RESOLUTION

Planning Board Resolution for One Year Review	129
---	-----

ARTICLE I. ADMINISTRATIVE PROVISIONS

SECTION 101 INTENT AND PURPOSE

An Ordinance establishing zoning regulations in Cumberland County, North Carolina, and providing for the administration, amendment and enforcement of this Ordinance and defining the duties and powers of a Board of Adjustment in accordance with the provisions of the North Carolina General Statutes and amending all previous Cumberland County Zoning Ordinances.

This Ordinance is to provide for the public health, safety and general welfare, encourage orderly development, protect the quality of the environment and regulate the location and use of structures and land for commerce, industry, residences, parks, public uses, etc., in accordance with the Comprehensive Land Use Plan.

State Statute Reference: N.C. GEN. STAT., Chapter 153A, Planning and Regulation of Development

SECTION 102 TITLE

This Ordinance shall be known and may be cited as the “Cumberland County Zoning Ordinance.”

SECTION 103 AUTHORITY

The Board of Commissioners of Cumberland County, pursuant to the authority conferred by N.C. GEN STAT §153A-340 et seq., adopts, approves, enacts, and ordains this Ordinance.

SECTION 104 JURISDICTION

On and after June 20, 2005, this Ordinance shall govern the use of all lands within Cumberland County and all areas located outside of the jurisdiction of any municipality. This Ordinance may also regulate territory within the jurisdiction of any municipality whose governing body by resolution agrees to such regulation; provided, however, that any such municipal governing body may, upon one year’s written notice, withdraw its approval of the County zoning regulations, and those regulations shall thereafter have no further effect within the municipality’s jurisdiction.

SECTION 105 APPLICATION

The provisions of this Ordinance shall be interpreted and applied as minimum requirements adopted for the promotion of the public health, safety, morals, convenience, order, prosperity, general welfare and protection of the property rights of the community.

SECTION 106 ENFORCING INSPECTOR

This Ordinance shall be administered and enforced by the County's Code Enforcement Coordinator. This official or their representative shall have the right to enter upon the premises in any manner authorized by law as required to carry out the necessary duties for the fair and impartial enforcement of this Ordinance. All questions arising in connection with enforcement and interpretation of this Ordinance shall be presented first to the Code Enforcement Coordinator who is charged with the enforcement of this Ordinance. If the Code Enforcement Coordinator finds that they are not authorized to make a determination or judgment or that the question automatically falls within the jurisdiction of the Board of Adjustment, then the matter shall be referred to the Board for review and decision in accordance with the provisions of Section 1604.

SECTION 107 ZONING PERMIT

- A. Zoning Permit Required. It shall be unlawful to commence the excavation for or the construction of any building or other structure, including accessory structures, or to commence the moving, alteration or repair of any structure, or the use of any land or building, including accessory structures, until the Code Enforcement Coordinator has issued a zoning permit for such work or use. Such permit shall include a statement that the plans, specifications for, and intended use of such land or structure, in all respects, conform with the provisions of this Ordinance and the County Subdivision Ordinance. Application for a zoning permit shall be made in writing to the Code Enforcement Coordinator on forms provided for that purpose. Zoning permits shall be void after six months from date of issue unless substantial progress on the project has been made by that time.
- B. Approval of Plans. The Code Enforcement Coordinator shall review all applications for a zoning permit for any purpose regulated by this Ordinance and the County Subdivision Ordinance for conformity with this Ordinance and the County Subdivision Ordinance. To this end, every application for a zoning permit shall be accompanied by a plan or plat drawn to scale and showing the following in sufficient detail to enable the Code Enforcement Coordinator to ascertain whether the proposed activity conforms with this Ordinance and the County Subdivision Ordinance:
1. The actual shape, location and dimensions of the lot.
 2. The shape, size and location of all buildings or other structures to be erected, altered or moved and of any building or other structures already on the lot.
 3. The existing and intended use of all such buildings or other structures.
 4. Such other information concerning the lot or adjoining lots as may be essential for determining whether the provisions of this Ordinance and the County Subdivision Ordinance are being observed.

In any planned district, the Code Enforcement Coordinator shall not issue a zoning permit except in conformance with an approved site plan. The site plan shall also, without limitation, comply with all applicable standards of the Article XIV of this Ordinance.

- C. Issuance of Zoning Permit. If the proposed activity as set forth in the application conforms with the provisions of this Ordinance and the County Subdivision Ordinance, the Code Enforcement Coordinator shall issue a zoning permit for such purpose. If any application for a zoning permit is not approved, the Code Enforcement Coordinator shall state in writing on the application the cause for such disapproval. Issuance of a permit shall in no case be construed as waiving any provision of this Ordinance or of the County Subdivision Ordinance and the County reserves the right to rescind any zoning permit mistakenly issued in contravention of the provisions of this Ordinance or of the county Subdivision Ordinance.

SECTION 108 CERTIFICATE OF OCCUPANCY REQUIRED

No land or structure (except for signs) or part thereof hereafter erected, moved or altered in its use shall be used until the Code Enforcement Coordinator has issued a "Certificate of Occupancy" stating that such land, structure or part thereof conforms with the provisions of this Ordinance and the County Subdivision Ordinance. Within three days after notification that a structure or premises or part thereof is ready for occupancy or use, it shall be the duty of the Code Enforcement Coordinator to make a final inspection thereof, and to issue a "Certificate of Occupancy" if the building or premises or part thereof conforms with the provisions of this Ordinance or the County Subdivision Ordinance; or if such certificate is refused, to state the reason for the refusal in writing.

SECTION 109 BONA FIDE FARM EXEMPTION

The provisions of this Ordinance do not apply to bona fide farms. This Ordinance does not regulate croplands, timberlands, pasturelands, orchards, or other farmlands, or any farmhouse, barn, poultry house or other farm buildings, including tenant or other houses for persons working on said farms, so long as such houses shall be in the same ownership as the farm and located on the farm. To qualify for the bona fide farm exemption, the land must be a part of a farm unit with a North Carolina State Cooperative Extension Office or United State Department of Agriculture farm number assigned. Residences for non-farm use or occupancy and other non-farm uses are subject to the provisions of this Ordinance.

SECTION 110 FEES

Each applicant for a zoning amendment, either general or for a Conditional Use District and Permit, text amendment, appeal from administrative decisions, variance or Special Use Permit shall pay a nonrefundable fee in accordance with a schedule recommended by the Planning Board and adopted by the Board of Commissioners.

(This page intentionally left blank.)

ARTICLE II. INTERPRETATIONS, CALCULATIONS, AND DEFINITIONS

The interpretation of terms, methods of measurement, and definitions contained in this Article shall be observed and applied when construing this Ordinance, except when the context clearly indicates otherwise. Words not otherwise defined shall be construed and given their customary and ordinary meaning.

SECTION 201 INTERPRETATIONS OF COMMON TERMS AND WORDS

For the purpose of interpreting certain words or terms contained within this Ordinance, the following shall apply:

- A. Words used in the present tense include the future tense. Words used in the singular number include the plural, and words used in the plural number include the singular, unless the natural construction of the wording indicates otherwise.
- B. The word “shall” is always mandatory and not discretionary.
- C. The word “may” is permissive.
- D. The word “person” includes any firm, association, organization, partnership, corporation, trust or company, or any other legal entity, as well as an individual.
- E. The word “lot” shall include the words “piece,” “parcel,” “tract” or “plot.”
- F. The phrase “used for” shall include the phrases “arranged for,” “designed for,” “intended for” and “occupied for.”
- G. Any reference to an “Article” or “Section” shall mean an Article or Section of this Ordinance, unless otherwise specified.

SECTION 202 METHODS OF CALCULATION

The rules set out herein shall be used to enforce and apply this Ordinance, unless such rules are inconsistent with specific criteria contained within an individual Article or Section. If a discrepancy arises between the following methods and any specific Section elsewhere in this Ordinance, the standards of the Section shall prevail.

- A. Fractional Requirements. When any requirement of this Ordinance results in a fraction of a unit, a fraction of one-half or more shall be considered a whole unit, and a fraction of less than one-half shall be disregarded. When the determination of the number of dwelling units permitted on a lot results in a fraction of a dwelling unit, a fraction of one-half or more shall be considered a dwelling unit, and a fraction of less than one-half shall be disregarded. This Section does not pertain to the district dimensional provisions of Section 1104 for individual lots within a development.
- B. Computation of Time. The time within which an act is to be completed shall be computed by excluding the first day and including the last day; if the last day is a

Saturday, Sunday or legal holiday recognized by the County, that day shall also be excluded.

C. Calculations of Measurement. The spatial separations required by this Ordinance shall be calculated as follows:

1. Distance. By drawing a straight line from the closest point on the perimeter of the exterior wall of the site being measured to the closest point of the property line in question.
2. Separation from a Use/Structure. By drawing a straight line from the closest point on the perimeter of the exterior wall, structure or bay to another structure, the property line, or a well or septic, as applicable.
3. Area. Multiplying the length times the width and then further calculate to provide total acreage or square footage.

SECTION 203 DEFINITIONS OF SPECIFIC TERMS AND WORDS

In further amplification and for clarity of interpretation of the context, the following definitions of word usage shall apply:

Abutting/Contiguous: Having property or district lines in common, i.e., two lots are abutting if they have any portion of any property line in common. Lots are also considered to be abutting if they are directly opposite each other and separated by a street, alley, railroad right-of-way or stream.

Access: A way of approaching or entering a property. Access also includes ingress, the right to enter and egress, and the right to leave.

Accessory Building or Use: A building or use, not including signs, which is:

- A. Conducted or located on the same zoning lot as the principal building or use, or off-street parking, as specifically provided for in this Ordinance;
- B. Clearly incidental to, subordinate in area and purpose to, and serving the principal use; and
- C. Either in the same ownership as the principal use or clearly operated and maintained solely for the comfort, convenience, necessity or benefit of the occupants, employees, customers or visitors of or to the principal use.

Agriculture: The practice of cultivating the soil, producing crops, and raising livestock; such as but not limited to dairying, pasturage, viticulture, horticulture, hydroponics, floriculture, aquaculture, truck farming, orchards, forestry and animal and poultry husbandry. The operation of any accessory uses shall be secondary to that of the normal agricultural activities.

Airport Operations (Major): Any area of land or water which is used or intended for use for the landing and taking off of aircraft having a seating capacity of ten or more person, and any appurtenant areas which are used or intended for use for airport buildings

or other airport facilities or rights-of-way, including all necessary taxiways, aircraft storage and tie-down areas, hangars and other necessary buildings and open spaces.

Airport Operations (Minor): Any area of land or water designed and set aside for the landing and takeoff of aircraft provided that no aircraft capable of seating more than nine persons shall be permitted to utilize the site. This definition includes all necessary facilities for the housing and maintenance of aircraft. (Section 902)

Alley: A public or private right-of-way primarily designed to serve as a secondary access to the side or rear of those properties whose principal frontage is on a street and is not intended for general traffic.

Alter: To make any change, addition or modification in construction, occupancy or use.

Alternative Structure (regarding Telecommunication Facilities): A structure which is not primarily constructed for the purpose of holding antennas but on which one or more antennas may be mounted. Alternative structures include, but are not limited to, flagpoles, buildings, silos, water tanks, pole signs, lighting equipment, steeples, billboards and electric transmission towers. (Section 927)

Amusement Center: An establishment offering five or more amusement devices, including, but not limited to, coin-operated electronic games, shooting galleries, table games and similar recreational diversions within an enclosed building.

Antenna: Any exterior transmitting or receiving device that radiates or captures electromagnetic waves (excluding radar signals).

Apartment: A room or suite of rooms intended for use as a residence by a single household or family. Such a dwelling unit may be located in an apartment house, duplex, or as an accessory use in a single home or a commercial building.

Assembly: An event causing a company of persons to collect together in one place, and usually for some common purpose, such as for deliberation and legislation, worship or social entertainment.

Bars & Nightclubs: Establishments including private clubs, sports bars/clubs etc., that may be licensed to sell alcoholic beverages to be consumed on the premises and do not meet the criteria to be a restaurant.

Bed and Breakfast: A form of temporary/transient housing with breakfast included, but no other meals available. There is no restaurant, but overnight guests may use a dining room, which is open only during breakfast hours. (Section 903)

Berm: Any elongated earthen mound designed or constructed to separate, screen or buffer adjacent land uses.

Billboard: See Section 1302 for all sign-related definitions.

Board of Adjustment: A quasi-judicial body whose establishment, powers, authority, and responsibility is described in detail in Article XVI.

Board of Commissioners: The governing body of Cumberland County.

Boarding House: A building other than a bed and breakfast, hotel, inn or motel where, for compensation, meals are served and lodging is provided.

Bona Fide Farm: Any tract of land where the land is used for the production of and activities relating to, or incidental to, the production of crops, fruits, vegetables, ornamental and flowering plants, dairy, livestock, poultry and all other forms of agricultural products having a domestic or foreign market. (Section 109)

Borrow Source Operations: The removal of soil, sand or other soil materials, with further processing limited to dry screening to remove roots, trash, objectionable and other deleterious material. The provisions of this Ordinance shall not apply to bona fide farming activities, operations subject to North Carolina Department of Transportation contractual agreements, or jurisdiction for the duration of the contract only, and any operations exempt from the State Mining Commission's regulations. These exemptions shall apply in all zoning districts. (Section 904)

Buffer: An opaque fence, wall, berm, hedge or other natural planting, or a combination thereof, which will restrict the view from adjoining streets and/or abutting properties. (Section 1102 G)

Buildable Area (Buildable Envelope): The space remaining on a lot after the minimum open space requirements (yards, setbacks, etc.) have been met.

Building: Any structure enclosed and isolated by exterior walls constructed or used for residence, business, industry or other public or private purposes, or accessory thereto, including tents, lunch wagons, dining cars, trailers, manufactured homes and attached or unattached structures consisting of roof and supporting members, and similar structures whether stationary or movable.

Building Footprint: The portion of a lot's area that is enclosed by the foundation of buildings, plus any cantilevered upper floor, stoops, porches, chimneys, decks, etc.

Building Frontage: The linear foot of a building that runs approximately parallel to and faces public or private street(s).

Building Height: The vertical distance measured from the average elevation of the finished grade at the front of the building to the highest point of the building. Spires, cupolas, chimneys, antennae attached to a building, and/or projections from buildings or

radio, TV, communications, telecommunication and water towers are not to be included in the calculations of building height.

Building Lot Coverage: The amount of net lot area or land surface area, expressed in terms of a percentage that is covered by all principal buildings.

Building, Principal (Main): A building in which the principal use is conducted for the lot on which it is situated.

Building, Setbacks: The minimum distance from all property and/or right-of-way lines to the closest projection of the exterior face of buildings, walls or other forms of construction (i.e. decks, landings, terraces, and porches, etc.).

Building, Temporary: A building used temporarily for the storage of construction materials and equipment incidental and necessary to on-site permitted construction of utilities, or other community facilities, or used temporarily in conjunction with the sale of property within a subdivision under construction.

Camouflage: To disguise with paint or other aesthetic means so as to blend with the surrounding area.

Campground/RV Parks: Land upon which shelters (such as tents, travel trailers and recreational vehicles) are erected or located for occupation by transients and/or vacationers. They may include such permanent structures and facilities as are normally associated with the operation of a campground. (Section 921)

Canopy, Marquee or Awning: A roof-like cover extending over a sidewalk, walkway, driveway or other outdoor improvement for the purpose of sheltering individuals or equipment from the weather. An awning is made of fabric or some flexible fabric-like substance. Canopies and marquees are rigid structures of a permanent nature. (Section 1102 A)

Cemetery: As defined in Chapter 65, Article 9, of the General Statutes of North Carolina, any one or a combination of more than one of the following in a place used or to be used and dedicated or designed for cemetery purposes: a) burial park for earth internment; b) mausoleum; c) columbarium.

Certificate of Occupancy: Official certification that a premises conforms to the provisions of this Ordinance (and State Building Code) and may be used or occupied. Such a certificate is granted for new construction or for alterations or additions to existing structures or a change in use. Unless such a certificate is issued, a structure cannot be occupied, but a certificate may be issued for a portion of a structure ready for occupancy, such as separate dwelling or commercial units in a structure with multiple units.

Change of Use: Changing the original purpose of the building to a different use or changing the lot configuration due to changed requirements (e.g., adding display or storage areas).

Club or Lodge (Private, Nonprofit, Civic or Fraternal): A nonprofit association of persons, who are bona fide, dues-paying members, which own, hire or lease a building, or portion thereof, the use of such premises being restricted to members and their guests. The affairs and management of such “private club or lodge” are conducted by a board of directors, executive committee or similar body chosen by the members. It shall be permissible to serve food and meals on such premises provided that adequate dining room space and kitchen facilities are available. The sale of alcoholic beverages to members and their guests shall be allowed provided it is secondary and incidental to the promotion of some other common objective of the organization, and further provided that such sale of alcoholic beverages is in compliance with applicable Federal, State and local laws. (Section 905)

Conditional Use: A use or occupancy of a structure, or a use of land, permitted only upon the successful rezoning to a Conditional Use District and subsequent issuance of a Conditional Use Permit and made subject to the limitations and conditions specified therein. (Article V, Article VI, Article VII, & Article VIII)

Condominium Development: A project of two or more units in one or more multi-unit buildings designed and constructed for unit ownership as permitted by the North Carolina Unit Ownership Act, N. C. GEN. STAT. 47A-1, et seq., and shall be approved under the requirements for condominium developments set forth in the County Subdivision Ordinance.

Conservancy: Any legally established incorporated entity, whether for profit or non-profit, whose organization is dedicated to the protection of the environment and natural resources.

Convalescent Home (Nursing Home): An institution that is advertised, announced or maintained for the express or implied purpose of providing nursing or convalescent care for persons unrelated to the licensee. A convalescent home is a home for chronic or nursing patients who, on admission, are not as a rule acutely ill and who do not usually require special facilities such as an operating room, x-ray facilities, laboratory facilities or obstetrical facilities. A convalescent home provides care for persons who have remedial ailments or other ailments for which continuing medical and skilled nursing care is indicated; who, however, are not sick enough to require general hospital care. Nursing care is their primary need, but they will require continuing medical supervision. A major factor that distinguishes convalescent homes is that the residents will require the individualization of medical care. (Section 917)

County Subdivision Ordinance: The Cumberland County Subdivision Ordinance, which governs the division and development of property located within the jurisdictional boundary of the County of Cumberland. (Appendix B, Cumberland County Code)

Day Care Facility: A building or dwelling regularly used for recreational or supervisory care of nine or more persons (adults or children), not including the operator's own family members, during any 24-hour period. It does not matter where it is located, whether the same or different persons attend and whether or not it is operated for profit. The following are not included: public schools; nonpublic schools, as described in N. C. GEN. STAT. §110-86(2); summer camps having children in full-time residence; summer day camps; specialized activities or instruction such as athletics, clubs, the arts, etc.; and bible schools normally conducted during vacation periods. (Section 906)

Density: The average number of families, persons, housing units or buildings per unit of land.

Density Development: The division of ten acres or more of land, in such a way as to allow development at the density of the underlying zoning district while at the same time promoting the preservation of natural topography by requiring that all development occur on 60 percent of the overall acreage with open space designation for the other 40 percent. (Article VIII)

Detention Facility: A publicly or privately operated jail or prison designed for the detention of juveniles or adults as pretrial detainees or as convicted inmates serving terms of incarceration. (Section 907)

Driveway: A private access way, the use of which is limited to persons residing, employed or otherwise using or visiting the parcel in which it is located.

Dwelling: A building or portion thereof designed, arranged or used for permanent living quarters. The term "dwelling" shall not be deemed to include a travel trailer, recreational vehicle, motel, hotel, tourist home or other structures designed for transient residence.

Dwelling, Multiple Family: A residence designed for or occupied by two or more families with separate housekeeping and cooking facilities for each.

Dwelling, Single Family: A detached residence designed for or occupied by one family only.

Easement: A right given or reserved by the owner of land for specific limited use of that land.

Family: One or more persons occupying a single housekeeping unit and using common cooking facilities, provided that, unless all members are related by blood, marriage or adoption, no such family shall contain over five persons. The presence of household employees or children in foster care shall not disqualify any premises otherwise satisfying the above rules.

Fences or Walls, (Privacy): A solid fence or wall is defined as one in which the openings through which clear vision and the free passage of air from one side to the other

does not exceed 25 percent of the fence or wall. All others are open fences or walls. (Section 1102 C)

Flea Market: Sales area (indoors or outdoors) in which space is set aside or rented, and which is intended for use by one or more individuals to sell a variety of articles. (Section 923)

Floor Area, Gross: The total area of a building measured by taking the outside dimensions of the building at each floor level.

