the defeased debt until the debt was called or matured. For financial reporting purposes, the debt was considered defeased and therefore removed from the County's liabilities. At June 30, 2018, there is no outstanding prior years' defeased general or non-general obligation debt.

Gains and losses from debt refundings must be deferred and amortized over the lesser of the original remaining life of the old debt or the life of the new debt. At June 30, 2018, the County has unamortized net losses on defeasances of \$360,607 related to prior year refundings of general obligation debt and unamortized losses on defeasances of \$1,660,518 related to prior year refundings of certificates of participation and other limited obligation bonds. These deferred amounts are reported as deferred outflows of resources in the government wide financial statements. In addition, unamortized premium increases the carrying value of the debt. The carrying value of prior years' general obligation refunding bonds has been adjusted for unamortized premium of \$543,758. The carrying value of prior years' refunding certificates of participation and other limited obligation bonds has been adjusted for unamortized premium of \$2,418,364.

#### J - ABC Board Notes Payable

The ABC Board has an unsecured note payable to the County for the purchase of a building and land. The ABC Board's note payable at June 30, 2018 is as follows:

### \$275,000 Cumberland County Note

Note payable in quarterly installments, in the In the amount of \$4,583 plus interest at prime rate less 2%

Total	\$ 45,834
Less current portion	 (18,333)
Noncurrent portion	\$ 27,501

Annual debt service requirements to maturity for the ABC Board's note payable are as follows:

Fiscal Year	Pr	Principal				
2019	\$	18,333				
2020		18,333				
2021		9,168				
	\$	45,834				

### Notes to the Financial Statements (continued)

June 30, 2018

The following is a summary of changes in the ABC Board's long-term obligations as of June 30, 2018:

### K - Eastover Sanitary District - General Obligation Bonds

The general obligation bonds of the District, used for the acquisition and construction of a major sanitary system capital improvement, are collateralized by the full faith, credit, and taxing power of the District. Principal and interest payments are appropriated when due. There were no issuances of general obligation debt in fiscal year 2018. Principal payments amounted to \$74,500 during fiscal year 2018.

The District's general obligation bonds payable at June 30, 2018 are comprised of the following individual issues:

### \$2,802,000 USDA General Obligation Water Bonds, Series 2002A

Serial bonds payable annually from June 1, 2003 through June 1, 2042 in amounts ranging from \$0 to \$124,000; interest is paid annually at rate of 4.375%.

\$ 2,226,000

### \$1,102,000 USDA General Obligation Water Bonds, Series 2002B

Serial bonds payable annually from June 1, 2003 through June 1, 2042 in amounts ranging from \$0 to \$46,000; interest is paid annually at rate of 4.75%.

 Total
 3,106,000

 Less current portion
 (78,000)

 Noncurrent portion
 \$ 3,028,000

Annual debt service requirements to maturity for the District's general obligation bonds are as follows:

Fiscal Year	Principal		Interest
2019	\$ 78,000		\$ 139,188
2020	81,500		135,693
2021	85,500		132,041
2022	89,000		128,208
2023	93,000		124,219
2024-2028	531,000		554,723
2029-2033	661,500		424,472
2034-2038	806,500		262,777
2039-2043	 680,000		76,100
	\$ 3,106,000		\$ 1,977,421

### **Notes to the Financial Statements (continued)**

June 30, 2018

### L - Eastover Sanitary District - Non-General Obligation Debt

In March 2010, the Eastover Sanitary District issued bond anticipation notes to finance construction of a major new water project. On August 1, 2011, the District issued new revenue bonds to satisfy the bond anticipation notes. The District will service the new revenue bonds over a period of 40 years from revenues generated by services provided.

The District's revenue bonds payable at June 30, 2018 are comprised of the following individual issues:

### \$4,971,000 USDA Revenue Water Bonds, Series 2011A

Serial bonds payable annually from June 1, 2012 through June 1, 2051 in amounts ranging from \$0 to \$256,000; interest is paid annually at rate of 4.25%.

\$ 4,673,000

### \$1,206,000 USDA Revenue Water Bonds, Series 2011B

Serial bonds payable annually from June 1, 2012 through June 1, 2051 in amounts ranging from \$0 to \$53,000; interest is paid annually at rate of 3.25%.

On September 28, 2007, the District borrowed \$250,000 from the County to help fund a sewer project. Terms of the note included annual payments of \$25,000 including interest at 5.29% beginning one year after completion of construction and a final payment due on September 1, 2012. In June 2012, the County agreed to refinance the loan. The County accepted a payment of \$125,000 including interest on September 1, 2012 and refinanced the remaining balance of \$102,560 at 2.5% for 59 months. Final payment to satisfy the obligation was made on August 1, 2017.

During fiscal year 2012, the District signed a contract with the City of Dunn, North Carolina that provides for the City of Dunn to become the primary water supplier to the District upon completion of a new water line from the City of Dunn to the District's northern boundary. The major terms of the agreement are that the City of Dunn will fund the cost of construction of the water line; the District will purchase a minimum of 300,000 gallons of water per day; and the District will repay the City of Dunn for the actual final cost of construction in monthly installments of \$16,000 over approximately 20 years at 4.0% interest. Construction was completed in fiscal year 2013 at a total cost of \$2,604,064 and the District began making monthly debt payments of principal and interest totaling \$16,000 in January 2013.

The District's installment financing note payable at June 30, 2018 is as follows:

### \$2,604,064 Dunn Water Line Note

Payable in monthly installments of \$16,000 including interest at a fixed rate of 4.0% beginning January 8, 2013 and ending August 8, 2032.

