Hepatitis C Pre-Treatment Lab Program

The Cumberland County Department of Public Health, in-conjunction with the North Carolina Hepatitis Academic Mentorship Program (CHAMP), is now offering FREE hepatitis C pre-treatment labs and services. The goal of this program is to:

- Ensure patients follow through with their treatment by reducing the barrier of cost.
- Improve the health of rural and underserved communities in North Carolina by building a primary care workforce with the expertise to manage and cure hepatitis C.

For questions or referrals please contact the Epidemiology Clinic at 910-433-3638 or 910-433-3752. Please see attached referral form.