Floor Area, Net: The horizontal area of each floor of a building or structure; excluding those areas not directly devoted to the principal, incidental, or accessory use, such as: storage areas, stairwells, elevators, closets, restrooms, maintenance rooms, hallways, and similar areas.

Food Sales/Grocery Stores: Stores specializing in the sale of foodstuffs as its principal business with incidental sales of household supplies.

Garage, Commercial: Any building or premises, except those described as a private or parking garage, used for the storage or care of motor vehicles, or where any such vehicles are equipped for operation, repaired or kept for remuneration, hire or sale.

Garage, Private: An accessory building or portion of a building permitted in any district allowing residential uses, providing for the storage of private motor vehicles used by the occupants of the principal building, and in which no business, occupation or service for profit is in any way conducted, except in an approved home occupation.

Golf Course/Driving Range: Land developed for the recreational purpose of golf, excluding miniature golf courses and including country clubs, private and public courses, driving ranges and pro and snack shops. (Section 908)

Group Development: A group of two or more principal uses, structures, or dwelling units occupying, built on, or intended to occur on a single lot, tract, or parcel of land. (County Subdivision Ordinance)

Group Home: A home with support and supervisory personnel, some or all of whom are nonresident, that provides room and board, personal care and habilitation services in a residential environment to not more than six resident handicapped persons 24 hours a day, seven days a week. (Section 909)

Group Quarters: A building or group of buildings, which houses more than two persons in other than a traditional family setting. Housing may be in individual rooms or communal rooms with bathroom facilities and other common use areas. Housing may be free of charge or with a fee (monetary or service). This definition shall not include foster care homes, therapeutic foster care homes or other uses specifically listed in Section 403, Use Matrix, i.e., group homes and residential habilitation support facilities. It does

include, but is not limited to, rooming/boarding houses, dormitories, children's homes, religious quarters, membership lodgings, halfway houses, alcohol and drug abuse centers, homeless shelters and hospice facilities. (Section 910)

Halfway House: An establishment whose primary purpose is the rehabilitation of persons. Such services include drug and alcohol rehabilitation and rehabilitation for prison parolees and juveniles. This shall not include facilities defined and licensed as "group homes." Halfway houses will be regulated as "group quarters." (Section 910)

Handicapped Person: A person with a temporary or permanent physical, emotional or mental disability, including but not limited to mental retardation, cerebral palsy, epilepsy, autism, hearing and sight impairments, emotional disturbances and orthopedic impairments, but not including mentally ill persons who are dangerous to others as defined in N. C. GEN. STAT. § 122C-3(11)(b).

Hazardous Materials Storage: The keeping, retention or leaving of hazardous materials in closed containers, tanks, cylinders or similar vessels; or vessels supplying operation through closed connections to the vessel. (Section 911)

Highway Plan: A plan, formally known as "Fayetteville Area Metropolitan Planning Organization Highway Plan", that provides and defines a functional system of streets permitting travel from origins to destinations with directness, ease and safety. Different streets in this system are designed and called on to perform specific functions, thus minimizing the traffic and land service conflict.

Home Occupation: Any occupation or profession carried on entirely within a dwelling or accessory building on the same lot by one or more occupants thereof. (Section 1002 A)

Hospital: An institution designed for the diagnosis, treatment and care of human illness or infirmity and providing health services primarily for inpatients and including as related: clinic facilities, laboratories, outpatient departments, training facilities and staff offices. (Section 917)

Hotel/Motel: A building or other structure kept, maintained, advertised as or held out to the public to be a place where sleeping accommodations are supplied for pay to transient or permanent guests or tenants and where rooms are furnished for the accommodation of such guests. Entry to sleeping rooms may be from the interior or exterior of the building. Food may be served in dining rooms, restaurants or cafes, which may be located in the same building as the sleeping rooms or may be in one or more separate buildings.

Junk Yard: Any area exceeding 200 square feet, in whole or in part, where waste or scrap materials are bought, sold, exchanged, stored, baled, packed, disassembled or handled, including but not limited to, scrap iron and other metals, paper, rags, vehicles, rubber tires and bottles. A "junk yard" includes a motor vehicle wrecking yard, but does not include uses established entirely within enclosed buildings. It also includes residential outside storage of the above items. (Section 915)

Kenel: Any premises where four or more dogs which are five months old or older are kept commercially or as pets, excluding pet grooming shops, veterinary clinics and veterinary hospitals. (Section 912)

Land, Gross Area: The square footage of all the area included within the external boundary of the property to be developed excluding existing public streets and railroad right-of-ways.

Land, Net Area: The land area required to meet the minimum dimensional zoning district standards as required by this Ordinance.

Landfill, Demolition: A landfill facility for stumps, limbs, leaves, concrete, brick, wood, uncontaminated earth and other solid wastes resulting from construction, demolition or land clearing.

Landfill, Sanitary: A facility where waste material and refuse is placed in the ground in layers and covered with earth or some other suitable material each work day. Sanitary landfills shall also conform to requirements of 15A N.C. ADMIN. CODE 13B regarding solid waste management.

Loading Area or Space, Off-Street: An area logically and conveniently located for bulk pickups and deliveries, and accessible to such vehicles. Required off-street loading space is not to be included as off-street parking space in computing required off-street parking space. (Article XII)

Lot: A parcel of land occupied or intended for occupancy, by a main building or group of main buildings together with any accessory buildings, including such yards, open spaces, width, and area as are required by this Ordinance, either shown on a plat of record or described by metes and bounds and recorded with the Register of Deeds.

Lot, Corner: A lot abutting the intersection of two or more streets, or a lot abutting on a curved street or streets, which streets have an angle of intersection of not more than 135 degrees. (Section 1101 G-Corner Lots, 1102 C-Fences, 1102 D-Corner Visibility, Article XIII, Sign Regulations)

Lot, Depth: The depth of a lot is the average distance between the front and back lot lines excluding street rights-of-way.

Lot, Flag: A lot where the main body of the lot is separated from the street giving access to the property, but which has an included strip of land at least 20 feet in width connecting the lot to the street, thus providing lot access.

Lot, Frontage: The linear feet of property measured along the property line that abuts a public street. On a private street the distance is measured along the right-of-way line adjoining the street.

Lot, Interior: A lot other than a corner lot.

Lot Lines: The lines bounding a lot. Where a lot of record includes a public street right-of-way, the lot lines are presumed not to extend into the right-of-way.

Lot, Through: An interior lot having frontage on two streets or a corner lot having frontage on three streets.

Lot Width: The straight-line distance between the points where the building setback line intersects the two side lot lines.

Lot of Record: A lot which is a part of a subdivision, a plat of which has been recorded in the office of the Cumberland County Register of Deeds, or a lot described by metes and bounds, the description of which has been recorded in the office of the Cumberland County Register of Deeds and, if applicable, meets all requirements of the County Subdivision Ordinance.

Manufactured Home: A manufactured building designed to be used as a single-family dwelling unit, which has been constructed and labeled indicating compliance with the HUD administered National Manufactured Housing Construction and Safety Standards Act of 1974, as amended. (Section 913)

Manufactured Home, Class A: A manufactured home constructed after July 1, 1976, that meets or exceeds the construction standards promulgated by the U.S. Department of Housing and Urban Development that were in effect at the time of construction and that satisfies the following additional criteria:

- A. The manufactured home has a length not exceeding four times its width, with length measured along the longest axis and width measured at the narrowest part of the other axis.
- B. The pitch of the roof of the manufactured home has a minimum vertical rise of 2.2 feet for each 12 feet of horizontal run and the roof is finished with a type of shingle that is commonly used in standard residential construction.
- C. All roof structures shall provide an eave projection of no less than six inches, which may include a gutter.
- D. The exterior siding consists predominantly of vinyl or aluminum horizontal lap siding (whose reflectivity does not exceed that of gloss white paint) or wood or hardboard siding, comparable in composition, appearance and durability to the exterior siding commonly used in standard residential construction.
- E. The manufactured home is set up in accordance with the standards set by the North Carolina Department of Insurance and a continuous permanent masonry foundation, or permanent masonry curtain wall, un-pierced except for required ventilation and access, is installed under the manufactured home.
- F. Stairs, porches, entrance platforms, ramps and other means of entrance and exit to and from the home shall be installed or constructed in accordance with the standards set by the North Carolina Department of Insurance, attached firmly to the primary structure and anchored securely to the ground.
- G. The moving hitch, wheels and axles, and transporting lights have been removed.

Manufactured Home, Class B: A manufactured home constructed after July 1, 1976, that meets or exceeds the construction standards promulgated by the U.S. Department of Housing and Urban Development that were in effect at the time of construction, but that does not satisfy all of the criteria necessary to qualify the house as a Class A manufactured home.

Manufactured Home, Class C: Any manufactured home that does not meet the definitional criteria of a Class A or Class B manufactured home. (Section 913)

Manufactured Home Park: Any site or tract of land with more than two spaces intended to be occupied by manufactured homes, regardless of whether a charge is made for such services. Manufactured home parks may include recreational facilities and other incidental structures necessary to support the residents of the park. (County Subdivision Ordinance)

Manufactured Home Space: A plot of land within a manufactured home park designed for the accommodation of one manufactured home. (County Subdivision Ordinance)

Massage and Bodywork Therapy: Systems of activity applied to the soft tissues of the human body for therapeutic, educational or relaxation purposes as regulated by N.C. GEN STAT, Chapter 90, and the North Carolina Board of Massage and Bodywork Therapy. The application may include:

- A. Pressure, friction, stroking, rocking, kneading, percussion or passive or active stretching within the normal anatomical range of movement;
- B. Complimentary methods, including the external application of water, heat, cold, lubricants and other topical preparations;
- C. The use of mechanical devices that mimic or enhance actions that may possibly be done by the hands.

Massage and Bodywork Therapist: Any person who is licensed by the North Carolina Board of Massage and Bodywork Therapy to practice massage and bodywork therapy as defined and regulated by N.C. GEN STAT., Chapter 90.

Mini-Warehouse/Storage Facilities: A building, or group of buildings, in a controlled access and/or fenced compound that contains varying sizes of individual, compartmentalized and controlled access stalls or lockers for the dead storage of a customer's personal property, goods or wares. No sales, service, or repair activities other than the rental of dead storage units are permitted on the premises. (Section 914)

Mixed Use: Buildings erected for two or more different uses, such as residential, office, retail, government, or entertainment and are functionally designed to share vehicular and pedestrian access and parking areas. (Article VI)

Modular Structure: A manufactured structure designed for year-round residential or commercial use, with major components or modules pre-assembled and transported to a

site for final assembly, foundation, construction, and utility connection. Such structures must meet all requirements of the North Carolina State Building Code and must have attached a North Carolina Validating Stamp.

Motor Vehicle: A machine designed or intended to travel over land or water by self-propulsion or while attached to a self-propelled vehicle, except that said definition shall not include a “manufactured home” or “mobile home” as defined in County Health Department regulations, the County Subdivision Ordinance, and this Ordinance.

Motor Vehicle Parking Lot: An area or plot of land used for, or designated for, the short-term parking of serviceable motor vehicles, either as a principal use or as an accessory use. (Article XII)

Motor Vehicle Parking Lot, Commercial: A tract of land which is used for the storage of motor vehicles, not accessory to any other use on the same or any other lot, and which contains parking spaces rented to the general public or reserved for individuals by the hour, day, week, or month.

Motor Vehicle Parking Space: An area of not less than 20 feet in length and nine feet in width for one automobile, plus the necessary access space. (Article XII)

Motor Vehicle Parking, Off-Street: A parking space located outside of a street right-of-way. (Article XII)

Motor Vehicle Storage Lot: A plot of land used for the open storage of vehicles, which does not meet the definition of a junkyard or motor vehicle parking lot.

Municipal Influence Area: Areas within the County that are assigned to a specific municipality where that municipality’s standards shall be applicable. The official Municipal Influence Area Map is filed with the County Clerk and maintained by the Planning Board.

Nonconforming Lot: A lot existing at the effective date of this Ordinance or any amendment to it that was created in compliance with the County Subdivision Ordinance in effect at the time of lot creation and that does not meet the minimum area or lot width or depth requirements of the district in which the lot is located. (Sections 1003 & 1004)

Nonconforming Structure: An existing structure that does not comply with the dimensional requirements of this Ordinance for the district in which it is located either at the effective date of this Ordinance or as a result of subsequent amendments thereto. (Sections 1003 & 1004)

Nonconforming Use: Any existing use of land or structure which does not comply with the use regulations of this Ordinance for the district in which it is located either at the effective date of this Ordinance or as a result of subsequent amendments thereto. (Sections 1003 & 1004)

Nuisance: Anything that unreasonably interferes with the use or enjoyment of property, endangers personal health or safety, or is offensive to the senses.

Obscene Matter: Any item with a context of a sexual nature depicting, describing or related to anatomical areas and sexual activities.

Obstruction: Any structure, growth, or other object, including a mobile object, which exceeds a limiting height set forth in this Ordinance.

Open Space: The land used for recreation, natural resource protection, amenities and/or buffer areas. Open space may include, but is not limited to, walkways, recreation areas, playgrounds, wooded areas, greenways and watercourses.

Ordinance: This, the Cumberland County Zoning Ordinance, including any amendments. Whenever the effective date of the Ordinance is referred to, the reference includes the effective date and the effective date of any amendment to the Zoning Ordinance. This Ordinance consists of two parts – a text and a map, in hardcopy or digital format.

Personal Property: Property owned, utilized, and maintained by an individual or members of the common residence and acquired in the normal course of living in or maintaining a residence. It does not include merchandise that was purchased for resale or obtained on consignment. (Section 1001 D)

Planning Board: The Cumberland County Joint Planning Board.

Plat/Plan: A map, usually of land which is to be or has been subdivided, showing the location, boundaries, and ownership of properties; the location, bearing and length of every street and alley line, lot line and easement boundary line; and such other information as may be necessary to determine whether a proposed subdivision or development meets all required standards of this Ordinance, the County Subdivision Ordinance, and other applicable ordinances.

Premises: A lot and the structure or structures located on it.

Principal Structure/Principal Uses: The primary building(s), purpose(s) or function(s) that a parcel or structure serves or is intended to serve.

Public Utility Station: A structure or facility used by a public or quasi-public utility agency to store, distribute or generate electricity, gas, telecommunications and related equipment or to pump or chemically treat water. This does not include storage or treatment of sewage, solid waste or hazardous waste.

Public Water and/or Sewer: Municipal, sanitary district, community, and privately owned water and/or sewer systems as regulated and controlled by the North Carolina Utilities Commission, North Carolina State Board of Health and the County Health Department.

Public Way: Any street, alley or similar parcel of land, which is deeded, dedicated or otherwise permanently appropriated to the public for public use.

Quarry Operations: The extraction or removal by any means, to include, but not limited to, such activities as blasting, excavating, jacking of minerals, ores or other materials which are processed by washing, wet screening, classifying, crushing, material gradation or other treatment which combines, mixes or blends with other materials. (Section 919)

Recreation, Indoor: An establishment providing completely enclosed recreation activities. Accessory uses shall be permitted to include the preparation and serving of food and/or the sale of equipment related to the enclosed uses. Included in this definition shall be bowling, roller-skating or ice-skating, billiards, pool, motion picture theatres and related amusements. (Section 920)

Recreation, Outdoor: An area free of buildings except for restrooms, dressing rooms, equipment storage, maintenance buildings, open-air pavilions and similar structures used primarily for recreational activities. (Section 920)

Recreational Vehicle: A vehicle which is built on a single chassis or capable of being placed in or on a vehicle; designed to be self-propelled or towable by a light duty truck; and designed primarily for use as temporary living quarters for recreational, camping, travel or seasonal use. The basic entities are travel trailer, camping trailer, truck camper, and motor home.

Recreational Vehicle Park: See “Campground/RV Park” above.

Religious Worship Activity: Any premises, the principal purpose of which is religious worship and in which the principal structure is the principal place of worship. Accessory uses may include religious education classrooms, assembly rooms, kitchen, library room or reading room, recreation hall and a one-family dwelling unit (parsonage).

Residential Habilitation Support Facility: A day care home with support and supervisory personnel that provides room and board, personal care and habilitation services in a family environment to more than six resident handicapped persons. (Section 922)

Restaurant: An eating establishment, including cafeterias, cafes, grills, fast-food establishments, etc., that has gross receipts from food sales and non-alcoholic beverage sales of at least 30 percent of the total gross receipts including alcoholic beverage sales. This definition does not include those uses regulated by Section 924.

Right-of-Way: An area owned and maintained by a municipality, the State of North Carolina, a public utility, a railroad or a private entity for the placement of such utilities and/or facilities for the passage of vehicles or pedestrians, including roads, pedestrian walkways, utilities or railroads.

Septage: A fluid mixture of untreated and partially treated sewage solids, liquids and sludge of human or domestic waste origin removed from a sewage collection, treatment and disposal system.

Septage Disposal Site: A site that has been approved for the disposal of septage by the County Health Department, and if applicable, the North Carolina Department of Environment and Natural Resources.

Setback: The required distance between every structure with other structures, whether on the same or separate lots, and every structure and the lot lines of the lot on which it is located. (Section 1104)

Sexually Oriented Business: Any business or enterprise that has as one of its principal business purposes or as a predominant purpose of its business an emphasis on matter and conduct depicting, describing or related to anatomical areas and sexual activities specified in N.C. GEN STAT §14-202.10. (Section 924)

Shopping Center: A group of retail and other commercial establishments that is planned and designed for the site on which it is built, functioning as a unit, with common entrance ways, off-street parking, landscaped areas, and pedestrian paths provided on the property as an integral part of the unit.

Sign: See Section 1302 for all sign-related definitions.

Site Plan: A scaled drawing depicting uses and structures proposed for a parcel of land as required by this Ordinance and the County Subdivision Ordinance. It includes such things as lot lines, streets, building sites and setbacks, means of access, parking, reserved open space, buildings, major landscape features—both natural and manmade—and, depending on requirements, the locations of proposed utility lines. The specific criteria for site plans are found in Article XIV.

Solid Waste Disposal Facility: Any depository of solid waste, excluding earth for fill and septage. This definition includes, but is not limited to, demolition landfills, sanitary landfills, sewage treatment facilities and waste incinerators. (Section 925)

Special Use: Those uses for which a permit is required for the proposed activities which are essentially compatible with other uses or activities permitted in a zoning district, but which present unique challenges or possess unique characteristics, or qualities that require comprehensive review at a quasi-judicial public hearing by the County Board of Adjustment and which may be allowed only after the findings of fact and the imposition of reasonable conditions. (Section 1606)

Street: A public or private thoroughfare which affords the principal means of access to abutting property, including avenue, place, way, drive, lane, boulevard, highway, road and any other thoroughfare, except an alley.

Street, Private: Any road, street, or alley which is not publicly owned and maintained and is used for access by the occupants of the development, their guests, and the general public. (This does not include neighborhood public roads, cart paths and ingress/egress easements.) Requirements for private streets are in the County Subdivision Ordinance.

Street, Public: A dedicated public right-of-way for vehicular traffic that affords the principal means of access to abutting properties.

Structure: That which is built or constructed, an edifice or building of any kind, or any piece of work artificially built up or composed of parts joined together in some definite manner.

Subdivision: All divisions of a less than ten acre tract or parcel of land into two or more lots, building sites or other divisions for the purpose of sale or building development, whether immediate or future, with certain modifications as more particularly defined in the County Subdivision Ordinance.

Swimming Pool, Private: Any structure which contains water over 24 inches in depth and which is used, or intended to be used, for swimming or recreational bathing in connection with a single-family residence and which is available only to the family and guests of the house holder. This includes in-, on- and above-ground swimming pools. (Section 1002 C)

Swimming Pool, Public: Any swimming pool that does not meet the definition of “Private, Swimming Pool” located above. The County Subdivision Ordinance and the County Health Department also regulate public swimming pools. (Section 1002 C)

Temporary: A permit or event for a limited period of time. (Section 1001)

Therapeutic Foster Care Home: A 24-hour residential treatment facility located in a private residence which provides professionally trained parent substitutes who work intensively with children and adolescents who are emotionally disturbed or have a substance problem, or both. These homes shall not serve more than two children or adolescents.

Tower: Any fabricated structure or device including, but not limited to, relay stations for commercial operations, such as cable television, telecommunication, radio, television stations and the operation of such uses. “Tower” shall not include structures that support antennae or similar devices that support or facilitate HAM radio or Citizen Band communication. (Section 927)

Urban Services Area: An area defined and adopted by the County Commissioners and denoted on the Land Use Plan Map as being suitable for supporting urban development due to the availability of existing or proposed urban services. Appropriate residential development densities would include urban and suburban densities.