Total	\$ 2,074,647
Less current portion	 (111,035)
Noncurrent portion	\$ 1,963,612

### Notes to the Financial Statements (continued)

June 30, 2018

Annual debt service requirements to maturity for the District's non-general obligation debt are as follows:

Fiscal Year	I	Principal		Interest
2019	\$	197,035	\$	315,870
2020		205,559		307,881
2021		214,267		299,548
2022		222,167		290,863
2023		232,266		281,852

	\$	7,864,647	\$	5,470,899

### M - Eastover Sanitary District - Long-term Obligation Activity

The following is a summary of changes in the District's long-term obligations as of June 30, 2018:

								Current
								Portion
	Balance					Balance	of	Long-term
	June 30, 2017	Additions		D	ecreases	June 30, 2018	L	iabilities
				_				
USDA general obligation bonds	\$ 3,180,500	\$	-	\$	74,500	\$ 3,106,000	\$	78,000
USDA revenue bonds	5,874,000		_		84,000	5,790,000		86,000
Installment notes	2,202,909		-		128,262	2,074,647		111,035
Accrued Vacation	7,838		7,777		8,303	7,312		6,946
Total	\$ 11,265,247	\$	7,777	\$	295,065	\$ 10,977,959	\$	281,981

### Note 10 - Interfund Balances and Activity

### **Due From/To Other Funds**

The composition of interfund balances included in the fund financial statements as of June 30, 2018 is as follows:

		Payable Fund						
			Cumberland Bragg Est					
		Nonmajor		nmajor County		er & Sewer		
	Go	overnmental	Crown Center		District			Total
Receivable Fund								
General Fund	\$	1,153,274	\$	5,500	\$	36,711	\$	1,195,485

Amounts were due to the general fund from other individual major and non-major funds primarily for operating purposes.

### Notes to the Financial Statements (continued)

June 30, 2018

### **Transfers to/from Other Funds**

Transfers in (out) for the year ended June 30, 2018 are summarized below:

		Transfers in:								
					С	umberland	Ove	rhills Park		_
	c	Seneral		lonmajor vernmental	Co	ounty Crown Center		Vater & Sewer	Internal Service	Total
Transfers out:									 	 
General	\$	-	\$	699,306	\$	-	\$	47,000	\$ 100,000	\$ 846,306
Nonmajor governmental		80,406		<u>-</u>		5,737,863				 5,818,269
Total Transfers out	\$	80,406	\$	699,306	\$	5,737,863	\$	47,000	\$ 100,000	\$ 6,664,575

Transfers between the major funds, other non-major governmental and enterprise funds, and internal service funds were primarily to support operations of the funds.

### Note 11 - Joint Venture

The County, in conjunction with the State of North Carolina and the Cumberland County Board of Education, participates in a joint venture to operate the Fayetteville Technical Community College. Each of the three participants appoints four members of the thirteen-member board of trustees of the community college. The president of the community college's student government serves as an ex-officio nonvoting member of the community college's board of trustees. The community college is included as a component unit of the State. The County has the basic responsibility for providing funding for the facilities of the community college. The County also provides some financial support for the community college's operations. In addition to providing annual appropriations for the facilities, the County periodically issues general obligation bonds or limited obligation bonds to provide financing for new and restructured facilities.

The County has an ongoing financial responsibility for the community college because of the statutory requirements to provide funding for the community college's facilities. In December 2012, the County borrowed \$3,198,130 from Bank of America to fund various HVAC and roofing projects at the Community College. In October 2014, the County borrowed \$3,000,000 from PNC Bank to reimburse the Community College for the purchase and renovation of a building to be used for the auto collision repair program. The County has \$1,200,000 in debt outstanding at June 30, 2018 related to the Community College.

The County contributed \$11,172,379 and \$422,125 to the community college for operating and capital purposes, respectively, during the fiscal year ended June 30, 2018. Fiscal year 2018 budgeted, but unspent capital funds in the amount of \$147,560 remain available for appropriation for capital purposes in future years. In addition, during the fiscal year, the County made debt service payments of \$944,448 on the Bank of America and PNC bank installment loans. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2018. Complete financial statements for the community college may be obtained from the Fayetteville Technical Community College's administrative offices at 2201 Hull Road, Fayetteville, North Carolina 28303.

#### Note 12 - Leases

### A - Lessor Arrangements

### **Operating Leases**

The County leases land on the northern right-of-way of Technology Drive to New Cingular Wireless. The cost and carrying value of the property is \$731. The term of the lease was for an initial period of five years commencing June 1998 with an option to extend for four additional consecutive five-year periods. During 2018, the County extended the lease for an additional 5-year term.

### Notes to the Financial Statements (continued)

June 30, 2018

At June 30, 2018, future minimum lease payments under the lease are as follows:

Fiscal Year	
Ended	Amount
2019	\$10,494
2020	10,494
2021	10,494
2022	10,494
2023	10,494
	\$52,470

Effective July 1, 2016, the County agreed to lease certain rooms located on the third and fourth floors of the County-owned office building at 711 Executive Place, Fayetteville, NC to the Cumberland County Hospital System, Inc. The term of the lease is five years and annual rental payments are based on rates ranging from \$5.00 to \$8.00 per square foot.

At June 30, 2018, future minimum lease payments under the lease are as follows:

Fiscal Year		
Ended	A	Amount
2019	\$	108,762
2020		108,762
2021		108,762
	\$	326,286

The Bureau leases its building from Cumberland County for \$6,168 per month for ten years, ending November 30, 2022. The lease includes no provision for increases in rent. The Bureau leases the Cape Fear and Yadkin Valley Passenger Train Depot from the City of Fayetteville, for \$11,180 per year for 25 years, ending June 30, 2028, and month-to-month thereafter. The annual rental payment is subject to a cost of living increase after the first five years of the original term. Minimum future rental payments under non-cancelable leases having remaining terms in excess of one year as of June 30, 2018 for each of the next five years and in the aggregate are:

Fiscal Year	
Ended	Amount
2019	\$85,196
2020	85,196
2021	85,196
2022	85,196
2023	42,020
2024-2028	55,900
	\$438,704

Rental expense for leases was \$85,196 in 2018 and 2017.

