6:00—6:45 PM Dinner
6:45—8:45 PM Randall Arendt
8:45—9:00 PM Questions and
Discussion

FEATURING: RANDALL ARENDT

Randall Arendt is a well respected and recognized presenter in the field of rural planning and design. He is the current Senior Conservation Advisor at the Natural Lands Trust in Media, Pennsylvania. Mr. Arendt is the country's most sought-after and dynamic speaker on the topic of creative development design as a conservation tool and the author of more than 20 publications. He has presented slide lectures in 45 states and has been featured as a key speaker at national conferences sponsored by the American Planning Association and the national Association of Home Builders.

Mr. Arendt will present a slide lecture on how to utilize a variety of design techniques to conserve community-wide open space while still meeting the density objectives of the developers. He will also show how this design process can fit into the regulatory framework of any local government.