Variance: A variance is a relaxation of the terms of this Ordinance where such variance will not be contrary to the public interest and where, owing to conditions peculiar to the property and not the result of the action of the applicant, a literal enforcement of the Ordinance would result in unnecessary and undue hardship. (Section 1605)

Vertical Mixed Use: Buildings erected for two or more different uses, providing space for non-residential uses on the ground floor with residential areas located on the upper floors and functionally designed to share vehicular and pedestrian access and parking areas. (Article VI)

Yard, Front: An area of which the width is measured the entire length of the front property line between the side property lines; and the depth is measured as the distance between the street right-of-way or property line and the required front setback line.

Yard, Rear: An area of which the width is measured the entire length of the rear property line between the side property lines; and the depth is measured as the distance between the property line and the required rear setback line.

Yard Sale: All general sales open to the public, conducted from or in an area that is residentially zoned or residentially used for the purpose of disposing of personal property including, but not limited to, all sales entitled “garage,” “lawn,” “yard,” “attic,” “porch,” “room,” “backyard,” “patio,” or “rummage sale.” (Section 1001 D)

Yard, Side: An area extending from the required front setback to the required rear setback, or to the front or rear property lines where no front or rear setback is required by the provisions of this Ordinance, the minimum and average dimensions of which are determined by the standards of property development of the zoning district in which such lot is located.

Zero Lot Line Development: A development including, but not limited to, patio houses, town houses and businesses including one or more structures comprising at least two single-family residences or businesses, whether attached or detached, intended for separate ownership and developed in accordance with the standards of the County Subdivision Ordinance.

Zoning: A police power measure, enacted by the County Commissioners pursuant to enabling statutes, in which the County is divided into districts or zones within which Permitted, Conditional, and Special Uses are established, as are regulations governing lot size, building bulk, placement, and other development standards. Requirements vary from district to district, but they must be uniform within districts.

Zoning District: An area established by this Ordinance where the individual properties are designed to serve compatible functions and to be developed at compatible scales.

(This page intentionally left blank.)

ARTICLE III. ZONING DISTRICTS

SECTION 301 ESTABLISHMENT OF DISTRICTS

For the purpose of this Ordinance, the areas shown on the County's zoning map are divided into the following general classes of districts.

SECTION 302 CONSERVANCY DISTRICT

CD Conservancy District: This district is designed to preserve and protect identifiable natural resources from urban encroachment. The general intent of the district is to provide open area uses for such resource areas that will continue to provide limited development potential while preserving existing conditions to the extent feasible. Areas to be zoned in this district shall be identifiable as swamp, marsh, flood land, poor or very severe soils areas or managed and unmanaged woodland on USGS (Geological Survey) maps, soil maps prepared by the USDA (Department of Agriculture) Soil Conservation Service or other appropriate sources and on file in the County Planning and Inspections Department.

SECTION 303 AGRICULTURAL DISTRICTS

- A. A1 Agricultural District: This district is designed to promote and protect agricultural lands, including woodland, within the County. The general intent of the district is to permit all agricultural uses to exist free from most private urban development except for large lot, single-family development. Some public and/or semi-public uses as well as a limited list of convenient commercial uses are permitted to ensure essential services for the residents.
- B. A1A Agricultural District: This district is primarily designed to allow for residential use of single-family residential dwellings and/or Class A manufactured homes on lots with an area of one acre or greater and is to be located within predominantly agricultural areas. The district is not intended to encourage large-scale developments and shall not be considered for tracts of land greater than ten acres.

SECTION 304 RESIDENTIAL DISTRICTS

Residential districts are composed of certain existing residential areas of the County and certain areas where similar residential development should be encouraged to occur. The regulations for these districts are designed to stabilize and protect the essential characteristics of each district by promoting and encouraging a suitable environment for family life and prohibiting certain incompatible activities of a commercial or industrial nature. To these ends, development is limited to dwellings that provide homes for the residents plus certain additional uses as schools, parks, recreation facilities and certain other public facilities. This system of classification optimizes orderly development by

providing a variety of living environments based on different levels of permitted population density, facilitating the adequate provision of transportation and other public services.

- A. R40 Residential District: A district designed primarily for single-family dwelling units with a lot area of 40,000 square feet or above.
- B. R40A Residential District: A district designed primarily for single-family dwelling units including the use of manufactured homes on individual lots with a lot area of 40,000 square feet or above.
- C. R30 Residential District: A district designed primarily for single-family dwelling units with a lot area of 30,000 square feet or above.
- D. R30A Residential District: A district designed primarily for single-family dwelling units and Class A manufactured units with a lot area of 30,000 square feet or above.
- E. R20 Residential District: A district designed primarily for single-family units and Class A manufactured homes with a lot area of 20,000 square feet or above.
- F. RR Rural Residential District: A district for traditionally rural use with lots of 20,000 square feet or above. The principal use of the land is for low-density residential, including manufactured housing units, and agricultural purposes. These districts are intended to insure that residential development not having access to public water supplies and dependent upon septic tanks for sewage disposal will occur at a sufficiently low density to provide for a healthful environment.
- G. R15 Residential District: A district designed primarily for single-family dwelling units with a lot area of 15,000 square feet or above.
- H. R10 Residential District: A district designed primarily for single-family dwellings on medium-sized lots with a lot area of 10,000 square feet or above.
- I. R6 Residential District: A district designed for a mix of single- and multi-family dwellings.
- J. R6A Residential District: A district designed for a mix of single- and multi-family dwellings including the use of manufactured homes on individual lots and in manufactured home parks.
- K. R5 Residential District: A district designed primarily for multi-family dwelling units with a density greater than that allowed in R5A.
- L. R5A Residential District: A district designed primarily for multi-family housing with a maximum density of 13 ½ dwelling units per net acre.

SECTION 305 PLANNED PROFESSIONAL DISTRICT

O&I(P) Planned Office and Institutional District: This district is designed primarily for agencies and offices rendering services in the professions, finance, real estate and brokerage, as well as both public and private institutional functions, public assembly, religious and certain cultural and recreational activities and group housing. The uses in this district classification may be characterized generally as having no retail or wholesale trade, except as incidental uses. The district is often situated between business and residential areas and may also consist of a mix of limited businesses and residential areas. The regulations are designed for maintaining more compatibility with nearby residential districts than a commercial district would provide.

SECTION 306 PLANNED COMMERCIAL DISTRICTS

- A. **C1(P) Planned Local Business District:** This district is designed to cater to the ordinary shopping needs of the immediate neighborhood with emphasis on convenience goods. This district is customarily located adjacent to an arterial street and generally surrounded by residential areas.
- B. **C(P) Planned Commercial District:** This district is designed to assure the grouping of buildings on a parcel of land so as to constitute a harmonious, efficient and convenient retail shopping area. Site plans assure traffic safety and the harmonious and beneficial relations between the commercial area and contiguous land.

SECTION 307 PLANNED INDUSTRIAL DISTRICTS

- A. **M1(P) Planned Light Industrial District:** This district is designed for a wide variety of light industrial operations involving manufacturing, processing and fabrication of materials, operations involving wholesaling and bulk storage, other non-retail uses and certain public assembly and recreational uses. The general intent of the district is to prohibit residential, retail and heavy industrial uses of the land. By their nature, the uses permitted in this district are generally not compatible with residential or shopping center uses. Site plans shall assure compatibility with the surrounding uses.
- B. **M(P) Planned Industrial District:** This district is designed primarily as a restricted industrial and wholesale area, which by location and design is compatible with surrounding or abutting residential, commercial or light industrial areas. The general intent of this district is to permit uses confined to service, wholesaling, manufacturing, fabrication and processing activities that can be carried on in an unobtrusive manner characterized by low concentration and limited external effects with suitable open spaces, landscaping, parking and service areas. The district is customarily located between other industrial areas and residential uses or in locations that are served by major roads but are not feasible for other industrial districts because of proximity to residential uses. To promote the essential design features with the M(P) district, plan approval is a requirement.

SECTION 308 CONDITIONAL USE DISTRICTS

- A. Companion Districts: Each district includes a companion Conditional Use District (e.g. A1 has A1/CUD) where no uses are permitted by right. All uses in the companion Conditional Use Districts also require a Conditional Use Permit. (Article V)
- B. Mixed Use Development-Conditional Use District (MXD/CUD): The purpose of this district is to encourage innovative development on a conditional use basis by providing use flexibility while maintaining quality design standards tempered with proper controls regarding buffering, landscaping, open space designation, density and other conditions. (Article VI)
- C. Planned Neighborhood Development – Conditional Use District (PND/CUD): A district designed for the planned development of various residential densities concurrent with neighborhood-oriented uses in a single project. (Article VII)
- D. Density Development-Conditional Use District (DD/CUD): The purpose of this district is to promote the preservation of open space and the rural areas within the County, through permanent restriction of development on a percentage of a tract, buffering, and clustering of lots, while at the same time providing for the residential development of land. (Article VIII)

SECTION 309 DORMANT/CORRESPONDING ZONING DISTRICTS

This amendment of the Ordinance makes dormant certain previously existing zoning districts created under the County Zoning Ordinance of July 3, 1972, and subsequent amendments. The PND Planned Neighborhood District is now dormant and development shall either comply with the standards of the R10 Residential District or shall be submitted for approval under Article VII. The following previously existing zoning districts now correspond to current districts as indicated:

- A. HS(P) Planned Highway Services District shall correspond to the C(P) Planned Commercial District;
- B. C3 Heavy Commercial District shall correspond to the C(P) Planned Commercial District; and
- C. M2 Heavy Industrial District shall correspond to the M(P) Planned Industrial District.

SECTION 310 ZONING DISTRICTS MAP

The boundaries of the districts are shown on a map in digital format, which is to be considered a part of this Ordinance and made a part hereof entitled “Official Zoning Map, Cumberland County, North Carolina”. The zoning map and all the notations, references and amendments thereto, and other information shown thereon, are hereby made a part of this Ordinance the same as if such information set forth on the map were all fully described and set out herein. The zoning map is a public record and shall be kept on file

with the County Planning and Inspections Department, where it shall be available for inspection by the public.

Regardless of the existence of purported copies of the zoning map, which may from time to time be made or published, the zoning map on file with the Planning and Inspections Department and amendments thereto, as entered in the minutes of the Board of Commissioners, shall be the final authority as to the current zoning status of lands, buildings and other structures in the zoning districts.

SECTION 311 INTERPRETATION OF DISTRICT BOUNDARIES

If dispute exists as to the boundaries of any district shown on the zoning maps, the following rules shall apply:

- A. Extensions of Line. Where such district boundaries are indicated as approximately following street or railroad rights-of-way, alley lines and lot lines, or extensions of such lines, those shall be considered to be such boundaries. Where district boundaries are indicated as approximately following the centerline of streambeds or riverbeds, or such centerlines extended, such centerlines shall be considered to be such boundaries.
- B. Unsubdivided Property. For unsubdivided property or where a district boundary divides a lot, the location of such boundary, unless the same is indicated by dimensions shown on the map, shall be determined by the use of the scale of the map.
- C. Natural, Developed, or Topographical Features. Where natural, developed, or topographical features existing on the ground are at variance with those shown on the zoning maps, or in other circumstances not covered by Subsections A and B above, the Board of Adjustment shall interpret the district boundaries.
- D. Jurisdiction After Annexation. When any portion of the territory subject to this Ordinance as shown on the zoning map shall be annexed into the corporate limits of a municipality, such area or areas shall remain subject to the provisions of this Ordinance for a maximum period of 60 days thereafter, or until such time that the area or areas are subject to the municipal regulations, whichever occurs first, at the conclusion of which time zoning jurisdiction shall pass to the municipality.

(This page intentionally left blank.)

ARTICLE IV. PERMITTED, CONDITIONAL, AND SPECIAL USES

SECTION 401 GENERAL

Within the various zoning districts established in Article III and subject to the requirements of this Ordinance, no land, building or structure shall be used, and no building or structure shall be erected which is intended or designed to be used, in whole or in part for any use other than the uses permitted by the various districts established herein. The use regulations for the various districts are intended to be permissive in nature, and none other than those specifically listed shall be construed as being allowable uses. Some land uses may be allowed through Conditional Use District or Special Use and Permits only upon findings that certain conditions exist or should be applied and is requested and agreed to by the property owner. The establishment of these uses shall be allowed only after review through appropriate measures and approval of plans.

Permitted uses in the various districts are indicated in the appropriate column of the following matrix. Special Uses, with Board of Adjustment approval and issuance of the Permit, and some Conditional Use Districts, after Board of Commissioner approval and issuance of the Permit, are also indicated in the matrix. All proposed uses in any planned district require site plan review and approval and shall be in compliance with the standards of this Ordinance and the County Subdivision Ordinance.

SECTION 402 USES BY RIGHT

All uses of property are prohibited except those that are permitted or otherwise allowed under the terms of this Ordinance.

SECTION 403 USE MATRIX

The matrix on the following pages indicates Permitted, Special and some Conditional Uses.

ARTICLE V. COMPANION DISTRICTS – CONDITIONAL USE DISTRICTS

SECTION 501 GENERAL

The Conditional Use zoning districts set forth herein are authorized by N.C. GEN STAT §153A-342, and are intended to modify the use to which an underlying zoning district is restricted. Generally, an applicant, by seeking to rezone property to a Conditional Use District, will propose to restrict or eliminate Permitted, Conditional or Special Uses. Request for Conditional Use District rezoning shall be processed administratively in the same manner as for amendments to this Ordinance as established in Article XV.

Conditional Use Districts are floating districts that parallel general zoning districts. Conditional Use Districts are identical to their corresponding general zoning districts in all respects except that a Conditional Use Permit is required as a prerequisite to any use (Permitted, Conditional or Special) or development within them. Only uses listed in the general zoning district as a Permitted Use may be considered and allowed in a Conditional Use District.

Parallel Conditional Use Districts are provided as a voluntary alternative method of petitioning the Board of Commissioners for a zoning map or classification change. The owner may submit conditions that restrict the uses that would otherwise be allowed in the zoning district and only those uses specifically requested in the application shall be considered.

SECTION 502 RESTRICTIONS ON FILING OF APPLICATIONS

A request for a Conditional Use District rezoning shall be initiated only by an application signed by all of the owners of the property or by an agent, lessee, or contract purchaser specifically authorized by all of the owners to file such application.

SECTION 503 CONTENT OF APPLICATIONS AND CONDITIONS

A properly submitted application for a Conditional Use District incorporates a petition for rezoning and an application for a Conditional Use Permit, which may be combined in one application. The Conditional Use District application shall provide the minimum information requirements set forth below, however, additional information may be required by the Planning and Inspections Staff, Planning Board or the Board of Commissioners when requested when either deems it necessary in order to be able to make a recommendation on, or decision regarding, a required finding. Such requests may include a requirement for a more detailed site plan, or one modified in accordance with additional or modified conditions and other performance criteria.

- A. Proposed Uses: Proposed uses shall be set forth in detail, including the compatibility with the uses in the neighboring districts. Any limitations or conditions to be placed on the proposed uses to enhance compatibility with and benefit to surrounding areas shall also be set forth.
- B. Dimensional Requirements: The application shall show that the uses comply with dimensional requirements for the district requested. If the applicant proposes to vary the dimensional requirements for the district requested, it shall be demonstrated that the public purposes to be accomplished by any such dimensional requirement are met to an equal or greater degree.
- C. Sign Requirements: The application shall indicate the location of signs in accordance with Article XIII, Sign Regulations.
- D. Miscellaneous Provisions: The application for a Conditional Use Permit may also set forth other conditions and performance criteria, such as days and hours of operation, numbers of employees, exterior lighting, and noise, odor and smoke emission controls or other environmental conditions, which might be proposed to make the use of the property compatible with surrounding areas and uses allowed therein.
- E. Site Plan Requirement: The application shall include a site plan drawn to the specifications of Section 1402. If the proposed uses involve development subject to the County Subdivision Ordinance, the site plan required may be general in nature, showing a generalized street pattern, if applicable, and the location of proposed uses. If the proposed uses include development not subject to the Subdivision Ordinance, the site plan shall be of sufficient detail to allow the Planning and Inspections Staff and the Planning Board to analyze the proposed uses and arrangement of uses on the site. It shall also include the footprints of all buildings to be placed on the site, the proposed number of stories, and the location and number of off-street parking and loading spaces. The site plan shall show proposed points of access to existing streets and internal circulation patterns. In addition, the location of all proposed buffers and fences shall be included on the site plan.

SECTION 504 ACTION BY THE PLANNING BOARD

The Planning Board shall hold a public hearing during which the applicant may voluntarily make modifications to the Conditional Use Permit request. The hearing shall follow quasi-judicial requirements including sworn testimony, the reliance on competent evidence, avoiding ex-parte contact and bias, and basing findings of fact on evidence in the record. Board members shall disclose on the record at the public hearing any site visit they may have made to the affected property or any incidental ex parte contact he/she may have had with an affected party. The Planning Board shall review the request for a Conditional Use Permit and Conditional Use District rezoning and make a recommendation to the Board of Commissioners. In recommending the Conditional Use Permit, the Planning Board shall find that:

- A. The use will not materially endanger the public health or safety if located according to the plan submitted and recommended;
- B. The use meets all required conditions and specifications;
- C. The use will maintain or enhance the value of adjoining or abutting properties, or that the use is a public necessity; and
- D. The location and character of the use, if developed according to the plan as submitted and recommended, will be in harmony with the area in which it is to be located and in general conformity with Cumberland County's most recent Comprehensive Land Use Plan and adopted planning policies.

SECTION 505 ACTION BY THE BOARD OF COMMISSIONERS

The Board of Commissioners shall hold a public hearing to consider the Conditional Use District rezoning and Conditional Use Permit. The hearing shall follow quasi-judicial requirements including sworn testimony, the reliance on competent evidence, avoiding ex-parte contact and bias, and basing findings of fact on evidence in the record. Board members shall disclose on the record at the public hearing any site visit they may have made to the affected property or any incidental ex-parte contact he/she may have had with an affected party.

The Board of Commissioners shall review the application, recommendations from the Planning Board, suggested conditions, and other information presented at the public hearing. If the Board of Commissioners approves the rezoning application, they then shall consider approval of the Conditional Use Permit.

In approving the application, the Board of Commissioners, by separate motion, shall approve the Conditional Use Permit and may attach such reasonable requirements in addition to those specified in the Planning Board's recommendation, and shall find that the application meets the findings listed in Section 504, Subsections A through D. All conditions shall be stated in the permit and no condition shall be less restrictive than the standards of the parallel general use district. The conditions may include, but shall not be limited to:

- A. The location of the proposed use on the property;
- B. The number and location of structures;
- C. The location and extent of accessory and support facilities, such as parking lots, driveways, fences and access streets;
- D. The location and extent of buffer areas and other special purpose areas on the property;
- E. The height of any structure;
- F. The phasing of development;
- G. Other restrictions on the use of the property that adhere to the purposes of this Ordinance and maintain the public health, safety and welfare; and
- H. Such other matters as the applicant shall propose.

The record shall reflect that the applicant voluntarily agrees to all conditions proposed for approval of the Conditional Use Permit.

SECTION 506 MODIFICATION TO APPROVED CONDITIONAL USE DISTRICTS AND PERMITS

All modifications, including changes in use and/or increase in density, to approved Conditional Use Districts and Permits, other than those listed below, shall be reviewed in the same manner as a new project.

The following minor modifications to the Conditional Use Permit may be approved by the Planning and Inspections Staff without approval by the Board of Commissioners, provided no variance is required, the use does not change, the intent and layout of the approved plan is generally followed, density is not increased, conditions of approval are not violated, and such changes do not cause a significant adverse impact:

- A. Slight variations in the building dimensions that do not depart from the general approved layout and not exceeding ten percent of the original approved dimensions;
- B. Minor changes in parking lot or traffic lane dimensions;
- C. Minor dimensional changes to individual lots;
- D. Minor site modifications due to necessary engineering requirements;
- E. Change of location of elements included on the site plan that generally maintains relative alignment and orientation to the approved site plan; and
- F. Other similar insignificant changes.

In reviewing such changes, the Planning and Inspections Staff may require that the modification be handled in the same manner as a new application.

SECTION 507 TIME LIMIT

Once the Conditional Use District rezoning and Conditional Use Permit are approved, all conditions attached thereto shall be binding upon the property and all subsequent development and use of the property shall be in accordance with the approved permit and conditions. Since the intent of this type of district is to provide for workable alternative uses of property, it is intended that land will be zoned in accordance with firm plans to develop. Therefore, at the end of two years from the date of approval, the Planning Board may examine progress made to determine if active efforts are proceeding. If the Planning Board determines that active efforts to develop are not proceeding, it may institute proceedings to rezone the property to its previous zoning classification.