### **Notes to the Financial Statements (continued)**

June 30, 2018

### **Management Leases**

The County entered a five-year lease and franchise agreement with Ovations Food Services, L.P. (d/b/a "Spectra Food Services and Hospitality (Spectra)" to provide food and beverage operations for the Cumberland County Crown Complex. At the end of the initial five-year term, the lease is renewable for an additional five years. Spectra ("the franchisee") will pay a percentage of gross receipts as outlined in the franchise agreement

### **B** - Lessee Arrangements

The ABC Board leases real property for three store locations under operating leases expiring in various times through the year 2028. Total rent expense, including amounts for common area maintenance, under leases for the years ended June 30, 2018 and June 30, 2017 was \$183,550 and \$137,894, respectively.

At June 30, 2018, future minimum lease payments under all leases are as follows:

Fiscal Year	
Ended	Amount
2019	\$211,213
2020	191,147
2021	189,151
2022	111,000
2023	114,000
2024-2028	549,000
	\$1,365,511

### Note 13 - Contingent Liabilities

### **Federal and State Assisted Programs**

The County has received proceeds from several Federal and State grants. Periodic audits of these grants are required. Certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refunds of grant moneys.

### Claims and judgments

The County is a defendant in various lawsuits. In the opinion of the County's management and the County attorney, the ultimate effect of these matters will not have a material adverse effect on the financial condition of the County.

#### **Arbitrage**

The County's bond issues are subject to federal arbitrage regulations, and the County has elected to review its potential arbitrage liability annually on the bond issue dates. The arbitrage rebate payments are payable on the fifth anniversary of the bond issue date and every fifth year after that date. At June 30, 2018, the County has no arbitrage liability. Although future amounts to be paid, if any, are not presently determinable,

### Notes to the Financial Statements (continued)

June 30, 2018

the County believes that arbitrage payables have been adequately provided for in the accompanying financial statements.

### Note 14 - Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

### Note 15 - Law Enforcement and Alcoholic Education Expenses

The ABC Board is required by law to expend at least 5% of its total profits for law enforcement, and not less than 7% of its profits for education on the excessive use of alcoholic beverages and for rehabilitation of alcoholics. Profits are defined by law for these calculations as income before law enforcement and educational expenses, less the 3.5% markup provided in G. S. 18B-804(b)(5) and the bottle charge provided for in G. S. 18B-804(b)(6b).

### Note 16 - Subsequent Events

As a result of disaster brought on by Hurricane Florence, Cumberland County was declared a state of emergency on September 14, 2018 with an event incident period from September 7, 2018 through September 29, 2018. Severe damage occurred in isolated areas of the County as a result of flooding, power outages and wind damage. The County is in the process of working with the Federal Emergency Management Agency and our insurance companies to maximize any recoupment of losses.

### Note 17 - Change in Accounting Principles/Restatement

The County implemented Governmental Accounting Standards Board (GASB) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, in the fiscal year ending June 30, 2018. The implementation of the statement required the County to record beginning total OPEB liability and the effects on net position of contributions paid by the County during the measurement period, as well as the removal of the OPEB obligation. As a result, net position for the governmental activities and business-type activities decreased by \$174,789,601 and \$3,843,491, respectively.

### Note 18 - Restatement/Reclassification

A restatement of \$80,891 was required within the fiscal year to correct an entry that was made in a prior period. This entry resulted in a decrease to the general fund and an increase to the transportation fund.

During the fiscal year, the County entered into an agreement with an Actuary to perform an analysis and make a recommendation on the required level of IBNR (loss reserve) within the Workers Compensation Fund. The total IBNR (loss reserve) estimate was \$3,622,800. That total amount is now reflected as a liability to the fund as of June 30, 2018. The portion of that reserve related to the current fiscal year was recorded as an expense with an offsetting liability. The remaining portion totaling \$3,328,532 was recorded as a restatement to net position.

Beginning Balance, PSAP Revenue-Expenditure Report***	 2,356,892
Ending Balance, PSAP Revenue-Expenditure Report	\$ 2,393,012

# STATISTICAL SECTION (Unaudited)

The schedules in this section provide additional information concerning the County's financial performance and position over time. The information provided is limited to the primary government (the County and its blended component units) and therefore does not include information for discrete component units. The schedules are organized in the following categories:

- Financial Trends (Schedules 1 5): These schedules contain trend information to help the user understand changes in the County's financial position and performance over time.
- Revenue Capacity (Schedules 6 9): These schedules contain information to help the user assess the County's most significant local revenue source, the ad valorem property tax.
- Debt Capacity (Schedules 10 12): These schedules contain information to help the user assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.
- Demographic and Economic Information (Schedules 13 14):
   These schedules provide demographic and economic indicators to help the user understand the environment within which the County's financial activities occur.
- Operating Information (Schedules 15 17): These schedules contain service and infrastructure data to help the user understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Net change in fund balances	\$ (20,960,913)	\$ (12,452,780)	\$ 1,742,720	\$ (13,549,291)	\$ (6,467,873)	\$ (4,656,548)	\$ 2,562,406	\$ 1,712,572	\$ 9,378,370	\$ 17,601,444
Debt service as a percentage										
of noncapital expenditures	7.69%	7.44%	7.62%	7.97%	7.92%	7.75%	7.45%	7.30%	6.99%	6.65%

Beginning in FY 2011, capital outlay is no longer reported as a separate expenditure category, but is incorporated in the functional expenditure categories. Prior years are not restated. Beginning with FY 2011, the calculation of debt service as a percentage of noncapital expenditures removes capital outlay (as reported on Page E-4) from total expenditures.

