

Town Hall Meetings About the Alliance Health Tailored Plan

What are they?

A great chance for residents, health care providers and other stakeholders to share feedback and ask questions about Alliance Health's Medicaid Tailored Plan and Tailored Care Management benefit. Tailored Care Management, where a designated care manager will address a member's whole-person health needs, starts December 1, 2022. The Tailored Plan, an integrated health plan for individuals with significant behavioral health needs, intellectual/developmental disabilities, and traumatic brain injury, starts on April 1, 2023. You can learn more about the Alliance Health Tailored Plan at AllianceHealthPlan.org/tp/.

Why have these town hall meetings?

Alliance Health is committed to providing a seamless transition to the new Tailored Plan for members and supporting local providers before and after the launch of this new health plan.