SECTION 508 FAILURE TO COMPLY

If for any reason any condition imposed pursuant to this Section is found to be illegal or invalid, or if the applicant should fail to accept any condition, the authorization of such Conditional Use Permit shall be null and void and of no effect, and the property shall remain in, or revert to, its previous zoning classification.

Compliance with all conditions of a Conditional Use Permit is an essential element of the Conditional Use Permit's continued validity and effectiveness. If the Planning and Inspections Director determines that a developer has failed to comply with a condition of an approved Conditional Use Permit, the Director shall so notify the developer or the

developer's successor in interest in writing and shall place the matter on the Board of Commissioners' agenda, after consideration by the Planning Board and upon issuance of its recommendation, for the Board of Commissioners' hearing and decision whether or not to revoke the Conditional Use Permit. Such hearing shall be on reasonable written notice to the developer or the developer's successor in interest and shall be a quasi-judicial proceeding according to quasi-judicial procedures. The decision of the Board of Commissioners Board shall be a final decision, and a decision to revoke the Conditional Use Permit may be appealed to the Superior Court of Cumberland County within 30 days after the developer or the developer's successor in interest has been served with written notice of the Board of Commissioners' decision. Service by personal delivery or certified mail, return receipt requested, of a certified copy of the Board of Commissioners' approved minutes for its meeting at which such decision is made, shall constitute written notice and service of the Board of Commissioners' decision hereunder.

SECTION 509 VALIDATION OF EXISTING CONDITIONAL USE OVERLAYS

Nothing in this Ordinance shall be interpreted to affect or impair any rights accrued pursuant to any Conditional Use Overlay District and Permit, under the County Zoning Ordinance of July 3, 1972, and subsequent amendments, prior to the effective date of this Ordinance. All valid and legally approved Conditional Use Overlay Districts and Permits shall continue to be valid provided that terms of the permit are not substantially or materially altered or expanded in any manner, that all conditions and requirements of the permit are and continue to be complied with and that the use does not cease for a period of one year. Failure to comply with the conditions of the Permit for the Conditional Use Overlays will subject the developer and/or current owner to possible revocation pursuant to Section 508 above.

(This page intentionally left blank.)

ARTICLE VI. MIXED USE DEVELOPMENT - CONDITIONAL USE DISTRICT

SECTION 601 GENERAL

This zoning district incorporates the provisions of Article V, Conditional Use Districts, in its entirety. In addition the restrictions and requirements set forth below shall be considered minimum standards and must be adhered to or exceeded.

SECTION 602 MINIMUM CONDITIONS FOR APPLICATION

The following are the minimum conditions that must be met prior to submission of an application for this district:

- A. The subject property must be served by public or community water and sewer;
- B. The subject property must have permitted access to a public paved street that can support the development; and
- C. The subject property must be at least ten acres.

SECTION 603 USES ALLOWED

The intent of this district is to allow for flexibility of development; however, unless a use not listed below is specifically requested by the applicant and receives a favorable recommendation from the Planning Board and approved by the County Commissioner, all uses within the district shall be limited to the following:

- A. Any residential use except manufactured homes and manufactured home parks;
- B. Commercial and office uses in the C1(P) Planned Local Business District and O&I(P) Planned Office and Institutional District; and
- C. Allowed uses from the C(P) Planned Commercial District are as follows:
 - 1. Alcoholic Beverage Control Sales;
 - 2. Bed & Breakfast (except those regulated by Section 924);
 - 3. Food Production (with on premises retail sales of product);
 - 4. Home Furnishings and Appliance Sales;
 - 5. Janitorial Service;
 - 6. Locksmith, Gunsmith;
 - 7. Motor Vehicle Washing;
 - 8. Office Supplies and Equipment Sales and Service, Mailbox Service;
 - 9. Pet Sales (excluding kennel operations, outside runs, and outside storage of animals);
 - 10. Recreation or Amusement, Indoor (conducted inside a building for profit, and not otherwise listed herein);

11. Recreation or Amusement, Public/Private (not operated as a business for profit);
12. Retailing or Servicing with operations conducted and merchandise stored entirely within a building (Note: The remainder of this use, as listed in Section 403, “and not otherwise listed herein” is not included in this Section.); and
13. Veterinarian.

Any combination of the above permitted uses shall not exceed 50% of the total land area within the district for non-residential development.

SECTION 604 DEVELOPMENT PERFORMANCE STANDARDS

A. Calculation of Area: Prior to submission for approval, the developer shall insure the following calculations for land uses are provided for and clearly shown on the site plan:

1. Fifteen percent of the land area for the entire development shall be subtracted out of the overall acreage prior to any other calculations and shall be reserved as open space; and
2. After deduction of open space is completed, all acreage devoted to vertical mixed use, provided only residential use occurs above the first floor, shall be subtracted out of the remainder; then
3. The resultant acreage shall be the basis for calculation of the percentages for the fifty percent commercial and residential calculations.

B. Open Space Provisions.

1. Fifteen percent of the land area is to remain undeveloped (in its natural state), unless developed recreational facilities are specifically requested in the application and shown on the site plan and approved by the County Commissioners upon their consideration of the recommendation from the Planning Board ;
2. The open space portion of the tract must be in one contiguous piece or if not, receive a favorable recommendation from the Planning Board and approved by the Board of Commissioners; and
3. The open space shall be secured by a recorded conservation easement and maintained as common area by an owners’ association in the same manner as prescribed in the County Subdivision Ordinance for common area in Zero Lot Line developments, or owned by a public or non-profit organization (i.e., governmental entity, land trust, conservancy, etc.) provided that this manner of ownership is approved by the County Commissioners after their consideration of the Planning Board’s recommendation.

C. Development Standards.

1. A site plan including all information required for detailed site plans enumerated in Section 1402 shall be submitted with the application. In addition, the site plan shall include the street layout, all proposed means for pedestrian and vehicle

movement, including any alleys, public/private access to open space, etc. The site plan must be detailed and strictly adhered to.

2. Half of the proposed residential development, excluding vertical mixed use, shall have been issued a Certificate of Occupancy or a guarantee has been posted in the form of a bond or irrevocable letter of credit and approved by the County Attorney, with the estimated cost of construction being approved by the County Engineer, in the same manner as required by the County Subdivision Ordinance for "Guarantees of Improvements", prior to the completion of the approved commercial portion of the plan. In the event, the developer fails to complete the residential portion of the development, the funds from the guarantee shall be used toward recouping any legal cost associated with enforcement of the Permit and toward construction of any improvement within the development reasonably necessary to provide for the safety, health, and welfare of the public.
3. All development within the district must meet any height restrictions imposed by airports and the Federal Aviation Administration.
4. The district dimensional requirements, including minimum lot size, setbacks, and density restrictions, of Article XI shall not apply within the district; however, all periphery setbacks shall be that of any adjoining zoning district.
5. Sidewalks shall be provided in accordance with the standards of the County Subdivision Ordinance.
6. The site plan shall indicate the minimum number, size, and location of parking spaces for all commercial development and comply with the standards of Article XII, Off-Street Parking and Loading.
7. All utilities except for high voltage electric lines (25kv or greater) shall be placed underground within the district.
8. Streets and drives will comply with North Carolina Department of Transportation standards and will be capable of carrying the projected traffic volumes.
9. All signage within the district shall comply with the sign regulations for residential developments Section 1306.
9. Buffering shall be provided in accordance with the standards of Section 1102 G.
10. Developments submitted for approval under this Article are exempt from the parks, recreation, and open space provisions contained within the County Subdivision Ordinance.

D. Other Applicable Regulations. In addition to the above requirements and all conditions placed on the district, the developer shall insure the following:

1. All County Subdivision Ordinance and Water Supply Watershed Ordinance requirements shall be complied with, where applicable;
2. Compliance with the Highway Plan;
3. The plans must be in harmony with the most current Comprehensive Land Use Plan and current adopted policies; and
4. All other applicable Federal, State, and local regulations are complied with.

(This page intentionally left blank.)

ARTICLE VII. PLANNED NEIGHBORHOOD DEVELOPMENT – CONDITIONAL USE DISTRICT

SECTION 701 PURPOSE

This district encourages the development of residential land in such a manner as to provide a more desirable living environment characterized by a variety of housing types in order to best meet the demand of all people, allow new methods by which land and facility costs can be reduced on a per unit basis so that more people can afford better living conditions, and may include limited commercial facilities to meet the needs of surrounding residents.

SECTION 702 GENERAL

The developer is strongly encouraged to submit a preliminary sketch of the proposed Planned Neighborhood Development (PND) plan and to work closely with the Planning and Inspections Staff prior to submission of any application and site plan for rezoning to this Conditional Use District. This zoning district incorporates the provisions of Article V, Conditional Use Districts, in its entirety. In addition, the restrictions and standards set forth below shall be considered minimum standards for the Conditional Use Permit and must be satisfied or surpassed.

SECTION 703 MINIMUM CONDITIONS FOR APPLICATION

The following are the minimum conditions that must be met prior to submission of an application for this district:

- A. The subject property must be served by public or community water and sewer;
- B. The subject property must have permitted access to a public paved street that can support the development; and
- C. The subject property must contain at least 50 contiguous acres under one ownership or control. An area shall be deemed contiguous which is composed of one unseparated continuity of land; or is separated by street rights-of-way to which abutting property has direct access rights; or is separated by minor streams, creeks, other bodies of water or railroad rights-of-way across which vehicular crossings are feasible and practicable and which will be provided for in the PND plan.

SECTION 704 USES ALLOWED

The following uses are permitted subject to restrictions placed on the PND by the Planning Board and/or Board of Commissioners:

- A. Any residential use permitted in the R10 zoning district, including a variety of single-family, multifamily, patio homes, townhouses, condominiums and zero lot line developments;
- B. Commercial and office uses in the C1(P) Planned Local Business District and O&I(P) Planned Office and Institutional District; and
- C. Allowed uses from the C(P) Planned Commercial District are as follows:
 - 1. Home Furnishings and Appliance Sales
 - 2. Hotel/Motel (except as regulated by Section 924)
 - 3. Janitorial Service
 - 4. Office Supplies and Equipment Sales and Service
 - 5. Motor Vehicle Washing
 - 6. Recreation/Amusement, Indoor (conducted inside a building for profit, not otherwise listed & not regulated by Section 924)
 - 7. Recreation or Amusement Public/Private (not operated as a business for profit including playgrounds, neighborhood center buildings, parks, museums, swimming pools, etc., and not regulated by Section 924)
 - 8. Retailing or Servicing (with operations conducted and merchandise stored entirely within a building and not otherwise listed herein)
 - 9. Veterinarian

SECTION 705 DEVELOPMENT STANDARDS

A. Land Use Proportions.

- 1. Non-residential Uses: A maximum of five percent of the gross land area of the development may be devoted to such convenience commercial uses as listed above, with no one tract to exceed ten acres.

If more than one tract of land is proposed for commercial uses, no one tract shall be less than two acres and all tracts shall be separated from each other by at least one-quarter mile measured in a straight line.

- 2. Residential Uses: The maximum density of residential units per gross land area shall be six except as provided below. In determining the maximum number of units, the acreage denoted to commercial uses shall not be included.

The commercial land area may be proportioned if the developer wishes, i.e., three and three quarters percent commercial and six and one-half units per acre of gross land area; two and one-half percent commercial and seven units per acre of gross land area; one and one-quarter percent commercial and seven and one-half units per acre of gross land area. In lieu of all commercial development, a developer may increase the maximum residential density not to exceed eight units per acre of gross land area.

- B. Open Space and Recreational Facilities. Where the Fayetteville Urban Area Parks and Recreation Master Plan or any other plan of the County or municipal government

adopted after the effective date of this amendment identifies land in the proposed PND as a proposed recreation area, a minimum of 15 percent of the gross land area to be committed to a PND shall either be placed in an owners' association, under the same provision and conditions as provided for in the County Subdivision Ordinance, or be dedicated to the County of Cumberland for use as parks, recreation areas, and open space. At least 50 percent of the area offered for dedication must be suitable for recreational use. The Board of Commissioners', after their consideration of the Planning Board's recommendation, shall determine that the quality and location of the land to be dedicated is sufficient to serve the PND.

The entire dedication may be made when the preliminary plat is presented to the Board of Commissioners; or, if the development is to be accomplished through a series of stages, the open spaces may be dedicated in parts proportionate to the number of units to be developed as approved in the PND plan.

No parcel of land dedicated shall be less than one contiguous acre which shape is acceptable to the Board of Commissioners and all such areas shall be physically a part of the PND. Detached single-family dwelling units are exempt from any further open space dedication requirements of the Subdivision Ordinance. Residential group developments must provide the recreation areas required by the Subdivision Ordinance.

When according to adopted County or municipal plans, no land is required for recreation purposes, 15 percent of the land shall be either placed in an owners' association, under the same provision and conditions as provided for in the County Subdivision Ordinance; the land shall be dedicated to the County for use as parks and recreation and open space; or a fee shall be paid to the County of Cumberland for the acquisition of land for recreation purposes in accordance with the provision of N.C. GEN. STAT. § 153A-331. The Board of Commissioners shall decide which option is appropriate. If a fee is chosen, it shall be equivalent to 15 percent of the tax-assessed value of the land contained in the PND. The entire dedication of land or fee may be made at the time the preliminary plat is presented for approval or may be made in proportion to the number of units to be developed of the total approved for the PND. A fee in lieu does not entitle the PND to additional residential units or commercial acreage.

- C. Buffer Requirement. Buffers meeting the standards of Section 1102 G shall be provided. The Board of Commissioners' upon recommendation from the Planning Board may require additional buffering, when the proposed non-residential area abuts land not included in the development plan and the required buffer would not protect the adjoining properties from the non-residential character of the uses.
- D. Off-Street Parking and Loading Spaces. Off-street parking and loading spaces shall be provided as required for the specific uses as listed in Article XII.

- E. Sign Regulations. All signage shall comply with the standards enumerated in Section 1306 with nonresidential uses not exceeding the standards for the C1(P) zoning district.
- F. Dimensional Provisions. Residential uses shall meet or exceed the minimum standards for setbacks of the R10 Residential District along all public streets and on the periphery of the development. All non-residential uses shall observe the yard regulations for the C1(P) zoning district along the public streets and on the periphery of the PND.
- G. Schedule of Development. Development of the commercial portion of a PND shall not commence until the following schedule of the number of residential units approved for the PND have been developed:

<i><u>Size of PND Units</u></i>	<i><u>Approved</u></i>
50 to 100 acres	50%
Over 100 acres, up to 150 acres	40%
Over 150 acres, up to 200 acres	30%
Over 200 acres	25%

SECTION 706 CONTENTS OF APPLICATION

In addition to the requirements of Section 503, the application shall contain the following items:

- A. General site plan indicating the proposed land use areas including residential, commercial, open space and recreational, and other public facility areas to be developed for the entire site;
- B. The proposed density pattern for the entire area, and the housing type to be used in each area, i.e., multifamily, single-family attached, single-family detached;
- C. The primary and collector streets including thoroughfares on the adopted Highway Plan and any other adopted plans of the County and/or Planning Board;
- D. The proposed uses for the commercial area(s);
- E. Floodplain areas where applicable;
- F. Written statement or certification from appropriate public authorities that the PND area will be served with public or community water and sewer systems;
- G. Legal description of boundary of PND plan area and each proposed housing area in the PND plan;
- H. The names and addresses of adjoining property owners.

SECTION 707 SITE PLAN/SUBDIVISION APPROVAL

After approval of the PND from the Board of Commissioners and prior to issuance of any zoning or building permit, the developer shall submit for preliminary and final approval of each segment of the plan, meeting conditions of the approved permit, in the same manner as for site plan and subdivision approvals in accordance with this Ordinance and the County Subdivision Ordinance.

SECTION 708 AMENDMENTS

Amendments to an approved PND plan shall be processed in the same manner as the original application. In considering the approval of an amendment to a permit, consideration shall be given to the effect the amendment may have on any other portion of the PND.

SECTION 709 ABANDONMENT OF PND PLAN

In the event the developer abandons the PND plan as approved, all undeveloped or unplatted land shall be used further only under the regulations of the R10 Residential District unless a subsequent application is approved for the remaining land. Such subsequent plans must be based, however, on the overall residential density planned on the original tracts of land and may not include additional commercial land except if a portion was not developed under the original plan.

SECTION 710 VALIDATION OF EXISTING PND PLANS

PND plans approved prior to the effective date of this Ordinance shall not be effected by this amendment; however, any amendment to any existing PND after the effective date of this Ordinance shall be processed under the amended approval process outlined in this Article.

(This page intentionally left blank.)

ARTICLE VIII. DENSITY DEVELOPMENT- CONDITIONAL USE DISTRICT

SECTION 801 PURPOSE

Density Development-Conditional Use Districts are intended to promote the preservation of open space and the rural areas within the County while at the same time providing for the residential development of land.

SECTION 802 GENERAL

The developer is strongly encouraged to submit a preliminary sketch of the proposed development and to work closely with the Planning and Inspections Staff prior to submission of any application and site plan for rezoning to this Conditional Use District. This zoning district incorporates the provisions of Article V, Conditional Use Districts, in its entirety. In addition, the restrictions and standards set forth below shall be considered minimum standards for the Conditional Use Permit and must be satisfied or surpassed.

SECTION 803 DEVELOPMENT STANDARDS

- A. Development Area. All building sites will be restricted to 60 percent of the total tract with the remaining 40 percent designated as open space.
- B. Density. All developments approved under this Section may provide for equal to or less than the density of the requested underlying zoning district as allowed for in Section 1104.
- C. Building Sites. The building site shall be that property intended for conveyance to a fee simple owner after the construction thereon of residential structure(s) and shall be sufficient in size to accommodate the structure(s) intended to be constructed thereon; any accessory structures; and provisions for utilities, whether public or private, including sufficient land area for wells, septic tanks and drain fields, if necessary.
- D. Yard Regulations. The building sites shall be exempt from the yard regulations in Section 1104, provided that all sites served by a public street shall provide for the minimum front yard setback and a minimum of ten-foot separation between structures shall be provided for all structures within the development. All periphery setbacks must be met along the perimeter of the development. Setbacks shall not include any of the open space and/or buffer areas as required by Subsections E and F below.
- E. Perimeter Buffer. The entire development shall be buffered with a minimum of six-foot in height and 20-foot in width vegetative strip of land, as described below,

around the periphery and 40-foot in width along the frontage right-of-way. The buffer shall consist of natural topography and/or plantings, as necessary to preserve the rural appearance of the area surrounding the development and the right(s)-of-way fronting the development, provided that:

1. The application and site plan shall clearly reflect the buffer area and the developer's intentions regarding the buffer, including the location of and type of plant material proposed and assurance that any proposed plantings will be three feet in height at time of planting, to reach a height of six feet within three years, with sufficient plantings along any right-of-way to accomplish complete opacity within three years from time of planting. A berm or combination berm and plantings may also be used provided an initial height of three feet is achieved with a total height of six feet within three years;
2. Unless expressly agreed upon in advance and approved by the Board of Commissioners after consideration of the recommendation from the Planning Board, the developer shall not develop or alter the natural topography of the land within the buffer area. There shall be no cutting, removal of trees, or the disturbance of other natural features except as stated herein:
 - a. As incidental to boundary marking, fencing, signage, installation of utilities, construction and maintenance of nature trails and public access allowed hereunder; and
 - b. Selective cutting and prescribed burning or clearing of vegetation and the application of usual and customary pesticides for fire containment and protection, disease control, restoration of hydrology, wetlands enhancement and/or control of non-native plants;
 - c. The developer chooses to use a berm or combination berm and plantings.
3. The land area containing the perimeter buffer shall be permitted to count toward the 40 percent open space requirement but shall not be considered as any portion of any required yard area;
4. The perimeter buffer width may be reduced in width if adjacent to an existing and properly approved Density Development provided the combined buffers satisfy the intent of this Ordinance and is found to be sufficient by the Planning Board and the County Commissioners; and
5. The final approval of the sufficiency of the perimeter buffer shall rest with the Board of Commissioners after their consideration of the recommendation from the Planning Board.

F. Open Space.

1. The developer shall not develop or alter the natural topography of the designated open space unless improvements are clearly indicated on the application and site

plan and approved by the Board of Commissioners after their consideration of a recommendation from the Planning Board.