Note: A revaluation of real property is required by North Carolina General Statutes at least every eight years. Assessed valuations are established by the Board of Commissioners at 100% of market value as of the year of the revaluation. The last revaluation was effective January 1, 2009 and is reflected beginning in Fiscal Year 2010.

<sup>&</sup>lt;sup>1</sup> Public service companies' property includes real and personal property of utilities, railroad and buslines, etc. These assessments are made by the North Carolina Department of Revenue with no distinction between real and personal property.

<sup>&</sup>lt;sup>2</sup> Estimated actual taxable value reflects an increase in real and exempt property. Estimated Actual Taxable Value was computed by using Real Estate Assessment Sales Ratio Study Percentages from the North Carolina Department of Revenue.

<sup>&</sup>lt;sup>3</sup> Estimated actual values and the ratio of total assessed value to total estimated actual value has been adjusted to reflect updated sales assessment ratio percentages from the North Carolina Department of Revenue.

<sup>&</sup>lt;sup>4</sup> Denotes the year in which a revaluation was effective on the January 1st preceding the beginning of the fiscal year.

# CONTINUING DISCLOSURE INFORMATION (Unaudited)

Securities Exchange Commission Rule 15c2-12 requires the County to provide continuing disclosures related to certain general obligation and non-general obligation debt. These disclosures are required to be submitted annually to the Municipal Securities Rulemaking Board (the "MSRB") through the web-based Electronic Municipal Market Access ("EMMA") system by the end of the seventh month following the County's fiscal year ended June 30. Limited continuing disclosure information is also included in this Comprehensive Annual Financial Report ("the CAFR") to provide the user with appropriate information in a functional and convenient manner.

# SEC Rule 15c2-12 Continuing Disclosures (Unaudited)

June 30, 2018

#### AVAILABLE SOURCES OF PAYMENT OF INSTALLMENT DEBT

The County may pay installment payments from any source of funds available to the County in each year and appropriated by the Board of County Commissioners for such purpose.

<u>General Fund Revenues</u> - The County's General Fund revenues (excluding other financing sources and funds restricted for Schools) for fiscal year ended June 30, 2018 were \$312,772,361. The major sources of General Fund revenues include property taxes (59.1%), sales taxes (14.1%), and intergovernmental revenues (20.6%). The County's property tax rate for FY 2018 increased from \$0.74 to \$0.799 per \$100 of assessed value. The value of one penny on the tax rate is \$2,279,130. The State Constitution permits counties to impose property taxes of up to \$1.50 per \$100 of assessed value without the requirement of a voter referendum.

Based upon the N.C. General Statutes, the net debt for any county may not exceed 8 percent of the total assessed value of real and personal property. General obligation debt principal (excluding unamortized premium of \$543,758) at June 30, 2018 is \$12,984,000 and is significantly less than the legal limit of approximately \$2 billion. Debt service payments represent 4.12% of total budgeted expenditures for FY2018 and 3.59% of total adopted budget expenditures for FY2019.

<u>Prepared Food and Beverage Tax Revenues</u> - The North Carolina General Assembly (the "General Assembly") has authorized the County to levy a prepared food and beverage tax (the "Food and Beverage Tax") of up to 1% of the sale price of prepared food and beverages sold at retail for consumption on or off the premises by any retailer within the County that is subject to sales tax imposed by the State.

The proceeds of the Food and Beverage Tax are collected monthly by the County and allocated to the Cumberland County Civic Center Commission (the "Commission") and maintained in the County's Prepared Food and Beverage Tax Fund. The Commission may use the proceeds of the Food and Beverage Tax to pay debt service or to expand the existing arena facilities or to pay other costs of acquiring, constructing, maintaining, operating, marketing and promoting the new coliseum or expanded arena facilities. Set forth below are the historical receipts from the Food and Beverage Tax, net of administrative expenses, for the five fiscal years ended June 30, 2018 and the forecasted receipts from the Food and Beverage Tax, net of administrative expenses, for the five fiscal years ending June 30, 2023:

Fiscal Year	Historical
<u>Ended June 30</u> (1)	<u>Receipts (2)</u>
2014	\$ 5,843,580
2015	6,216,979
2016	6,443,541
2017	6,623,400
2018	6,792,048
Fiscal Year	Forecasted
<u>Ended June 30</u>	<u>Receipts (3)</u>
2019	\$ 6,961,849
2020	7,135,895
2021	7,314,293
2022	7,497,150
2023	7,684,579

- (1) The Food and Beverage Tax became effective on January 1, 1994.
- (2) Historical receipts from the Food and Beverage Tax are audited amounts less collection costs ranging from \$53,474 to \$57,009 per year.
- (3) Forecasted receipts assume 2.5% annual growth in tax revenue and 2.5% annual growth in the cost of collection.

# SEC Rule 15c2-12 Continuing Disclosures (Unaudited) June 30, 2018

Occupancy Tax Revenues - The General Assembly has also authorized the County to levy a room occupancy and tourism development tax (the "Occupancy Tax") on the gross receipts derived from the rental of any sleeping room or lodging furnished in any hotel, motel, or inn located in the County. This is in addition to any state or local sales or occupancy tax. The Occupancy Tax does not apply to any room or rooms, lodging or accommodations supplied to the same person for a period of 90 continuous days or more or to sleeping rooms or lodgings furnished by charitable, educational, benevolent or religious institutions or organizations not operated for a profit. Prior to January 1, 2002, the Occupancy Tax rate was 3%. In 2001, the General Assembly authorized a series of 1% increases in the occupancy tax rate to be implemented over several years, eventually capping out at 6%. On January 1, 2002, the authorized rate increased to 4%. Effective January 1, 2004 the authorized rate increased to 5% and on January 1, 2005, the authorized rate capped out at 6%. The legislation also created the Cumberland Tourism Development Authority ("CTDA"). The legislation did not change the percentage of the Occupancy Tax previously allocated to the Civic Center Commission. The proceeds of the Occupancy Tax are collected monthly by the County. The County deducts 3% for administrative expenses on the first \$500,000 collected and 1% on amounts in excess of \$500,000. Fifty percent of the net proceeds from the first 3% of the Occupancy Tax is allocated to the Civic Center Commission and the remainder to CTDA. All taxes collected in excess of the first 3% are allocated to CTDA. CTDA is required to share 50% of these "additional" taxes with the Arts Council to support festivals and events that will draw tourists to the County. The remainder must be used by CTDA to promote travel and tourism in the County.