2. The open space land area shall adjoin the largest practical number of lots within the development and may, if proposed to be maintained by the developer or by an owner association, restrict access to only the residents of the development.
3. The open space land area shall be interconnected wherever possible to provide for a continuous network with such lands in adjacent developments.
4. All open space shall be permanently restricted from future subdivision and other forms of development through a perpetual open space or conservation easement running with and appurtenant to title of lots in the development, and recorded in the Cumberland County Registry. The location of the easement shall be shown on the recorded plat and clearly depicted on the site plan. The conservation easement shall expressly provide that Cumberland County shall be an intended third-party beneficiary and shall have standing to both enforce any restrictions and to recover the costs of remedying any violation from any party(s) breaching the easement.

Open space shall be preserved and used only for natural scenic, passive recreational, agricultural, pasture and/or meadow, forestry, wetlands, or horticultural uses.

A property owners' association shall be created to maintain the open space and any common areas in the development, unless an alternative method of maintenance is approved by the Board of Commissioners upon recommendation of the Planning Board (such as, for instance, if the open space is conveyed by a perpetual conservation easement to a recognized non-profit conservancy group or other non-profit organization established for ecological and/or environmental preservation). Membership in the property owners' association shall be mandatory for all property owners in the development. The property owners' association shall have the authority and duty to levy assessments, which shall be liens upon and run with the title to every lot within the development, to provide for maintenance of the open space and any other common areas in the development. The documents creating the property owners' association shall provide that they may not be amended except upon a vote of the owners representing at least three-quarters of the lots in the development. The County Attorney shall approve the property owners association documents, to include any articles of incorporation, bylaws, and/or declaration of restrictive covenants. The property owners' association documents may provide or include mechanisms to allow the developer and/or seller of the property actively to use the open space for pasture or agricultural uses.

5. The developer's intentions regarding the open space, e.g., whether to remain in its natural state, provide developed recreation facilities, timber harvesting, farmed,

etc., shall be clearly reflected in the application and on the site plan upon formal submission of the application.

- G. Parks, Recreation, and Open Space Exemption. Developments submitted for approval under this Article are exempt from the parks, recreation, and open space provisions contained within the County Subdivision Ordinance.
- H. Subdivision Ordinance Compliance. All pertinent portions of the County Subdivision Ordinance shall be complied with.
- I. Other Applicable Regulations. In addition to the above requirements and all conditions placed on the district, the developer shall insure the following:
 - 1. All water supply watershed requirements shall be complied with, where applicable;
 - 2. Compliance with the Highway Plan;
 - 3. The plans must be in harmony with the most current Comprehensive Land Use Plan and current adopted policies;
 - 4. All other applicable Federal, State, and local regulations are complied with.

(This page intentionally left blank.)

ARTICLE IX. INDIVIDUAL USES

SECTION 901 DEVELOPMENT STANDARDS FOR INDIVIDUAL USES

The development standards of this Article are additional to other requirements in this Ordinance. If there is a conflict with another Section of this Ordinance or any other Federal, State or local regulation, the most restrictive requirement shall apply. These development standards are use-specific and apply as minimum development standards for the use regardless of the type of approval or permit otherwise required by this Ordinance. All uses listed within this Article require site plan review and approval in accordance with Article XIV unless this Article specifically requires approval of a Special Use Permit or Conditional Use Permit. Those uses requiring approval as a Special Use Permit (Section 1606) or a Conditional Use Permit (Article V) shall also be subject to these standards and any additional standards or conditions required by the permit.

In addition to the specific criteria listed for each use, the following are to be considered as minimum criteria for every non-residential use:

- A. All parking and loading areas shall comply with the minimum provisions established in Article XII, Off-Street Parking and Loading;
- B. All lighting shall be directed internally;
- C. Noise generated by any use shall not substantially or detrimentally affect the ability of surrounding property owners to reasonably enjoy the use of their properties and shall not contradict those standards of Chapter 9.5, Cumberland County Code, Article II, entitled: "Noise" (Noise Ordinance) ;
- D. When any non-residential use is adjacent to property zoned for residential or agricultural uses, a buffer shall be provided in accordance with Section 1102 G of this Ordinance;
- E. Unless otherwise specified within these individual sections, all signage shall be in compliance with Article XIII, Sign Regulations, for the specific district in which the subject property is located; and
- F. Compliance with all Federal, State, and local regulations, including the County Subdivision Ordinance, is mandatory.

SECTION 902 AIRPORT OPERATIONS (MINOR)

- A. Airport size and layout shall conform to current Federal Aviation Administration (FAA) design standards, if applicable.
- B. There shall be a minimum of 300 feet between any runway or taxiway to the nearest property used or zoned for residential purposes, except that a residence may be located on the property of a small private airfield.

- C. Hangars, storage buildings, terminals, loading docks and parking lots, when located within 100 feet of the property line or street right-of-way and abutting property used or zoned for residential uses, shall be screened with a vegetative buffer.
- D. The site plan shall include the location and size of landing strips and the location of landing lights (if applicable).
- E. A map of all property within 500 feet of the proposed airfield or airstrip property lines and within 1,500 feet of each end of the runway, including names and addresses of property owners, as given in the tax listings and existing land use for each property shall be submitted as part of the application.
- F. A map depicting the location, type and height of any structure, including towers, over 200 feet in height and within a five-mile radius shall be submitted as part of the application.
- G. In order to grant approval of the use, additional conditions that the Planning Board or Staff deem appropriate and reasonably necessary for the protection and safety of nearby property may be required.

SECTION 903 BED AND BREAKFAST

- A. The use must be located in a structure originally constructed for use as a single-family dwelling.
- B. The operation may consist of a maximum of nine guestrooms.
- C. Each room must have access to a hall or exterior door.
- D. One non-illuminated sign shall be permitted, which shall have maximum dimensions of two feet high by three feet wide, and not be more than 3 ½ feet tall at its highest point above ground level.
- E. There shall be no less than one bathroom, consisting of a bath or shower and lavatory, for each two guestrooms.
- F. Guestrooms shall not be equipped with cooking facilities.
- G. There shall be no other bed and breakfast within 400 feet of the property.
- H. Parking shall be provided at the rate of one space for each room to be rented and one space for each employee/owner. No parking shall be allowed in any front yard.
- I. A fire protection plan approved by the County Fire Marshal must be submitted at the time of permit application.
- J. The required site plan shall depict neighboring properties and buildings within 200 feet of all property lines.
- K. At least one owner must permanently reside on the site of the bed and breakfast. An owner is an individual with a 25 percent or greater equity/beneficial interest in the business.
- L. Meals served on the premises to guests shall be limited to breakfast and no meals shall be served to the general public.
- M. All State requirements shall be complied with and all required State permits are to be acquired and maintained.

SECTION 904 BORROW SOURCE OPERATIONS

- A. The applicant shall provide a list of all property owners within 1,000 feet of the exterior boundaries of the lot of record to the site of the borrow source operation.

This information shall be provided from the current Tax Administrator's property tax listing of property according to the tax administration office.

- B. Applicants shall identify the size and location of operating, or permitted, borrow source operations within a 1 ½-mile radius as measured from the centroid of the parcel within which the borrow pit is located. The scope and density of these operations within a 1 ½-mile radius shall be considered in making the final determination.
- C. While in transit, trucks are to use appropriate load covers, and water trucks or other means that may be necessary shall be utilized to prevent dust from leaving the borrow source operation.
- D. Existing vegetation, or stabilized, vegetated earthen berms to serve as buffers and to prevent soil erosion, shall be maintained between the borrow source operation and adjacent residences and public thoroughfares to screen the operation from the public.
- E. Hours of operation shall be sunrise to sunset, Monday through Saturday, unless otherwise stated in the permit.
- F. The applicant shall provide to the Planning and Inspections Staff, at the time the application is submitted, documentation from the North Carolina Department of Transportation that the public thoroughfare to which the borrow source operation has access, has sufficient load carrying capacity to support the proposed traffic generated by the borrow source operation or that load limits are acceptable.
- G. The applicant shall provide to the Planning and Inspections Staff, at the time the application is submitted, proof of legal access, for the County Attorney's approval, from the borrow source operation to a public thoroughfare if the subject property does not have direct access to a public thoroughfare.

SECTION 905 CLUB OR LODGE (NOT REGULATED BY SECTION 924)

- A. The intensity of the use shall not have a significant adverse impact on adjacent properties due to traffic, parking, noise, refuse, or similar factors.
- B. Additional setbacks and buffering may be required in the case of facilities for outdoor functions, such as outdoor arenas, if reasonably necessary to protect adjacent properties from noise, light, and glare.
- C. Parking, loading and outdoor activity areas, such as outdoor exhibition areas, picnic areas, amphitheaters and outdoor stages and seating areas, must be buffered from view from adjacent properties. These buffers must meet the requirements of this Ordinance.
- D. The site plan shall indicate the style and location of all outdoor lighting.
- E. There shall be no outdoor loudspeakers or public address system other than in an outdoor arena.

SECTION 906 DAY CARE FACILITIES

- A. Minimum lot size shall be 20,000 square feet.
- B. The required minimum setbacks shall be as follows:
 - 1. Front yard: 30 feet from any public or private street;
 - 2. Rear yard setback: 35 feet;
 - 3. Side yard setbacks: 20 feet; and

4. Corner lots: shall provide a minimum of 30 feet from both streets.
- C. Minimum distance to another day care facility, if not located on a minor or major thoroughfare or higher street classification, as identified in the Highway Plan, and whether conforming or nonconforming, shall be 2,500 feet.
- D. Minimum of two off-street parking spaces, plus one off-street parking space for each employee, shall be provided. Off-street parking shall be provided in accordance with the standards of Article XII.
- E. There shall be sufficient paved driveway to accommodate at least two motor vehicles at one time for the purpose of loading and unloading passengers in addition to any off-street parking area.
- F. All children's outside play areas shall be enclosed with at least a four-foot high fence and located only within the side and/or rear yards, provided the yards are not adjacent to a street.

SECTION 907 DETENTION FACILITIES/PRISONS

In areas contiguous to residentially zoned or residentially developed areas, there must be a minimum 200 foot setback for detention facilities and 500 foot setback for prisons, which shall be measured from the exterior walls or fences of the detention facility or prison facility to the property line of any adjoining residentially zoned or residentially developed area or public right-of-way. In all other areas, the setbacks for detention facilities shall be in accordance with the standard zoning district dimensional provisions and, for prisons, a minimum setback of 200 feet from the property lines. In addition,

- A. No minimum lot area is required but, the lot shall be adequate to provide the yard space required by the district dimensional requirements of this Ordinance, meet other standards contained in this Ordinance, and comply with all Federal and State regulations.
- B. A solid buffer shall be provided and maintained in accordance with this Ordinance; however, more intensive buffering may be required when the use is near or adjacent to residentially zoned areas.
- C. Adequate off-street parking and loading space shall be provided on site. Any public street, sidewalk or right-of way or any other private grounds not a part of the detention facility parking area may not be used for the parking, loading, or maneuvering of vehicles.

SECTION 908 GOLF COURSES

- A. The following setbacks include any permanent or temporary structure such as, but not limited to, clubhouse, equipment storage, green house, swimming pool, tennis courts and restaurant:
 1. Front yard setback from any public street: 100 feet
 2. Rear yard setback: 200 feet
 3. Side yard setback: 200 feet
 4. Corner lot setback from side street lot lines: 200 feet
- B. Minimum off-street parking spaces: four per hole, plus one per 200 square feet of restaurant and/or retail space, and one space per employee.

- C. Incidental uses to a golf course may include pro shop, eating establishment, drinking establishment when in conjunction with an eating establishment (not including those operating under Section 924 of this Ordinance), tennis courts, swimming pools, and practice area. Permitted incidental uses may continue only as long as the golf course is in operation and open.
- D. Signs as permitted in the C1(P) Planned Local Business District are allowed.

SECTION 909 GROUP HOMES

No group home may be located within a one-half mile radius of an approved or existing group home or approved or existing residential habilitation support facility. A group home for not more than six resident handicapped persons, any one of whom may be dangerous to others as defined in N.C. GEN STAT §122C-3(11)(b) is not a permitted use in any residential district.

SECTION 910 GROUP QUARTERS

- A. Each room must have access to a hall or exterior door.
- B. One non-illuminated sign shall be permitted, which shall have maximum dimensions of two feet high by three feet wide, and not be more than 3 ½ feet tall at its highest point above ground level.
- C. There shall be no less than one bathroom, consisting of a bath or shower, and lavatory, for each two guestrooms.
- D. Guestrooms shall not be equipped with cooking facilities.
- E. Parking shall be provided at the rate of one space for each room to be utilized and one space for each employee/owner. No parking shall be allowed in any front yard.
- F. A fire protection plan approved by the County Fire Marshal must be submitted at the time of permit application.
- G. The required site plan shall depict neighboring properties and buildings within 200 feet of property lines.
- H. The site shall have direct vehicular access to a public street or an approved private street.

SECTION 911 HAZARDOUS WASTE STORAGE/DISPOSAL FACILITY

- A. In addition to the requirements for site plans as required in Article XIV, the following information shall also be provided at the time of application for permits:
 - 1. Type of waste being stored, storage area and use areas;
 - 2. Maximum amount of each material to be stored or used in each area;
 - 3. Range of container sizes and types of materials to be stored in each; and
 - 4. The location and type of emergency equipment to be supplied on site.
- B. The site shall have direct access to a public street or an approved private street.
- C. Any actual storage site/container shall be located at least 500 feet from any existing residential structure or from any residentially zoned or publicly-utilized property, i.e., schools, parks, etc.
- D. The storage, use, handling and disposal of all hazardous materials shall be in accordance with the requirements of the Resource Conservation and Recovery Act

(RCRA) and the United States Environmental Protection Agency (EPA) regulations thereunder, and the North Carolina Fire Prevention Code, Chapter 27 et al.

- E. All buildings within the facility, including any accessory buildings for storage of hazardous materials, shall be at least 150 feet from property lines.
- F. The facility and its operation shall observe all fire prevention and protection requirements.
- G. Security fencing, a minimum of six feet in height, shall be provided along the entire boundary of the property.
- H. The County Fire Marshal's written comments and documentation of their approval of plans shall be submitted with the Special Use Permit application
- I. Facility signage shall be in accordance with sign regulations for the M(P) zoning district. All hazard identification signs shall be posted as required by the Fire Prevention Code.
- J. All proposed developments using and storing hazardous materials shall prepare and submit an Emergency Contingency Plan as part of its application. The Emergency Contingency Plan shall be prepared in accordance with the requirements of the Superfund Amendments and Reauthorization Act (SARA), the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), or Section 311 of the Clean Water Act, as amended. The plan shall identify buildings and the locations of points of storage and use of hazardous materials. The plan shall be approved by the County Engineer and the County Fire Marshal prior to submission of an application.
- K. Any container or tank used to store hazardous materials shall be equipped with leak detection devices and shall be double-walled or have other secondary containment features.

SECTION 912 KENNEL OPERATIONS

- A. The site plan for kennel operations shall include information as to any outside pen area, shelters, fencing, runs, etc. pertaining to the kennel operations.
- B. Shelters, runs, and pen areas shall not be located any closer than fifteen feet to any property line for kennels located in agricultural and residentially zoned districts.
- C. The required shelter shall be fully enclosed on three sides, roofed, and have a solid floor.
- D. A vegetative buffer and/or a privacy fence may be required if it is determined the buffer/fence would alleviate any detrimental effects on neighboring properties.

SECTION 913 MANUFACTURED HOMES

Manufactured homes placed, erected or located on any parcel or lot, must have been constructed after July 1, 1976 (Class A or B manufactured homes) and meet or exceed the construction standards promulgated by the U.S. Department of Housing and Urban Development that were in effect at the time of construction in order to qualify for any permits under the terms of this Ordinance and the County Subdivision Ordinance. A pre-1976 manufactured home is further defined in this Ordinance as a Class C manufactured home.

This Section shall not apply to “properly set up”, pre-1976 manufactured homes requiring relocation when a manufactured home park owner or a government agency, such as the County Health Department, has mandated the closure of a previously approved or pre-existing nonconforming manufactured home park provided that the pre-1976 manufactured home is owner-occupied and shall only be relocated to an approved manufactured home park or a pre-existing nonconforming manufactured home park.

For purposes of this Section, “properly set up” means:

- A. In actual use for residential purposes;
- B. Lawfully connected to electricity, water and sewer or septic service;
- C. In compliance with the Minimum Housing Code; and
- D. Listed for property taxes and having property taxes paid as of the most recent listing period and the previous five calendar years.

SECTION 914 MINI-WAREHOUSING IN RESIDENTIAL DISTRICTS

For all mini-warehousing units constructed in residential districts, the following standards shall apply:

- A. The units shall only be constructed in conjunction with multi-family housing units;
- B. The façade of the mini-warehousing site shall be constructed with decorative and permanent material, such as brick, stone, etc., and be of the same type of material as the exterior of the multi-family units; and
- C. The sides and rear perimeter of the mini-warehousing site shall be buffered and landscaped in such a manner as to blend in with the surrounding development and to not be visible to adjacent residential areas.

SECTION 915 MOTOR VEHICLE WRECKING YARDS AND JUNKYARDS

- A. All fluids from vehicles, transmission, brake fluid, gasoline, etc. shall be drained from any vehicle before the vehicle is stored. The fluids shall be drained into approved containers and be disposed of according to approved environmental procedures and Environmental Protection Agency (EPA) regulations.
- B. A cement pad shall be installed for fluid drainage to prevent soil pollution or contamination.
- C. If at any inspection, fluids are determined to have been placed or drained in the ground/soil, the permit shall be revoked immediately.
- D. Unless specifically approved otherwise, vehicles shall not be stacked.
- E. If stacking is specifically approved, the stacked vehicles are to be shielded in such a manner that they cannot be seen from any adjacent residentially zoned or residentially- used properties.
- F. The vehicle storage area shall be contained entirely within a six-foot high solid fence with a vegetative buffer planted along the outside of the fence along the entire perimeter of the property.
- G. The maximum number of vehicles stored on the site at any one time may be restricted to a specific number.
- H. The vehicle storage area shall not exceed more than 50 percent of the property.

- I. Appropriate insect and rodent control procedures shall be adopted that comply with County Health Department procedures.

**SECTION 916 NON-RESIDENTIAL USE AS A PERMITTED USE IN A
RESIDENTIAL OR AGRICULTURAL DISTRICT (AND NOT
OTHERWISE LISTED WITHIN THIS ARTICLE)**

- A. Site plan review and approval in accordance with Article XIV and providing for the specific information required by this Section.
- B. The minimum yard requirements shall meet or exceed those required in the C1(P) zoning district.
- C. Paved parking shall be provided and all parking areas and internal drives shall be clearly marked. In addition, no parking shall be permitted in the front yard.
- D. Buffering and/or landscaping for the use shall be provided and maintained in such a manner as to comply with the standards of this Ordinance (Section 1102 G) and is dependent upon the zoning and nature of the surrounding area. The site must provide ample area and adequate open space on all sides of the structure so that the character of the neighborhood is preserved.
- E. The subject property shall have direct access to a public right-of-way. Also, the plan shall include proposed points of access, ingress, and egress and the pattern of internal circulation. Points of ingress and egress shall be located so as to minimize traffic hazards, inconvenience and congestion. The existing access streets must be able to handle the anticipated increase in traffic volume, or the developer shall cover the costs of upgrading the streets; such as, but not limited to, the addition of a turning lane.
- F. Signage for the development shall not exceed those allowed under Section XIII of this Ordinance for the C1(P) District.
- G. Noise levels shall not exceed 60 dB(A) between the hours of 10:00 p.m. and 7:00 a.m. In any case, the noise level, regardless of the time of day, shall not become a nuisance to neighboring properties and strict compliance with the County's aforementioned Noise Ordinance is required. (Note: dB(A) refers to the sound pressure level in decibels as measured on a sound level meter using the A-weighting network.)

**SECTION 917 NURSING HOME/CONVALESCENT HOME/HOSPITAL/
SANITARIUM/RETIREMENT HOME, ETC.**

- A. The facility shall not cover more than 50 percent of the tract.
- B. Must meet all requirements for licensing by the State of North Carolina.
- C. In addition to basic requirements for site plans as required in Article XIV, the plan shall include proposed points of access, ingress and egress, the pattern of internal circulation, and the layout of parking spaces.
- D. All facilities shall be solely for the use of residents and their guests.
- E. Facilities for administrative services and limited medical services for the exclusive use of the residents may be located on the site.

SECTION 918 PUBLIC UTILITY WORKS, SHOPS OR STORAGE YARDS

- A. All structures shall be designed and landscaped in a way as to blend in with the surrounding area.
- B. A chain link fence shall enclose all dangerous apparatuses and shall be at least eight feet in height.
- C. All motor vehicle parking shall be located within the area circumscribed by the buffered/screened area.
- D. Such facilities shall be located on a public street or an approved private street.

SECTION 919 QUARRY

- A. No minimum lot area is required but, the lot shall be adequate to provide the yard space required for the M(P) Planned Industrial District and meet the standards of this Section.
- B. The temporary erection and operation of plants and equipment necessary for crushing, polishing, dressing or otherwise physically or chemically processing the material extracted on the site shall comply with the district dimensional requirements of the M(P) zoning district.
- C. All equipment used for excavation, quarrying and permitted processing shall be constructed, maintained and operated in such a manner as to eliminate, as far as practicable, noise, vibration, or dust which would injure or annoy persons living or working in the vicinity.
- D. Access ways or drives within the premises shall be maintained in a dust-free condition through surfacing or such other treatment as may be necessary.
- E. No excavation shall be made closer than 200 feet from the banks of any river, stream, creek or waterway except by submission of documentation, verified by the County Engineer, that such excavation or quarrying shall not impair the lateral support needed for permanent stream levees.
- F. All excavations shall be made either to a depth of five feet below a water producing level, or graded or back-filled with non-noxious and non-inflammable solids to assure that the excavated area will not collect and retain stagnant water or that the graded or back-filled surface will create a gentle rolling topography to minimize erosion by wind or rain and substantially conform with the contour of the surrounding area.
- G. Whenever the floor of a quarry is five feet or more below the grade of adjacent land, the property containing the quarry shall be completely enclosed by a barrier either consisting of a mound of earth not less than six feet high located at least 25 feet from any street right-of-way and planted with a double row of quick growing vegetative landscaping, or shall be enclosed with a chain link fence or its equivalent in strength and protective character to a height of six feet along the property line.
- H. An excavation shall be located 100 feet or more and back-filled to 150 feet from a street right-of-way line. Quarrying operations shall be located 50 feet or more from a street right-of-way line and to any property boundary line. With approval by the County Engineer, such excavation or quarrying may be permitted inside these limits in order to reduce the ground elevation to the established street grade.
- I. More intensive buffering than the normal standard may be required when the development is near or adjacent to residentially zoned areas.

- J. A reclamation plan shall be submitted along with the site plan and the application. All such reclamation plans shall include the following:
1. A grading plan showing existing contours in the area to be extracted and proposed future contours showing the topography of the area after completion. Such plans shall include the surrounding area within 500 feet of the property boundary line, drawn to an appropriate scale with contour lines at intervals of five feet or less.
 2. Existing and proposed drainage of the area.
 3. Details of re-grading and re-vegetation of the site during and at conclusion of the operation. The following are the minimum requirements to be met at the conclusion of the operation:
 - a. The banks of all extraction, when not back-filled, shall be sloped at a grade of not less than two feet horizontal to one foot vertical. This slope shall be maintained 20 feet beyond the water line if such exists.
 - b. Spoil banks shall be graded to a level suiting the existing terrain.
 - c. All banks and extracted areas shall be surfaced with at least six inches of suitable soil, except exposed rock surfaces, and shall be planted or seeded with trees, shrubs, legumes or grasses and maintained until the soil is stabilized and approved by the County Engineer.
- K. When any extraction has been completed, such area shall either be left as a permanent spring-fed lake or the floor thereof shall be leveled in such manner as to prevent the collection and stagnation of water and to provide proper drainage without excessive soil erosion.
- L. All equipment and structures shall be removed within three months of the completion of the extraction of materials.
- M. The facility must be permitted by the North Carolina Department of Environment and Natural Resources and/or other applicable Federal, State, and local agencies.

SECTION 920 RECREATION OR AMUSEMENT, PUBLIC/PRIVATE & INDOOR/OUTDOOR

- A. One sign shall be permitted and shall not exceed the standards for those allowed in the C1(P) zoning district.
- B. The site shall have direct vehicular access to a major or minor thoroughfare or higher-level street.
- C. When the facility is operated outdoors, the hours of operation shall be between sunrise and sunset.
- D. All outdoor lighting shall comply with the standards of Section 1102 M.
- E. If the facility is of such a use that would be conducted on dirt (i.e., ball fields, go-cart tracks, etc.) measures shall be taken to minimize the creation of dust.
- F. Fencing, netting, or other control measures shall be provided around the perimeter of any areas used for hitting, flying, or throwing of objects to prevent the object from leaving the designated area.

SECTION 921 RECREATION VEHICLE PARK AND/OR CAMPGROUND

- A. Recreation vehicle parks/campgrounds shall be used only by travel trailers, pick-up coaches, motor homes, camping trailers, other vehicular accommodations and tents

suitable for temporary habitation and used for travel, vacation and recreation purposes.

- B. The area of the park/campground shall be at least three acres. Each recreation vehicle/camp site shall be a minimum of 1,200 square feet in area with a maximum of 20 sites per acre. Each site shall contain a stabilized vehicular parking pad of packed gravel, paving or other suitable material.
- C. All yard setback requirements shall be in accordance with the dimensional requirements of the zoning district in which the park or campground is located and no structure, recreational vehicle site or camping site shall be located within the required yard area.
- D. No individual recreation vehicle space within a recreation vehicle park/campground shall directly access a public road. Access to all recreation vehicle spaces and accessory structures within the park/campground shall be from internal streets. A driveway permit must be obtained from the North Carolina Department of Transportation for connection to a public street.
- E. The recreation vehicle park/campground shall not allow for permanent occupancy on the same site by the same occupant for any continuous period of time exceeding 90 days.
- F. Each park shall have at least one telephone available for public use. Management headquarters, manager's residence, recreational facilities, toilets, dumping stations, showers, coin-operated laundry facilities, stores and the uses and structures customarily incidental to operations of a recreation vehicle park/campground are permitted as accessory uses to the park, subject to the following restrictions:
 - 1. Such establishments (excluding recreational facilities) and the parking areas primarily related to their operations shall not occupy more than 10% of the gross area of the park/campground.
 - 2. The structures housing such facilities shall not be located closer than 100 feet to any public street and shall not be directly accessible from any public street but shall be accessible only from an internal drive within the park/campground.
 - 3. Such structures containing toilets, bathhouses and other plumbing fixtures shall comply with the requirements of the North Carolina Building Code.
- G. Adequate off-street parking and maneuvering space shall be provided on site. No public street, sidewalk or right-of-way or any other private grounds not a part of the recreational vehicle parking area shall be used to park or maneuver vehicles.
- H. Internal drives shall be constructed to a minimum of 18 feet in width if providing two way streets and 12 feet in width for one way streets and contain a minimum depth of six inches of stone gravel base with proper ditching, drainage, and seeding of slopes. Permanent dead-end streets shall have a cul-de-sac constructed 40 feet in diameter.
- I. Recreational vehicle parks and campgrounds shall be enclosed by a fence, wall, landscape screening, earthen mounds or by other measures from all contiguous residential areas in a manner that complements the landscape and assures compatibility with the adjacent environment, and complies with the buffering requirements for nonresidential uses adjacent to residential districts.
- J. In addition to the requirements required to be shown on the site plan as required by the Article XIII, the site plan shall include the name and address of the applicant, the location and dimensions of each recreation vehicle/camping site, the location and use

of all service and recreational facilities, all interior access ways, drives, and parking. All site plans subject to this Section shall also require approval from the County Health Department.

- K. When permitted, recreation vehicle parks/campgrounds within the CD Conservancy District shall be subject to the following requirements:
 - 1. No individual recreation vehicle/camping site shall have individual on-site septic systems.
 - 2. Each recreational vehicle must be equipped with a holding tank and each park/campground must have an approved dumping station or pump-out facilities on the premises.
- L. All Federal, State and other local regulations shall be complied with.

SECTION 922 RESIDENTIAL HABILITATION SUPPORT FACILITY

- A. Minimum lot size: 20,000 square feet.
- B. The structure must pass all health and fire inspections.
- C. The property must be at least a one-half-mile radius from an existing or approved residential habilitation support facility or an existing or approved group home.
- D. The following setbacks shall be minimum yard requirements:
 - 1. Front yard: 50 feet from any public or private street.
 - 2. Rear yard: 35 feet, regardless of district.
 - 3. Side yard: 25 feet, regardless of district;
 - 4. Side street on corner lots: 25 feet.
- E. Off-street parking shall be provided at the rate of two spaces plus one for each caregiver.
- F. The facility shall be located on a paved public street meeting North Carolina Department of Transportation standards.
- G. The facility shall provide a minimum of 100 square feet of living area per person, not counting the caregivers.

SECTION 923 SECOND HAND, PAWN AND FLEA MARKET

- A. Outside storage of goods, equipment and material shall be prohibited; however, outside display of merchandise in conducting the commercial operation is permitted during the hours when the commercial operation is open for business. No storage or display shall be permitted within a public right-of-way.
- B. Vehicle parking shall be provided entirely on site. Traffic generated by the business shall not impede the normal flow of traffic on any public right-of-way.

SECTION 924 SEXUALLY ORIENTED BUSINESSES

Sexually oriented businesses are some of the uses which, because of their very nature, may have serious objectionable characteristics, particularly when several of them are concentrated in one area, thereby having a deleterious effect upon adjacent areas, or when the uses are proposed to be located in or near sensitive areas or land uses. Special regulation of sexually oriented businesses is necessary to insure that these adverse effects will not contribute to the blighting or downgrading of the surrounding neighborhood. These special regulations and applicable criteria are contained in this section.

Sexually oriented businesses shall be allowed only in the C(P) Planned Commercial District and M(P) Planned Industrial District subject to the following:

- A. Sexually oriented businesses shall not be located within 2500 feet of another sexually oriented business. The measurement shall be taken from the exterior walls of the building(s) containing such regulated use.
- B. No sexually oriented business shall be located within 3,000 feet of any area zoned for residential use or from the property line of residential unit(s), religious worship activity, nursery school, day care facility, any recreation and amusement not regulated herein, and any public or private school regardless of the zoning district, and shall be measured from the property line(s) containing such regulated use.
- C. Buffering complying with the standards of Section 1102 G shall be placed around the entire perimeter, including road frontage, for all sexually oriented businesses.
- D. No nude or seminude service or entertainment of any kind shall be allowed outside the building of such use.
- E. The provisions of this Article shall not apply to "Massage and Bodyworks Therapy" as defined in Article II of this Ordinance and to the extent regulated by N.C. GEN STAT, Chapter 90.

SECTION 925 SOLID WASTE DISPOSAL FACILITY

- A. No such facility shall locate within 2500 feet of an existing residential structure or of residentially zoned property.
- B. No material shall be stored outside of appropriate waste containers, and all such containers shall be located on a solid impervious surface such as concrete pads.
- C. All structures on the site shall comply with the dimensional requirements for the zoning district.
- D. The site shall be maintained so as to prevent odors, rodents and any other nuisances.
- E. The site shall have direct access to a paved public street.
- F. Access roads leading to any part of the operation shall be constructed in such a manner as to not impede traffic on any public or private street and shall be paved or constructed with gravel or crushed stone surface and maintained in a dust-free manner.
- G. All environmental health rules and regulations, including Federal and State laws, shall be complied with.
- H. One identification sign, as defined in Section 1302, shall be permitted in accordance with Article XIII.

SECTION 926 THEATER PRODUCTIONS, OUTDOOR

- A. One sign shall be permitted and shall not exceed the standards for those allowed in the C1(P) Planned Local Business District.
- B. The site shall have direct vehicular access to a collector or higher-level street.
- C. In non-commercial districts, hours of operation shall be between sunrise and sunset. Noise levels shall not pose a nuisance to neighboring properties.

- D. All outdoor lighting shall be turned off between 11:00 p.m. and sunrise, except lighting used for walkways, roads, parking lots and security. In these cases, fully shielded lights must be used.

SECTION 927 TOWERS

- A. A communication tower and associated equipment totally concealed within a building or structure so as to be architecturally indiscernible shall not be regulated as a tower under this Section.
- B. The applicant, owner, or developer of a tower that is to be at least 75 feet in height shall submit a site plan with the application for building permit to authorize construction or erection of the tower. The site plan shall include:
1. Identity of the proposed or intended user(s) of the tower.
 2. The certification of a registered engineer that the tower has the structural integrity and/or capacity to support or to accommodate more than one use or user.
 3. The statement and supporting information and documentation by the applicant, owner, or developer that no structures or facilities suitable for collocation are available within the coverage area.
 4. The statement of the owner indicating the intent and willingness to permit shared use of the tower and the potential for or limitations on the number of other users that the proposed tower can accommodate.
 5. Elements and design that meet all requirements of this Ordinance and the County Subdivision Ordinance.
- C. Setbacks:
1. Residential Zones. A tower less than 300 feet in height shall be set back from all adjacent property lines and/or lease lines a distance not less than the height of the tower. A tower taller than 300 feet shall be set back from property and/or lease lines a distance at least equal to the height of the tower. The distance shall be measured from the base of the tower.
 2. Commercial/Industrial Zones. Any tower shall be set back from property and/or lease lines a minimum of 50 feet or one foot of setback for each two feet of tower height, whichever is greater.
- D. Structures located near towers shall not encroach upon the setbacks of the towers, unless such towers are of monopole design and construction, in which case buildings and structures may be located within the setback distances.
- E. A chain link fence at least ten feet in height and located at least ten feet from the base of the tower shall enclose the tower base.
- F. A buffer area at least 25 feet wide shall surround the tower compound. The buffer shall shield the compound area from the entire tract. No structures, including guyed wires or anchors, may be constructed or located within the buffer. The buffer area shall be planted with evergreen trees that will attain a minimum height of 25 feet within four years, and be spaced no greater than 20 feet apart. The inner fringe of the buffer area shall be planted with an evergreen hedge that shall have an initial height of at least three feet and an expected attainment of six feet in height within four years of planting. The hedge shall constitute a complete shield or visual blockage. If the Code Enforcement Coordinator determines that a natural buffer already exists on site

that substantially complies with the purpose and intent of this performance standard to an equal or greater degree, such an alternative natural buffer shall be considered adequate. If an alternative natural buffer is used, the user shall be responsible to insure that the buffer remains compliant for as long as the tower remains. If a buffer is altered to an extent where it no longer serves to shield or obscure the compound from view, the applicant or tower user(s) shall install buffers as required by this Section.

- G. The applicant, owner or developer shall certify that the proposed tower will be constructed and operated in accordance with all applicable Federal, State and local laws and ordinances, including but not limited to all Federal Communication Commission (FCC) and Federal Aviation Administration (FAA) rules and guidelines.
- H. Prior to the issuance of a building permit for a tower, the applicant, owner or developer shall submit drawings sealed by a licensed engineer and a certification letter from the licensed engineer who prepared the plans that the tower will meet all applicable Federal, State and local building codes and structural standards.
- I. The operation of the equipment, antenna(e) or other devices placed on the tower shall not diminish the reception of radio, television or other similar items on adjacent property.
- J. The tower's height shall not exceed 450 feet. When a tower is located on a building or structure, the combined height of the building or structure and the tower shall not exceed 450 feet, except in the A1 Agricultural District. The height of a tower located in the A1 Agricultural District shall not be restricted. However, a tower located in the A1 Agricultural District must meet all applicable setbacks.
- K. The exterior appearance of any building or structure associated with a tower and located in a residential zone shall maintain a residential architectural quality including, without limitation, a pitched roof and frame or brick veneer construction.
- L. No building or structure associated with a tower and located in a residential zone may be used as a work site for any worker. However, periodic maintenance, inspection and renovation of the facility shall be permitted.
- M. Each applicant, owner or developer shall demonstrate that the use will not be detrimental or injurious to the property values of the surrounding neighborhood. In zoning districts where the tower is a use by right, the applicant, owner or developer may satisfy the requirement by submitting a statement signed by a licensed appraiser or real estate broker which expresses an opinion that the use will not be detrimental or injurious to the property values of the surrounding neighborhood.
- N. No tower may be constructed closer than 1,500 feet to any other tower. However, a concealed tower shall be exempt from the separation requirement established by this subsection.
- O. To protect the public from unnecessary exposure to electromagnetic radiation, the applicant, developer, owner or operator of the tower shall document that the power density levels do not exceed Federally approved levels or American National Standards Institute (ANSI) standards, whichever is stricter.
- P. If lighting is required by the FAA, it shall meet or exceed the FAA standards. To the extent allowed by FAA regulations and standards, strobes shall not be used for nighttime lighting. To the extent permitted by Federal statutes, regulations and standards, the lights shall be oriented so as not to project directly onto surrounding

residential property. Prior to issuance of a building permit, the applicant, developer or owner shall submit documentation from the FAA that the proposed lighting is the minimum lighting required by the FAA.

- Q. A tower not used for a period of at least six months shall be determined to be abandoned and shall be removed. The owner of the tower shall remove any abandoned, unused or structurally unsound tower within 90 days of receiving notice requiring removal. The Code Enforcement Coordinator may establish a shorter period of time for the removal of a tower that is structurally unsound. To assure the removal of an unused, abandoned or improperly maintained tower, the applicant, owner or developer shall submit a bond or equal assurance along with a notarized statement of financial responsibility for each tower that is at least 75 feet tall. If the County must effect removal, removal costs shall be charged against the issuer or party charged under the statement of financial responsibility.
- R. The owner or operator of a tower shall submit a statement signed and sealed by a licensed engineer that the tower will be structurally sound.
- S. If the Code Enforcement Coordinator determines a tower is not structurally sound, the owner or operator of the tower shall, within 60 days or a shorter time period if required by the Code Enforcement Coordinator, complete repairs to restore the structural soundness of the tower.
- T. The owner, applicant, or developer shall camouflage the tower so that it blends into the surrounding area. Methods of camouflage include paint, architectural design or structure, and other means.
- U. No outside storage on the site of the tower shall be permitted.

(This page intentionally left blank.)

ARTICLE X. OTHER USES

SECTION 1001 TEMPORARY USES

The Code Enforcement Coordinator may issue a temporary Certificate of Occupancy for the following uses in accordance with the provisions of this section. In cases where the desirability of permitting the use is questionable, and the application for the temporary Certificate of Occupancy is denied, the matter shall be appealed to the Board of Adjustment for a decision in accordance with Article XVI.

- A. Temporary Events. A temporary occupancy permit may be issued for bazaars, carnivals, religious revivals, sports events, circuses, festivals and similar uses for a limited fixed period of time not to exceed 30 days in any one calendar year, and as the Code Enforcement Coordinator may impose based on the character of the district affected.
- B. Temporary Construction Offices. A temporary occupancy permit may be issued for construction offices in any district at any site where erection, addition, relocations and/or structural alterations are taking place, provided that such construction office shall be removed immediately upon completion of the project.
- C. Temporary Office and Exhibition. A temporary occupancy permit may be issued for mobile structures used solely as offices or for purposes of exhibition in any district for a fixed period of time not to exceed six months and only upon satisfactory evidence that the use of such mobile structure shall not violate any code or regulation or the intent of this Ordinance. The temporary permit may be renewed upon similar evidence of use of such mobile structure.
- D. Yard Sales. A permit is not required; however, a resident and/or family household is limited to no more than four separate yard sales, each of which may consist of a one- or two-day period within any calendar year, within any residential or agricultural district. The hours of operation are limited to daylight hours on the day(s) the sale occurs. The person conducting the yard sale (tenant or property owner) shall be responsible for the prevention of any negative effects on neighboring properties and prevention of impeding the normal flow of traffic on public rights-of-way. Also, the person conducting the sale shall ensure that all property being sold is personal property, as defined in Article II, and that any residual items at the conclusion of the sale are not stored outside the residential dwelling in a permanent or semi-permanent manner. Signage shall only be allowed on-site, and strict compliance with sign regulations enumerated in Article XIII.