The Civic Center Commission may use the proceeds of the Occupancy Tax received by it only to finance renovations and expansions of the Cumberland County Crown (Civic) Center, and, with the permission of the Board of County Commissioners, to finance construction of new convention-oriented or multipurpose facilities. Set forth below are the historical receipts of the Civic Center Commission from the Occupancy Tax, net of administrative expenses, for the five fiscal years ended June 30, 2018 and the forecasted receipts from the Occupancy Tax, net of administrative expenses, for the five fiscal years ending June 30, 2023:

Fiscal Year Ended June 30	Historical <u>Receipts (1)</u>
2014	\$ 1,214,817
2015	1,336,237
2016	1,329,245
2017	1,483,761
2018	1,457,929
Fiscal Year	Forecasted
Ended June 30	Receipts (2)
Litaea Julie Jo	iteceipis (z)
2019	\$ 1,487,088
2019	\$ 1,487,088
2019 2020	\$ 1,487,088 1,516,830
2019 2020 2021	\$ 1,487,088 1,516,830 1,547,166

- (1) Historical receipts from the Occupancy Tax are audited amounts less 3% collection fee.
- (2) Forecasted receipts assume 2.0% annual growth rate less fixed 3% collection fee.

Under the statutory distribution formula, the County will receive an equivalent amount in each fiscal year with such amount to be used for advertising the civic center complex and promoting travel and tourism within the County. The County expects to use the proceeds of the Occupancy Tax allocated to the Commission and the Food and Beverage Tax as sources from which to make its installment payments. These proceeds and transfers of amounts from the General Fund necessary to make such installment payments are deposited into a special fund created by the County. No assurance can be given that the proceeds of the Occupancy Tax and Food and Beverage Tax will be equal to the installment payments in any fiscal year. However, the County has not used any General Fund revenues since FY2010 to support debt service on the Civic Center complex. In addition, the proceeds of the Occupancy Tax and the Food and Beverage Tax have not been pledged directly or indirectly as security for any debt obligation and the registered owners of any such debt obligation have no lien on or claim against such

# SEC Rule 15c2-12 Continuing Disclosures (Unaudited) June 30, 2018

proceeds, whether or not a default occurs, and although the County has no reason to believe that either event will take place, no assurance can be given that the Occupancy Tax and the Food and Beverage Tax will not be reduced or appealed by the General Assembly or the Board of County Commissioners. The General Assembly is not precluded by any existing statutory or constitutional provision from enacting legislation that may repeal, reduce or otherwise adversely affect the County's authority to impose the Occupancy Tax and the Food and Beverage Tax.

#### **DEBT INFORMATION**

#### **RATINGS**

In July 2017, Standard and Poor's Rating Group affirmed the County's AA+ General Obligation Bond Rating and AA appropriation rating on debt outstanding. The affirmations are a result of the County's very strong budgetary flexibility with available reserves, strong budgetary performance in fiscal year 2016 with slight operating surpluses to the general fund, very strong liquidity, strong management with good financial policies, and a very strong debt and contingent liabilities profile.

In July 2017, Moody's Investor Service affirmed the Aa1 rating of the County's General Obligation Bond debt and the Aa2 rating of outstanding Limited Obligation Bonds and Certificates of Participation. The Aa2 rating reflects the satisfactory legal structure, the essential nature of the pledged assets, and the long-term credit characteristics of the County. The Aa1 General Obligation rating reflects the County's robust tax base with an average socioeconomic profile, anchored by Fort Bragg. The rating reflects the County's strong financial performance, including the maintenance of General Fund balance levels consistently more than 35% of revenues and adopted financial and debt policies which demonstrate prudent and conservative management.

### **DEFEASANCE OF GENERAL OBLIGATION DEBT**

In prior years, the County defeased various general obligation bond issues by creating separate irrevocable trust funds with various escrow agents. New debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the trust funds. The investments and related fixed earnings are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been removed from the County's liabilities. As of June 30, 2018, all prior year defeased general obligation debt has been fully paid by the various escrow agents.

Note: The outstanding non-general obligation debt shown above does not include obligations that are solely the responsibility of the County's various discretely presented component units including the Eastover Sanitary District (\$7,864,647) and the ABC Board (\$45,834).

# SEC Rule 15c2-12 Continuing Disclosures (Unaudited) June 30, 2018

The obligations of the County under the installment financing arrangements described above are not secured by a pledge of the taxing power of the County. In the event of a default by the County, the sole recourse of the obligee is to foreclose on, or otherwise realize upon its security interest in, the property acquisition or improvement of which was financed. No deficiency judgment may be rendered against the County.

#### **DEFEASANCE OF OTHER (NON-GENERAL OBLIGATION) DEBT**

On August 2, 2017, the County issued \$23,005,000 Limited Obligation Refunding Bonds Series 2017 to advance refund a portion of Certificates of Participation Series 2009A (\$10,620,000) and a portion of Limited Obligation Refunding Bonds Series 2011B (\$13,520,000). Proceeds from the refunding have been used to purchase U.S. government securities and have been placed in trust with US Bank (2009A COPS) and Regions Bank (2011B Refunding LOBS). The investments and related fixed earnings are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt is considered defeased and has been removed from the County's liabilities.