SECTION 1002 INCIDENTAL USES

- A. **Home Occupations.** A home occupation shall be permitted as an accessory use to any dwelling unit and may be conducted in the principal structure or an accessory structure, provided that:
1. The principal person or persons providing the business or service resides in the dwelling on the premises;
 2. The area used for the business or service does not exceed 25 percent of the combined floor area of the structures or 500 square feet, whichever is less;
 3. All work associated with the home occupation is conducted inside the designated building(s);
 4. An attached sign not more than two square feet in area is allowed;
 5. The property contains no outdoor display or storage of goods or services associated with the home occupation;
 6. The home occupation causes no change in the external appearance of the existing building and structures on the property;
 7. One additional parking space is allowed;
 8. Wholesale sales of goods do not occur on the premises;
 9. The home occupation employs no more than one person who does not reside on the premises;
 10. The home occupation does not create any parking congestion, noise, vibration, odor, glare, fumes or electrical or communications interference which can be detected by the normal senses off the premises, including visual or audible interference with radio or television reception;
 11. One vehicle, no heavier than $\frac{3}{4}$ ton, used in connection with the home occupation is permitted and shall be located on the premises in such a manner, so as not to disrupt the quiet nature and visual quality of the neighborhood;
 12. A small home day care shall be permitted as accessory to any dwelling unit, provided that the following additional conditions are met, as well as the other conditions of this section:
 - a. If an outdoor play area is provided, it must be located in the side and/or rear yard of the property, provided that the yard area is not adjacent to any street, and the outdoor play area is fenced with a solid (opaque) fence; and
 - b. No more than eight children who are unrelated to the operator can be cared for during any 24-hour period.
 13. All Federal, State, and local regulations, including the County Environmental Health regulations are complied with in the conduct of the home occupation.
- B. **Outside Storage and Display.** Outside storage of goods, equipment and material shall be prohibited in any O&I(P), C1(P) or C(P) district. Outside display of merchandise which is normally required in conducting the commercial operation is permitted in any of the above named districts except the O&I(P) District.
- C. **Swimming Pools.** Every swimming pool, public and private, as defined by this Ordinance is permitted as an incidental use and shall be regulated as follows:

1. The setback for a swimming pool from any side and rear lot line shall be ten feet.
2. A fence shall be erected to a minimum height of four feet to completely enclose the portion of yard containing the pool and shall include a gate that can be securely fastened for belowground pools.
3. All mechanical equipment shall be located a minimum of five feet from any property line.
4. All floodlights shall be shielded from adjacent properties to reduce offensive glare.
5. All electrical wiring shall be in conformance with the National Electrical Code.
6. A water discharge plan for the proposed use shall be submitted showing the location of buildings, yard dimensions and other pertinent data. This plan shall also stipulate the type of system used for disposal of waste from the site. No permit shall be issued until the Code Enforcement Coordinator determines that the water discharge plan is adequate by meeting one or more of the following criteria:
 - a. The discharge system shall drain directly into the street storm drainage system, other public storm drainage systems or natural stream; or
 - b. Enough hose is made available to discharge such water into the above public ways; or
 - c. That water discharge can be accomplished on the lot without threat of discharge onto adjacent lots.
7. In any zoning district, a swimming pool may not be located in a required front yard, including residential corner lots subject to Section 1101 G.

D. Accessory Retail Uses. Accessory retail uses include shops incidental to a hospital or clinic, variety, book, cafeterias, soda bars, coffee shops, beauty shops, and barbershops incidental to institutional or professional office buildings or manufacturing facilities. Accessory retail uses shall be conducted solely for the convenience of the employees, patients, patrons, students or visitors and not the general public. Such retail use, which is conducted wholly within the principal building without access thereto other than from within the building, without exterior advertising display, shall be permitted.

E. Accessory Structures. Accessory structures shall not be rented or occupied for gain or inhabited by other than employees performing services on the premises of the owner, lessee, or tenant of the premises. Accessory buildings to be used for living quarters shall not be constructed upon a lot until the construction of the principal building has commenced.

SECTION 1003 NONCONFORMING USES

A. General Provisions. No structure or land containing a nonconforming use shall hereafter be increased, nor shall its total value be enhanced, except as provided in this Section.

B. Discontinuance/Buffering of Open-Air Outside Uses. All nonconforming uses not carried on within a structure, except those which are incidental and necessary to activities within a structure, shall be discontinued within three calendar years from the date of this Ordinance unless they can be adequately buffered so that the

nonconforming use is not visible to the surrounding properties and these such uses shall be buffered in accordance with Section 1102 G within two calendar years from the effective date of this Ordinance. Uses to be discontinued or buffered under this Section shall include outdoor sales areas, automobile parking lots not immediately adjacent to and used in conjunction with a structure that the parking lot serves, storage yards, signs, billboards and similar uses. Where nonconforming use status applies to structure(s) and premises in combination, if the structure(s) are removed or destroyed, the nonconforming use of the land shall cease and any subsequent use of the land and buildings placed thereon shall conform with the provisions of this Ordinance.

- C. Continuance of Nonconforming Uses. No nonconforming use may be changed, expanded or resumed to any other nonconforming use, unless the Board of Adjustment finds that such use is no more detrimental to the neighborhood than the initial nonconforming use of the property in question. No change of title or possession or right to possession of property with a nonconforming use shall be construed to prevent the continuance of such nonconforming use.
- D. Continuance of Nonconforming Structures. A structure that is nonconforming due to noncompliance with dimensional requirements, and which is a permitted use in the district, may continue, provided that its nonconformity is not increased. Structural changes which decrease or do not affect the degree of nonconformity, regardless of cost and/or increase in value, shall be permitted. Routine repairs, maintenance, rehabilitation and renovations, regardless of value, shall be permitted.
- E. Reconstruction Prohibited. Any nonconforming structure or any structure containing a nonconforming use, which has been damaged by fire or other causes, may be reconstructed and its use resumed if that occurs within one year of such damage, unless such structures have been determined by the Code Enforcement Coordinator to have been damaged to an extent exceeding 50 percent of its then reproducible value or its bulk, exclusive of foundations, in which case any repair, reconstruction or use shall conform with the provisions of this Ordinance.
- F. Resumption of Nonconforming Use Prohibited. Resumption of a nonconforming use of a structure shall not be permitted if such nonconforming use is discontinued, or ceases regardless of intent, for a continuous period of one year.

SECTION 1004 NONCONFORMING MANUFACTURED HOME LOTS AND PARKS

Notwithstanding any other provisions of this Section to the contrary, the continuance of the use of land and structures for individual manufactured home or manufactured home park purposes in zoning districts in which individual manufactured homes or manufactured home parks are not a permitted use shall be regulated as follows:

- A. Individual Nonconforming Manufactured Home Uses. Individual lots in districts not zoned for individual manufactured home use on which there is located a preexisting

(i.e., thereon at the time of such zoning) nonconforming manufactured home may continue to be used as an individual manufactured home lot, subject to the following conditions:

1. In the event that the use of the nonconforming individual lot as a site for a preexisting individual manufactured home is discontinued for a period of one year or more, such use of the lot shall not be resumed, and only the uses permitted for the zoning district in which the lot is located shall be allowed.
2. A manufactured home that was located on a nonconforming individual manufactured home lot at the time the district in which the lot is located was zoned shall not be replaced except in accordance with the provisions of Subsection C below.

B. Continuance of Preexisting Nonconforming Manufactured Home Park Uses. Tracts or parcels of land in districts not zoned for manufactured home park use on which there is located a preexisting nonconforming manufactured home park may continue to be used as a manufactured home park, subject to the following conditions:

1. In the event that the use of a tract or parcel of land, or part thereof, as a manufactured home park is discontinued for a period of one year or more, such use of the land, or part thereof, shall not be resumed, and only the uses permitted for the zoning district in which the land is located shall be allowed.
2. A manufactured home that was located in a preexisting nonconforming manufactured home park at the time the district in which the park is located was zoned, shall not be replaced except in accordance with the provisions of Subsection D below.

C. Replacement of Preexisting Manufactured Homes on Individual Nonconforming Lots. A preexisting manufactured home on an individual nonconforming manufactured home lot may be replaced by another manufactured home during the period in which the preexisting nonconforming use of the lot is allowed to continue, provided that the replacement structure, as newly positioned on the lot, conforms to the following requirements:

1. The replacement structure in any residentially zoned district shall be a Class A manufactured home, and the replacement structure in any of the following nonresidential zoning districts, O&I(P) Planned Office and Institutional, the C1(P) Planned Local Business, the C(P) Planned Commercial, the M1(P) Planned Light Industrial, M(P) Planned Industrial shall be a Class A or Class B manufactured home as defined in this Ordinance, provided that such replacement structures are used exclusively for residential purposes.
2. The replacement structure shall meet the structure dimensional requirements and other applicable provisions of this Ordinance for the zoning district in which the lot is located.
3. The replacement structure shall meet the current County Health Department regulations pertaining to sewage and water systems; the current requirements of

the County Fire Prevention Ordinance; and the current requirements of the County Minimum Housing Code.

4. In the event of conflict among the requirements set forth above, the replacement structure must meet the stricter of the conflicting requirements.

D. Replacement of Preexisting Manufactured Homes in Nonconforming Manufactured Home Parks. A preexisting manufactured home in a nonconforming manufactured home park may be replaced by another manufactured home during the period in which the preexisting nonconforming use of the land on which the park is located is allowed to continue, provided that the replacement structure, as newly positioned in the park, conforms to the following requirements:

1. The replacement structures shall be placed in the manufactured home park so that the structure in place is set back from the external boundaries of the park a distance that meets the dimensional requirements and other applicable provisions of this Ordinance for the zoning district in which the park is located, as though the park were a single lot or tract within such district. For the purposes of this Section, front yard setback requirements shall be measured from a public street constituting an external boundary of the park, if any. Other setback requirements shall be treated as rear and side yard setbacks, as appropriate, and be measured from the boundary of the park other than a public street.
2. The replacement structure and the manufactured home lot on which it is placed shall meet the current internal dimensional requirements for a manufactured home park as defined and set forth in the County Subdivision Ordinance, to include (without limitation): lot area, density and yard space requirements.
3. The replacement structure shall meet the current requirements of the County Health Department regulations pertaining to manufactured homes and manufactured home parks; current requirements of the County Fire Prevention Ordinance; and the current requirements of the County Minimum Housing Code.
4. The replacement structure shall be a Class A or Class B manufactured home and shall otherwise meet the current construction and other standards for manufactured homes established by applicable Federal, State, and local regulations.
5. In the event of conflict among the requirements set forth above, the replacement structure must meet the stricter of the conflicting requirements.

E. Map of Preexisting Nonconforming Manufactured Home Lot or Park. Every owner of land on which a preexisting nonconforming manufactured home individual lot or park is located shall file with the Planning and Inspections Department, a map or site plan of the land area of such lot or park showing the dimensions to scale of the area at the time of the zoning of the land on which the lot or park is located, showing the location and external dimensions to scale of each manufactured home existing therein at such time, and showing such other pertinent information as the Planning and Inspections Department and Code Enforcement Coordinator require.

F. Zoning Permit Required. Replacement of a preexisting nonconforming manufactured home hereunder shall not be permitted unless the owner of such replacement has

made application to the Code Enforcement Coordinator for a zoning permit for such replacement, and the permit has been issued. The application shall describe the proposed replacement manufactured home by manufacturer's name, model and serial number, year of manufacture and dimensions and shall show the proposed manufactured home space for the replacement on a copy of the map of the manufactured home lot or park on file with the County Planning and Inspections Department. The Code Enforcement Coordinator shall issue a zoning permit for the replacement only upon a determination that the replacement and its location meet the requirements for replacing a preexisting nonconforming manufactured home set forth above. The Code Enforcement Coordinator may require any additional information reasonably necessary to make such determination and may deny a permit if such information is not submitted. No provision herein shall waive or release other requirements for a permit pertaining to the replacement or lot or park in which the manufactured home is to be located that may be set forth in this Ordinance or other Federal, State, or local laws.

(This page intentionally left blank.)

ARTICLE XI. LOT AND YARD REGULATIONS

SECTION 1101 LOT REGULATION

Unless otherwise established in the County Subdivision Ordinance, the general lot regulations shall apply as herein set forth.

- A. One Principal Structure Per Lot. Every principal structure hereafter erected shall be located on a lot as herein defined. In no case shall there be more than one main residential building and its accessory buildings on one lot of record unless otherwise provided for in this Ordinance and the County Subdivision Ordinance. Residential uses in the A1 Agricultural District that are considered accessory to the principal farming use are not limited in number when associated with the farm use as exempted by Section 109.
- B. Street Access. No structure shall be erected on a lot, subject to regulation under the County Subdivision Ordinance, which does not abut a public street or approved private street (see County Subdivision Ordinance for private street provisions) for at least 20 feet, such frontage (abutting) to be continuous from the property line to the front yard building setback line. Those lots or tracts, not regulated by the County Subdivision Ordinance shall provide, at a minimum, proof of a 20-foot deeded access easement, which has been properly and legally recorded with the County Register of Deeds, to serve the said lot or tract.
- C. Reduction of Lot Size Prohibited. No lot shall be reduced in area so that lot and/or yard areas below the minimum required under this Ordinance shall result. Lots 50 feet or more in width may be treated as recorded lots less than the minimum requirement (Subsection D below).
- D. Recorded Lots Less Than Minimum Requirement. Where any lot of record on the effective date of this Ordinance or amendment thereto for the zoning area in a district which allows residential uses does not contain sufficient land to permit conformance to the dimensional requirements of this Ordinance, such lot may be used as a building site for a single-family residence, provided that the lot area and yard dimensions are not reduced below the minimums specified in this Ordinance by more than 17 percent in the RR, R15, R10, R6, R6A and R5 residential districts; or below the dimensional requirements of the RR Rural Residential District in the A1 Agricultural District.
- E. Lots Without Community Water and/or Sewer. Any lot that is not served by public or community water and/or sewer, in addition to the regulations of the district in which said lot is located, must be certified by the County Health Department to be large

enough to meet all applicable regulations regarding water supply and/or sewage disposal prior to application for a zoning permit.

- F. Building Lines on Irregularly Shaped Lots. The Code Enforcement Coordinator shall determine locations of front, side, and rear building lines on irregularly shaped lots. In no case, shall a setback line be measured from any part of any tract that does not meet the minimum width requirement for the individual district as listed in Section 1104. Such determinations shall be based on the spirit and intent of the district regulations to achieve spacing and location of buildings or groups of buildings on individual lots.
- G. Corner Lots. Principal structures on corner lots in residential districts on which houses are to front on each of the intersecting streets shall observe the front yard requirements on each of the intersecting streets if they are constructed and located within developments recorded after the effective date of this Ordinance, or any amendment to said Ordinance. Principal structures on corner lots in residential districts that observe the front yard requirements of the two intersecting streets may reduce the required rear yard by 20 feet.
- H. Lot Area Exception in Conservancy Districts. In the CD Conservancy District, the area may be used as part of any contiguous zoning district for calculating density of an entire development and satisfying setback requirements for lots within the development. That portion of such lots within the development falling within the CD District shall only be used for open space uses, and no principal or accessory structures shall be permitted, except boat landing piers when permitted by applicable Federal, State, or local regulations.

SECTION 1102 YARD REGULATION

- A. Projection Into Yard Space. Every part of a required yard shall be open from its lowest point (grade level) to the sky, unobstructed except for the ordinary projections of sills, belt courses, buttresses, cornices, ornamental features, sun decks, balconies, open porches and eaves; provided that none of the above projections shall project into a required yard more than four feet. Canopies, eaves and marquees may extend into a required yard in a commercial or industrial district provided that no more than ten percent of the square footage within the required yard is covered by such canopies, eaves and marquees, and provided further that supports for such canopies, eaves and marquees shall not be solid and shall not interfere with the free movement of traffic, the required off-street parking, and the sight view of adjacent properties.

Open fire escapes, outside stairways, open wheelchair ramps, the ordinary projections of chimneys and flues, swimming pools, flag poles, decorative fountains and other similar items may be erected in required yards when placed so as not to obstruct light and ventilation necessary for the structure. To minimize encroachment of wheelchair ramps into the required yard, turning platforms are encouraged.

- B. Determination of Front Yard Setback. The front yard requirements of this Ordinance shall not apply on lots where the average depth of existing front yards on developed lots, located within 100 feet on each side of a lot, within the same block and zoning district as such lot, is greater or lesser than the minimum required front lot depth. In such cases, the depth of the front yard on such lot shall not be less than the average front yard depth on such developed lots. This provision shall not require a structure to be set back from the street or road a greater distance than the distance set forth in this Ordinance or the setback line observed by the closer of the two existing main buildings on immediately adjoining lots. In no case, however, shall any residential structure be placed closer than 50 feet from the centerline of a street on which it faces or within 40 feet from the centerline of a side street. The location of a residential structure with respect to the street line in any commercial or industrial district shall not be used as a factor in determining the required setback from the street line for any new building to be erected in such districts.
- C. Fences and Walls. The setback requirements of this Ordinance shall not apply to any retaining wall. Open fences and walls may be erected to any height. Solid fences and walls shall be limited to three feet in height when projecting into or enclosing a minimum front yard and shall be limited to seven feet in height when projecting into or enclosing a minimum side and/or rear yard. When a corner lot follows two front yard setbacks, as determined by the Code Enforcement Coordinator, a solid fence or wall greater than three feet in height, but not exceeding seven feet in height, may not be erected within 20 feet of the right-of-way on the street deemed the secondary front yard by the Code Enforcement Coordinator. The street on which the house is addressed is usually considered the primary street on which the house must follow the full front yard setback unless otherwise determined by the Code Enforcement Coordinator. Exceptions to location criteria are as follows:
1. Fences or walls that are within or enclose the minimum side and/or rear yard of a subdivision lot which is situated on a peripheral boundary of a subdivision in which it is a part;
 2. Rear yards on through lots may have a privacy fence erected up to the rear property line, as determined by a platted "no access easement" or up to 15 feet from that line in the absence of a "no access easement";
 3. Buffers as required by Subsection G, "Buffer Requirements": below; and
 4. When a principal structure is permitted closer than 25 feet to a public right-of-way line, the fence or wall will be permitted no closer to the road right-of-way than the permitted location of the residence.
- D. Corner Visibility. In all districts, no fence, wall, shrubbery, sign or other obstruction to vision between the heights of three and 15 feet shall be permitted within 20 feet of the intersection of two streets.
- E. Rear Yards on Through Lots. The depth of rear yards on through lots shall be at least equal to the minimum required front yards for the district in which it is located, and no accessory buildings shall be located in the rear yard on through lots.

F. No Other Building in Required Yard Space. No part of a yard or other open space required about any structure for the purpose of complying with the provisions of this Ordinance shall be included as part of a yard or other open space required under this Ordinance for another structure. When two or more uses occupy the same building, sufficient parking areas, yard widths, lot area, open space, etc., must be provided so that the dimensional requirements pertaining to each of the uses will be met in full.

G. Buffer Requirements.

1. A buffer shall be installed along a side or rear property line when:
 - a. Any commercial off-street parking or loading space abuts a residential or agricultural district along a side or rear property line; or
 - b. Any use permitted in a residential or agricultural district other than a single- or multi-family dwelling abuts a residential or agricultural district along a side or rear property line; or
 - c. Any multi-family development of more than three residential units abuts a residential district or an existing single-family dwelling; or
 - d. Required to screen any outside storage of materials, equipment or products from any residential district and/or street.
2. All uses existing at the time of the adoption of this Ordinance and classified under “a – d” above shall provide and maintain a solid buffer completely surrounding the development within two calendar years of said use being subject to this Ordinance in accordance with the standards of this Subsection and the County Subdivision Ordinance.
3. When required by this Ordinance and/or the County Subdivision Ordinance, the following standards shall apply:
 - a. A vegetative buffer shall be a minimum of three feet at time of planting to reach a height of six feet within three calendar years;
 - b. Fencing shall have a minimum height of six feet;
 - c. Solid non-wooden fencing shall initially consist of one row of planted material, a minimum of three feet in height at initial planting and is to provide for at least 50 percent visual opacity of the fence at planting;
 - d. Permeable artificial fencing shall have one row of planted materials provided which will give approximately 100 percent visual opacity of the fence within one year of planting;
 - e. Buffer vegetation shall be located between the fence and the common property line.
 - f. Chain link fencing shall not be permitted as a screening alternative.

H. Location of Accessory Buildings in Any District. No accessory building shall be erected in any required front or side yard or within 20 feet of any side street line, or within five feet of any lot line not a street line, or within five feet of any accessory building or other building. In no case, however, shall an accessory building be placed closer to a street than the minimum setback requirements for a principal structure.