At June 30, 2018, the balance of the defeased debt, payable by the escrow agents, is \$10,620,000 for the 2009A COPS maturing December 1, 2019 and \$13,530,000 for the 2011B Refunding LOBS maturing November 1, 2021. The County has no other defeased debt that has not matured.

#### **DEBT OUTLOOK**

The County prepares an annual Capital Improvements Plan which projects capital needs for five years into the future with projections for annual debt service and operating requirements. Funding to support the annual debt service and operating expenses is converted to an equivalent tax rate for comparison purposes.

During the next several years, the County will review other potential projects for funding. These projects include school construction and other governmental and enterprise capital improvements.

Compiled for the Primary Government by the Cumberland County finance department from the FY2019 adopted budget ordinance at July 1, 2018.

The General Fund includes a legally budgeted County School Fund and a legally budgeted Capital Investment Fund which are consolidated into the General Fund for reporting purposes to comply with GASB 54. Transfers between the General Fund, the County School Fund, and the Capital Investment Fund have been eliminated.

# Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of County Commissioners County of Cumberland, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the County of Cumberland, North Carolina (the "County"), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated November 30, 2018. Our report includes a reference to other auditors who audited the financial statements of the Cumberland County ABC Board, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the Fayetteville Area Convention and Visitors Bureau and the Cumberland County ABC Board were not audited in accordance with *Government Auditing Standards*.

### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Fayetteville, North Carolina November 30, 2018

Chumy Bellaert LLP

# Report of Independent Auditor on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by OMB Uniform Guidance and the State Single Audit Implementation Act

Board of Commissioners County of Cumberland, North Carolina

## Report on Compliance for Each Major Federal Program

We have audited the County of Cumberland, North Carolina (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2018. The County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

### Management's Responsibility

Management is responsible for compliance with Federal and State statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

#### **Other Matters**

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as items **2018-001**, **2018-003**, **2018-004**, and **2018-005**. Our opinion on each major federal program is not modified with respect to these matters.

The County's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs and corrective action plan. The County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

# **Report on Internal Control over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, we did identify a deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item **2018-002** that we consider to be a significant deficiency.

The County's response to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs and corrective action plan. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State Single Audit Implementation Act. Accordingly, this report is not suitable for any other purpose.

Fayetteville, North Carolina November 30, 2018

Chumy Bellaert LLP

# Report of Independent Auditor on Compliance for Each Major State Program and on Internal Control over Compliance in Accordance With the OMB Uniform Guidance and the State Single Audit Implementation Act

Board of Commissioners County of Cumberland, North Carolina

#### Report on Compliance for Each Major State Program

We have audited the County of Cumberland, North Carolina (the "County") compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on each of the County's major State programs for the year ended June 30, 2018. The County's major State programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

# Management's Responsibility

Management is responsible for compliance with State statutes, regulations, and the terms and conditions of its State awards applicable to its State programs.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the County's major State programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the applicable sections of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) as described in the Audit Manual for Government Auditors in North Carolina and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major State program. However, our audit does not provide a legal determination of the County's compliance.

#### **Basis for Qualified Opinion on State Foster Home Fund**

As described in the accompanying schedule of findings and questioned costs, the County did not comply with requirements regarding the State Foster Home Fund program as described in finding number **2018-006** for Eligibility. Compliance with such requirements is necessary, in our opinion, for the County to comply with the requirements applicable to that program.

#### **Qualified Opinion on State Foster Home Fund**

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the State Foster Home Fund for the year ended June 30, 2018.

# **Unmodified Opinion on Each of the Other Major State Programs**

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major State programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2018.

#### Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which is required to be reported in accordance with applicable sections of the Uniform Guidance, as described in the *Audit Manual for Governmental Auditors in North Carolina*, which are described in the accompanying Schedule of Findings and Questioned Costs as items **2018-007**, **2018-008**, and **2018-009**. Our opinion on each major State program is not modified with respect to these matters.

The County's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs and corrective action plan. The County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

### **Report on Internal Control over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major State program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major State program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be a material weakness and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2018-006 to be a material weakness.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a State program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item **2018-007** to be a significant deficiency.

The County's responses to the internal control over the compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

# Non-material noncompliance – Eligibility Finding 2018-001

Criteria: In accordance with the County's policies and procedures, client files must maintain the

proper documentation related to all services and eligibility determinations performed.

Condition: We noted three instances in which the Family Services Agreement was not renewed

within 6 months or was missing from the client's file.

Questioned Costs: None. The lack of documentation in the client's file did not affect the client's eligibility.

Context: A total of 9 clients were selected for review during the period from July 2017 to June

2018.

Effect: The signed Family Services Agreements were not in the file.

Cause: Employee oversight during eligibility determination or documentation was misplaced.

Recommendation: The County should implement policies and procedures to ensure that client eligibility

and documentation is maintained appropriately.

maintain the proper documentation related to all services and eligibility determinations

performed.

Condition: We noted one instance in which there was no documentation in file indicating how the

proof of residency was verified.

Questioned Costs: None. The lack of documentation in the client's file did not affect the client's eligibility.

Context: A total of 40 WIC clients were selected for review during the period from July 2017 to

June 2018.

Effect: The client receiving benefits was potentially ineligible for services performed.

Cause: Employee oversight during the eligibility determination or documentation was

misplaced.

Recommendation: The County should implement policies and procedures to ensure that client eligibility

and documentation is appropriately maintained.

Low-Income Home Energy Assistance Program ("LIHEAP")
CFDA # 93.568

# Non-material noncompliance - Eligibility Finding 2018-004

Criteria: In accordance with the Cumberland County's policies and procedures, client files must

maintain the proper documentation related to all services and eligibility determinations

performed.

Condition: We noted the three instances where approved applications (2 LIHEAP, 1 Crisis

Intervention) selected for testing did not have a signed Rights and Responsibilities page

in the record.

Questioned Costs: None. The lack of documentation in the client's file did not affect the client's eligibility.

Context: A total of 40 clients were selected for review during the period July 2017 to June 2018.

Effect: The client receiving benefits was potentially ineligible for services performed.

Cause: Employee oversight during the eligibility determination or documentation was

misplaced.

Recommendation: The County should implement policies and procedures to ensure that client eligibility

and documentation is appropriately maintained.

CFDA # 93.568

# Non-material noncompliance – Subrecipient monitoring Finding 2018-005

Criteria: In accordance with the Cumberland County's policies and procedures, agreements

should outline all terms and conditions expected for the arrangement.

Condition: We noted seven of the 21 items required to be included in the subrecipient agreement

were omitted.

Questioned Costs: None. The subrecipient has been performing the same duties for this program for over

15 years. The items which were omitted would not have affected the subrecipient's

expectations, performance, or reporting under the agreement.

Context: The program has one subrecipient, whose agreement was reviewed during testing.

Effect: Subrecipient agreements excluded required elements that outline all terms and

conditions of the arrangement, which could result in the subrecipient being unaware of

all requirements.

Cause: Employee oversight over the information required to be included in the agreement.

Recommendation: The County should implement policies and procedures to ensure that subrecipient

agreements include all required elements.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)

YEAR ENDED JUNE 30, 2018

# **Section IV. State Award Findings and Questioned Costs**

N.C. Department of Health and Human Services, Division of Social Services State Foster Home Fund

# Material weakness, material noncompliance – Eligibility Finding 2018-006

Criteria: The County should claim reimbursement for costs incurred for providing services to

clients from the federal or state programs that the clients are eligible for.

Condition: We noted one case where a client was determined to be eligible for the Federal IV-E

foster care program, but reimbursement was claimed from the State Foster Home

Program throughout fiscal year 2018.

Questioned Costs: Known questioned costs are \$16,363, comprised of the monthly maintenance payments

for each month of fiscal year 18 as reported on the PQA-020 reports. Likely questioned costs of \$140,951 were calculated as an extrapolation of the error rate in the sample (foster care and guardianship assistance program) to the population of total foster care and guardianship assistance program costs from the PQA-020, PQA-044 and PQA-045

reports for the fiscal year.

Context: A total of 40 client files (38 foster care and 2 guardianship assistance program) were

selected for review for the period July 2018 through June 2018. Of the 38 foster care client files tested, we noted one instance where the eligibility application prepared when the client was removed from the home documented that the client was eligible for Federal IV-E. However, reimbursement for the client's monthly maintenance payments

was claimed from the State Foster Home Fund.

Effect: The State paid for foster care services for a client who was eligible for federal services.

Cause: Employee oversight during initial data entry after eligibility determination.

Recommendation: The County should implement policies and procedures to ensure that data entry is

accurate.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)

YEAR ENDED JUNE 30, 2018

# Section IV. State Award Findings and Questioned Costs (continued)

N.C. Department of Health and Human Services DSS Crosscutting

# Non-material noncompliance and significant deficiency – Special Tests and Provisions – Contract Procedures Applicable to all Social Services programs Finding 2018-007

Criteria: Any service purchased by a County Department of Social Services/Human Services

must have a contract unless a purchased service is covered in a specific program which does not require use of this specific contract and has Federal and/or State funding. Every contract must include a notarized Conflict of Interest Policy, notarized Statement of No Overdue Taxes, an indemnification clause, a pre-audit statement in accordance

with G.S. 159-28, and documentation of the fund source.

Condition: Out of the two contracts selected for testing, we noted one contract that did not contain

the required language noted above in the criteria.

Questioned Costs: None. The items which were omitted would not have affected the expectations,

performance, or reporting under the agreement.

Context: Any service purchased by a County Department of Social Services/Human Services

must have a contract unless a purchased service is covered in a specific program which does not require use of this specific contract and has Federal and/or State funding. The local Department of Social Services/Human Services should use the documents and instructions provided on the North Carolina Division of Social Services web-site as guidance when entering into any contract. If a county has its own contractual procedures, these are permissible but at a minimum must include the items outlined on the web-site which includes a notarized Conflict of Interest Policy and a notarized Statement of No Overdue Taxes, an indemnification clause, a pre-audit statement in

accordance with G.S. 159-28, and documentation of the fund source.

Effect: The County is not in compliance with contract requirements provided by the North

Carolina Division of Social Services.

Cause: The original contract was several years old and could not be located by the County.

Recommendation: The County should implement policies and procedures to ensure all County Department

of Social Services contracts with Federal and/or State funding contain the language required by the North Carolina Department of Social Services and are kept on file for

review.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)

YEAR ENDED JUNE 30, 2018

# Section IV. State Award Findings and Questioned Costs (continued)

N.C. Department of Health and Human Services, Division of Social Services State Foster Home Fund

# Non-material noncompliance – Eligibility Finding 2018-008

Criteria: Certain documents should be maintained in the case files and reviewed and updated on

a regular basis to comply with program requirements as noted in the Integrated

Eligibility Manual.

Condition: We noted one instance where a case plan was not in a client's file.

Questioned Costs: None. The lack of case plan in the client's file did not affect the client's eligibility.

Context: A total of 40 client files (38 foster care and 2 guardianship assistance program) were

selected for review for the period July 2018 through June 2018. Of the 38 foster care client files tested, we noted one instance where the client file did not have a case plan

(Family Services Agreement).

Effect: The County did not have a case plan to guide County staff in providing agreed-upon

services to the client.

Cause: Employee oversight during the initial eligibility determination or eligibility

redetermination.

Recommendation: The County should implement policies and procedures to ensure that required

documentation is completed and filed in the client files.

Views of Responsible

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)

YEAR ENDED JUNE 30, 2018

# Section IV. State Award Findings and Questioned Costs (continued)

N.C. Department of Health and Human Services, Division of Social Services State Foster Home Fund

# Non-material noncompliance – Reporting Finding 2018-009

Criteria: County personnel must manually enter the amounts paid to foster parents and

guardians each month into the State's system in order to be reimbursed for those

monthly payments.

Condition: We noted three payments which were not entered accurately into the State's system.

Questioned Costs: \$30 known questioned costs. No additional likely questioned costs as the County

underclaimed reimbursement overall by \$473. The net underclaimed costs extrapolate

to an estimated \$39,822 of reimbursement not claimed from the State.

Context: A total of 40 client files (38 foster care and 2 guardianship assistance program) were

selected for review for the period July 2018 through June 2018. Of the 40 foster care and guardianship client files tested, we noted one instance where the County claimed reimbursement for \$30 more than was actually paid and two instances where the

County claimed less reimbursement than was actually paid.

Effect: The County received \$30 more than it should have for one payment but was underpaid

a total of \$473 for two other payments. However, the errors in the payment amounts

could just as easily been reversed with the County receiving a net overpayment.

Cause: Employee oversight during the review of data entry.

Recommendation: The County should implement policies and procedures to ensure that data is entered

accurately when claiming reimbursement for program costs.

Views of Responsible

# DEPARTMENT OF PUBLIC HEALTH

Finding #: 2018-003

Name of Contact Person: Candi York, Accountant

Corrective Action Plan: The WIC Department currently completes quarterly reviews

(internal audits) of client records to include eligibility reviews. The Proof of Residency field is a required field within Crossroads so we are unsure of how the clerk was able to continue with processing the record. Because of this finding, the WIC Director will ensure during the quarterly reviews that the proof of residency documentation is present. If this is found again she will reach out to the State for further research into the software

issue.

Proposed Completion Date: Will be reviewed during quarterly reviews effective immediately.

The next scheduled review will be conducted in 12/5/18.

We stand united to strengthen individuals and families and to protect children and vulnerable adults...

# Finding #: 2018-005

Name of Contact Person: Dawn Keeler, Accountant I-Business Operations Finance

Corrective Action Plan: An amendment, including the required contractual items in the subrecipient agreement with the Salvation Army for administration of the Energy Programs, has been completed. The amendment is being forwarded to the CCDSS Director and the Vendor for signatures.

.

Proposed Completion Date: January 31, 2018

Finding #: 2018-006

Name of Contact Person: Heike Hammer, SW Supervisor III-Children's Services QA & Training

Corrective Action Plan: The following procedures have been put into place to ensure that each child coming into care is identified and assessed for IV-E eligibility as quickly as possible. A designated QA Social Worker will notify the Foster Care Medicaid Team of children who enter care each month. FC Medicaid workers will ensure that they have received a Medicaid Application (DSS-5120) from the child's social worker, follow normal tracking/assessment processes and enter the appropriate fund source on the case. The FC Medicaid worker will notify the QA social worker of the fund source and DSS-5120 completion date. The QA social worker will update the Children Entering Custody

There were 2 children on this case resulting in a total Foster Care Board Assistance Payment Adjustment from CCDSS to the Division of Social Services of \$22,220.89. Our Finance Unit has submitted the adjustments.

Proposed Completion Date: October 1, 2018

Finding #: 2018-007

Name of Contact Person: Dawn Keeler, Accountant I-Business Operations Finance

Corrective Action Plan: Once available, a copy of the updated County contract will be obtained and kept on file for future audits. Finance staff will ensure that a contract is obtained for contracted services.

ervices.

Proposed Completion Date: Unknown-dependent upon County to provide.

# Finding #: 2018-008

Name of Contact Person: Heike Hammer, SW Supervisor III-Children's Services QA & Training

Corrective Action Plan: Refresher training addressing Family Service Agreements, Timeframes for updates, Parent Involvement or lack of involvement and submission of the Child Placement and Payment forms (DSS-5094) with the Foster Care Medicaid Application (DSS-5120) will be provided at the next Children's Services Section meeting. Sign in sheets verifying attendance will be maintained by Children's Services Trainers and the Human Services Planner Evaluator.

Proposed Completion Date: December 21, 2018

## Finding #: 2018-009

Name of Contact Person: Dawn Keeler, Accountant I-Business Operations Finance

Corrective Action Plan: Supervisory staff will check invoices against payment amounts that are entered into the Child Payment Placement System (CPPS) by the Acct Tech I each month. It is felt that this level of QA will sufficiently minimize keying errors.

The adjustment for the \$30 overpayment was sent by CCDSS to the Division of Social Services on August 31, 2018.

The adjustment for the \$473 underpayment was sent by CCDSS to the Division of Social Services on November 21, 2018.

One case was found to have a keying error. Despite the amount keyed being less than the actual amount paid out, CCDSS received the maximum reimbursement possible. Therefore, no adjustment was needed because the error did not cause a payment error.

Proposed Completion Date: November 21, 2018

SCHEDULE OF PRIOR YEAR AUDIT FINDINGS

SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS

YEAR ENDED JUNE 30, 2018

#### Notes to the Schedule of Expenditures of Federal and State Financial Awards:

### 1. Basis of Presentation

The accompanying schedule of expenditures of federal and State awards includes the federal and State grant activity of the County of Cumberland and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Uniform Grant Guidance and the *State Single Audit Implementation Act.* Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

#### 2. <u>Subrecipients</u>

Of the federal and State expenditures presented in the schedule, the County of Cumberland provided federal awards to subrecipients as follows:

	CFDA	Federal	State
Program Title	<u>Number</u>	<b>Expenditures</b>	<u>Expenditures</u>
Highway Planning and Construction	20.205	\$ 414,047	\$ -
Supportive Housing Program	14.235	164,955	-
Juvenile Crime Prevention Program		-	983,008

- 3. The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes: Subsidized Child Care, Foster Care and Adoption Assistance.
- 4 The County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.