- I. Building Height. Multiple family dwellings and office, commercial and industrial buildings shall not be limited to height except that for each one foot of height greater than 35 feet, the side and rear yard setbacks shall be increased by one foot.
- J. Side Yard Exception. In the C1(P) Planned Local Business District and the C(P) Planned Commercial District, where the lot has a width of 150 feet or less at the front yard setback line, the minimum side yard width requirements shall apply only to one side if the opposite side is also zoned for commercial or industrial uses.
- K. Rear Yard Exception for Manufactured Homes in an R6A Residential District. In an R6A Residential District where a single manufactured home, as herein defined, is to be placed on an individual lot, and no other principal structure exists, the rear yard requirement may be reduced to five feet as long as such manufactured home shall be at least 15 feet from any other manufactured home located on an adjoining lot to the rear of the subject lot.
- L. Averasboro Battlefield Viewshed Frontage. A front yard setback of 70 feet from the right-of-way, regardless of zoning classification, shall be required for all lots fronting NC Highway 82 (Burnett Road), which is a designated "Viewshed" and located within the area designated by the National Register of Historic Places as the Averasboro Battlefield.
- M. Outdoor Lighting. The purpose of this section is to reduce glare, to reduce light trespass, to decrease the expense of lighting, to decrease light pollution, and to improve the aesthetics of the County while still providing adequate nighttime safety and security. The following standards are applicable to all properties:
1. All lights shall be shielded in such a way as to direct all light toward the Earth's surface and away from reflective surfaces;
 2. Light fixtures or lamps shall be shielded/shaded in such a manner as to direct incident rays away from all adjacent property and any light on a pole, stand, or mounted on a building must have a shield, and adjustable reflector and non-protruding diffuser;
 3. Any facilities, which may require floodlighting, may not arrange the light in such a way that it will shine toward roadways, onto adjacent residential property or residentially zoned property or into the night sky;
 4. Any interior lighted signs may not be lit at night when any face of the sign is removed or damaged in such a way that the light may distract pedestrians or drivers or become a nuisance to homeowners;
 5. Any light fixture must be placed in such a manner that no light-emitting surface is visible from any residential area or public/private roadway, walkway, trail or other public way when viewed at ground level.
- N. Reserved for Future Use

SECTION 1103 SPECIAL DEVELOPMENTS

Special developments governed elsewhere in this Ordinance and those governed by the County Subdivision Ordinance may be exempt from the lot and yard requirements of this Ordinance, provided the development conforms with the special provisions of this Ordinance and the County Subdivision Ordinance and the overall dwelling unit density is maintained for the district in which it is located except where specifically exempted elsewhere. This Section shall include, but not be limited to, Article VI, Mixed Use-Conditional Use Districts and Article VIII, Density Development-Conditional Use District, contained within this Ordinance, and Zero Lot Line Developments, Condominium Developments, and Manufactured Home Parks, which are regulated by the County Subdivision Ordinance.

SECTION 1104 DISTRICT DIMENSIONAL PROVISIONS

The provisions on the following pages shall be complied with except where specifically exempted by Section 1103. This Section is in “chart” format and begins on the next page.

SECTION 1104 DISTRICT DIMENSIONAL PROVISIONS¹

Except for the special provisions as previously noted in this Article and any special provisions provided for elsewhere within this Ordinance, the following district dimensional requirements shall be complied with:

<u>DISTRICT</u>	<u>MINIMUM LOT SIZE</u> (square feet unless otherwise stated)	<u>DENSITY²</u> <u>UNIT (DU) FOR CONDOS & GROUP DEVELOPMENTS</u>			<u>WIDTH</u> (in feet)	<u>MINIMUM YARD SETBACK REGULATIONS²</u> (SQ FT PER DWELLING)				
		<u>1st DU</u>	<u>2nd, 3rd, & 4th DUs</u>	<u>5 + DUs</u>		<u>FRONT YARD</u> (measured from R/W line)	<u>SIDE YARD</u> (1 story)	<u>SIDE YARD</u> (2 story)	<u>REAR YARD</u> (each add greater than 2 stories)	<u>REAR YARD</u> (in feet)
A1 ³	2 acres	2 acres	2 acres	2 acres	100	50	20	25	25ft/story	50
A1A ⁴	1 acre	1 acre	1 acre	1 acre	100	50 ⁵	20	25	25ft/story	50
R40	40,000	40,000	40,000	40,000	100	30	15	15	10ft/story	35
R40A	40,000	40,000	40,000	40,000	100	30	15	15	10ft/story	35
R30	30,000	30,000	30,000	30,000	100	30	15	15	10ft/story	35

ARTICLE XII. OFF-STREET PARKING AND LOADING

SECTION 1201 GENERAL PROVISIONS

All uses of land, buildings, or structures shall provide for adequate off-street parking and loading space to meet at least the minimum standards in accordance with the provisions of this Article.

- A. Plan Approval. Each application for a zoning permit, Conditional Use Permit, Special Use Permit, or Certificate of Occupancy shall include information as to the location and dimensions of off-street parking and loading space and the means of ingress and egress to such space. This information shall be in sufficient detail to enable the Code Enforcement Coordinator to determine whether or not the requirements of this Article are met.
- B. Certificate of Occupancy. The Certificate of Occupancy for the use of any building, structure or land where off-street parking space or loading space is required shall be withheld by the Code Enforcement Coordinator until the provisions of this Article are fully complied with. If at any time such compliance ceases, any Certificate of Occupancy previously issued for the use of the property shall immediately become void, and further use of the premises shall cease until the property is brought into compliance with this Article.
- C. Permanency. The off-street parking and loading spaces required by this Article shall be permanent spaces and shall not be used for any other purpose unless other spaces are provided which will fully meet the requirements of this Ordinance.
- D. Permissive Parking and Loading Facilities. Off-street parking or loading facilities, which serve any existing nonresidential use of land or buildings, are permitted in any commercial or industrial district provided that all regulations herein governing the location, design and operation of such facilities are adhered to and provided further that whenever a parking facility serving a nonresidential use abuts a residential district, a vegetative buffer at least six feet in height shall be established between the parking facility and the residential district.
- E. Increased Intensity of Existing Use. When the intensity of use of any building or premises shall be increased through addition of dwelling units, gross floor area, seating capacity or other units specified herein for the computation of required parking and loading facilities, parking and loading facilities shall be provided for such increase in intensity of use.

- F. Change of Existing Use. Whenever the existing use of a structure shall hereafter be changed to a new use, parking and loading facilities shall be provided as required for such new use. However, if the structure was erected prior to the effective date of this Ordinance, additional parking or loading facilities are mandatory only in the amount by which the requirements for the new use shall exceed those for the existing use.

SECTION 1202 OFF-STREET PARKING

- A. Minimum Off-Street Parking Requirements. Off-street parking spaces shall be provided and permanently maintained by the owners or occupants of the following types of property uses on the basis indicated.

<i>Uses</i>	<i>Required Parking</i>
All dwelling units	Two spaces for each dwelling unit except one and one-half spaces for each dwelling unit in a multi-family complex located in R6, R5A, and R5.
Art galleries, libraries, museums	One space for each 400 square feet of net floor area
Banks	One space for each 200 square feet of net floor area, plus one space for each two employees
Commercial amusement	One space for each four persons in design capacity
Detention facilities	One space for every three beds, up to 500 beds; one space for every five beds above 500 beds
Funeral homes	One space for each four seats in chapel
Furniture Stores	One space for each 500 square feet of net floor area
General, professional, governmental offices	One space for each 300 square feet of net floor area
Hospitals	One space for each two beds intended for patient use, plus one space for each employee on the largest shift
Lodges, fraternal, and social organizations	One space for each 300 square feet of net floor area
Manufacturing, processing, fabrication, assembly, construction, contracting building trades	One space for each vehicle used directly in the conduct of the use, plus two additional spaces for each three employees on the largest shift

<i>(Uses - Continued)</i>	<i>(Required Spaces - Continued)</i>
Manufactured home and travel trailer sales lot	One space for each employee and one space for each 3,000 square feet of display area
Medical clinics, doctors' and dentists' offices	Five spaces for each doctor practicing on the premises
Motel, hotel, tourist home	One space for each room or unit to be rented; plus one space for each three employees; plus one space for each 100 square feet of floor area utilized for meeting rooms
Motor vehicle gas stations	Ten parking spaces
Motor vehicle repair and/or sales garage	One space for each 200 square feet of net floor area
Nursery, kindergarten elementary & junior high/middle schools	One space for each employee
Nursing homes, convalescent and old age homes	One space for each four beds intended for resident use, plus one parking space for each employee on the largest shift
Religious worship	One space for each five seats
Restaurants	One space for each four inside seats in addition to any outside serving spaces
Retail stores, service shops, food & beverage establishments, including planned shopping centers	One space for each 200 square feet of net floor area
Rooming or boarding house	One space for each bedroom
Senior high schools	Four spaces for each classroom and administrative office
Veterinary clinics	Four spaces for each veterinarian
Vocational and business schools	One space for each 300 sq. feet of gross floor area

(Uses – Continued)
Wholesale establishments

(Required Spaces – Continued)
One space for 900 square feet of gross floor area

- B. Computation. When determination of the number of off-street parking spaces required by this Ordinance result in a requirement of a fractional space, any fraction of one-half or less may be disregarded, while a fraction in excess of one-half shall be counted as one parking space.
- C. Size. All required off-street parking spaces shall be at least nine feet in width and at least 20 feet in length measured at right angles to the axis of the vehicle exclusive of access drives, aisles or ramps. Such space shall have a vertical clearance of at least six feet, six inches. For parallel parking, the length of the parking space shall be increased to 23 feet. Compact parking spaces, measuring seven and one-half feet wide and 16 feet in length, provided that the compact spaces do not exceed more than 25 percent of the total required parking.
- D. Design. All parking areas requiring four or more spaces based on the use of the property and said property is located within the Urban Services Area, the parking areas shall be surfaced with a permanent material such as asphalt or concrete up to the required paved driveway or entrance to the property, and the individual parking spaces shall be clearly marked or striped. Shopping centers with a structure or structures exceeding 20,000 square feet of net floor area shall permanently surface a maximum of 75 percent of the required parking area. The remaining 25 percent of parking area shall consist of pervious surfacing material and shall be maintained in such manner as to alleviate storm water runoff.
- E. Access. Each required off-street parking space shall open directly upon an aisle or driveway of such width and design as to provide safe and efficient means of vehicular access to such parking space. All off-street parking facilities shall be designed with appropriate means of vehicular access to a street or alley in a manner that will least interfere with traffic movement. All commercial and industrial off-street parking areas and all off-street parking lots for residential use where three or more spaces are required shall be so arranged that egress from the parking space is by forward motion of the vehicle.
- F. Lighting. Any lighting used to illuminate off-street parking areas shall be subject to the same standards as listed in Section 1102 M.
- G. Public Area. No portion of any street right-of-way or public parking facility shall be considered as fulfilling or partially fulfilling area requirements for off-street parking space required by the provisions of this Ordinance.
- H. Combination and Shared Parking. The required parking space for any number of separate uses may be combined in one lot as long as the minimum number of spaces for each separate use is provided, except that the required space assigned to one use within

a shopping center may be assigned to another use provided that the hours of operation for each use do not coincide or overlap and one-half of the parking spaces required for churches, theaters or assembly halls whose peak attendance will be at night or on Sundays may be assigned to a use which will be closed at night and on Sundays.

- I. Remote Parking Space. If the off-street parking space required by this Ordinance for non-residential uses cannot be reasonably provided on the same lot on which the principal use is located, such space may be provided on any land within 400 feet of the main pedestrian entrance to such principal use, provided such land is in the same ownership, by deed or long term, recorded lease, and that such land is zoned for commercial or industrial uses. In such cases, the applicant for a permit for the principal use shall submit with his application an instrument duly executed and acknowledged, which subjects said land to parking use in connection with the principal use.
- J. Existing Parking Facilities. Accessory off-street parking facilities in existence on the effective date of this Ordinance and located on the same lot as the use served shall not hereafter be reduced below the minimum requirements of this Article.
- K. Residential Parking Limitation. Where parking for more than five cars is permitted or required in residential districts, the lot may be used only for parking and not for any type of loading, sales, repair work, dismantling, servicing or long term storage, either of merchandise or vehicles.
- L. Handicap Parking. Handicap parking shall be provided in accordance with the standards of the North Carolina Building Code and any other applicable Federal and/or State regulations.

SECTION 1203 OFF-STREET LOADING

Off-street loading spaces accessory to uses permitted in any district shall be provided in accordance with the following regulations. The Code Enforcement Coordinator shall determine the sufficiency of loading spaces permitted or required by this Ordinance.

- A. Minimum Off-Street Loading Requirements. Off-street loading spaces shall be provided and permanently maintained by the owners or occupants of the following types of land uses on the basis indicated:

<i>Uses</i>	<i>Required Space</i>
Retail operations, and all first floor nonresidential uses, with a gross floor area of less than 20,000 square feet and all wholesale and light industrial operations with a gross floor area of less than 10,000 square feet	One loading space
Retail operations, (including restaurant and dining facilities within hotels and office buildings) with a total usable floor area of 20,000 square feet or more	One loading space for every 20,000 square feet of floor area requiring not more than seven spaces

(Uses- Continued)

(Required Space)

Office buildings and hotels with a total usable floor area of 100,000 square feet or more devoted to such purposes

One loading space for every 100,000 square feet of floor area

Industrial and wholesale operations with a gross floor area of 10,000 square feet or over and as follows:

Minimum number of loading spaces required:

10,000 to 40,000 square feet

One loading space

above 40,000 to 100,000 square feet

Two loading spaces

above 100,000 to 160,000 square feet

Three loading spaces

above 160,000 to 240,000 square feet

Four loading spaces

above 240,000 to 320,000 square feet

Five loading spaces

above 320,000 to 400,000 square feet

Six loading spaces

Each 90,000 square feet above 400,000 square feet

One additional loading space

B. Location. One or more loading berths or other space shall be provided for standing, loading and unloading operations either inside or outside a building and on the same or adjoining premises with every structure erected after the enactment of this Ordinance.

C. Screening. All motor vehicle loading spaces abutting any residential district shall be completely screened.

D. Size. A loading berth shall have minimum plan dimensions of 12 feet by 25 feet and 14 feet overhead clearance. A loading berth shall be sufficient to allow normal loading operations of a kind and magnitude appropriate to the use served.

E. Access. Each required off-street loading space shall be designed with appropriate means of vehicular access to a street or alley, without hindering the movement of vehicles over a street or alley, and of pedestrians over a sidewalk.

F. Utilization. Space allocated to any off-street loading space shall not, while so allocated, be used to satisfy the space requirements for any off-street parking spaces or access drives or aisles.

(This page intentionally left blank)

ARTICLE XIII. SIGN REGULATIONS

SECTION 1301 PURPOSE

The purpose of these regulations is to minimize any detrimental effects of signs on adjacent land uses and to insure that permitted signs do not become a public nuisance or hazard. All signs erected, altered, relocated or maintained shall be in accordance with the provisions of this Article.

SECTION 1302 SIGN DEFINITIONS

For purposes of interpreting this Article, the following words and terms are herein defined:

- A. Billboard (Off-premises Sign): A sign which directs attention to a business, commodity, service, entertainment or other message not conducted, sold or offered on the premises where such sign is located.
- B. Business Sign: A sign that directs attention to a business, industry, profession, commodity, service or entertainment sold, produced or offered upon the premises where such sign is located or to which it is attached.
- C. Flashing Sign: Any illuminated sign on which the artificial light is not maintained stationary or constant in intensity and color at all times when such sign is in use. For the purpose of this Ordinance, any moving, illuminated sign shall be considered a "flashing sign." Such signs shall not be deemed to include time and temperature signs or public message displays using electronic switching, provided the message remains displayed for a minimum of ten seconds.
- D. Freestanding Sign: Any sign supported wholly or in part by some structure other than the building or buildings housing the business to which the sign pertains. For purposes of this Article, this definition shall not include "billboard" which is defined above.
- E. Governmental Sign: Any sign erected by or on behalf of a governmental body to post a legal notice, identify public property, convey public information, and direct or regulate pedestrian or vehicular traffic.
- F. Ground Sign: A freestanding sign suspended or supported by one or more uprights or braces anchored in the ground with no more than 30 inches clearance from the bottom of the sign to the ground below.

- G. Identification Sign (Directory): A sign used to display only the name, address, crest or trademark of the business, individual, family, organization or enterprise occupying the premises, the profession of the occupant, the name of the building on which the sign is displayed, or the name of the owners or developers. A directory sign is an identification sign with information on multiple occupants.
- H. Informational Sign: Any on-premises sign containing no other commercial message, copy, announcement or decoration other than instruction or direction to the public. Such signs include, but are not limited to, the following: identifying rest rooms, public telephones, automated teller machines, for lease, for sale, self-service, walkways, entrances and exits, freight entrances, traffic direction and prices.
- I. Obscene Matter: Any item with a context of a sexual nature depicting, describing or related to anatomical areas and sexual activities.
- J. Pole Sign: A freestanding sign that is mounted on a pole or other support so that the bottom edge of the sign face is six feet or more above grade.
- K. Portable Sign: Any sign not permanently attached to the ground or to a building or other structure and which, because of its relatively light weight, is meant to be moved from place to place. Such sign may or may not have changeable copy, may or may not be wired for lighting and may or may not have wheels. "Sandwich boards" are considered as portable signs.
- L. Public Information Sign: A sign usually erected on public property or right-of-way and maintained by a public agency that provides the public with information and in no way relates to a commercial activity including, but not limited to, speed limit signs, city limit signs, street name signs and directional signs. These signs are not regulated by this Ordinance.
- M. Roof Sign: A sign displayed above the eaves of a building.
- N. Sign: Any words, lettering, parts of letters, figures, numerals, phrases, sentences, devices, designs, trade names or trademarks by which anything is made known, such as the designation of any individual, business, commodity, product, service or entertainment, which are visible and used to attract attention. The word "sign" does not include the flag, pennant or insignia of any nation, state or other political unit, nor does the word "sign" include official notices posted by any public officer in performance of a public duty, or by any person in giving legal notice; nor does it include directional, warning, traffic or informational structures required by or authorized by law or by Federal, State, or local authority.
- O. Sign Area: The area of a sign mounted on a board or within a frame or box shall be the area of the board, frame or box. The area of a sign mounted directly on the wall of a building shall be the area within the outline of the actual shape of the sign. For

individual letters or logos mounted on the wall of a building, the sum of the areas of each letter, measured from the exterior edges of the letter, will be the sign area. Sign area does not include support structures unless the coloration, lighting, etc. are designed to attract attention.

- P. Sign Height: The vertical distance measured from the mean curb level to the level of the highest point of the sign, unless defined differently within this Ordinance. In the case of a sign not adjoining a street or highway, the “height of a sign” is the vertical distance of the average elevation of the ground immediately adjoining the sign to the level of the highest point of the sign.
- Q. Wall Sign: A sign attached to or painted on a wall and including signs attached to or other-wise displayed on or through a façade window. The following are not wall signs: wall identification signs and commemorative plaques not more than two square feet in area, memorial cornerstones or tablets providing information on building erection or commemorating a person or event, or unit identification signs.

SECTION 1303 SIGNS EXEMPT FROM REGULATION

The following signs are exempt from regulation under this Ordinance except that any lighted sign shall require an electrical permit:

- A. Governmental signs;
- B. Lights and decorations with no commercial message temporarily displayed on traditionally accepted civic, patriotic or religious holidays;
- C. Signs located on the interior of buildings, courts, lobbies, stadiums, or other structures which are not intended to be seen from the exterior of said buildings or structures;
- D. Signs affixed to vehicles and trailers used in the normal transport of goods or persons where the sign is incidental and accessory to the primary use of the vehicle or trailer;
- E. Signs affixed to windows of vehicles displaying information on the terms of sale for said vehicles;
- F. Signs not legible from a public or private street; and
- G. Flags of the governmental jurisdictions of the United States of America or the State of North Carolina, local governmental jurisdictions, foreign nations having diplomatic relations with the United States, and any other flags adopted or sanctioned by the Town Board of Commissioners, subject to U.S. Congressional protocol.

SECTION 1304 SIGNS PERMITTED IN ANY DISTRICT

The following types of signs are permitted in all zoning districts subject to any specific requirement or prohibition provided herein for any particular zoning district.

- A. Temporary Real Estate Sales Signs. For the purpose of advertising a specific lot, building or premise for sale, lease or rent, temporary real estate sale signs are permitted not exceeding eight square feet in area and provided only one such sign shall be displayed for each street abutting the lot or premises set back at least five feet from any property line.
- B. Temporary Signs Advertising Real Estate Subdivisions. For the purpose of advertising real estate subdivisions for which a plat has been officially recorded, one sign is permitted at each main entrance to the development named on the sign. Such signs shall not to exceed 32 square feet in area.
- C. Traffic Control Signs. Signs that only regulate traffic on private property are permitted.
- D. Special Informational Signs. For the purpose of giving directions and information, on-site signs pertaining to special uses where not otherwise permitted, and off-premises signs may be approved by the Board of Adjustment subject to a Special Use Permit specifying the size, location, lighting, design and display in accordance with Section 1606. Such signs shall be limited to those which are necessary to inform the public as to location and information concerning facilities, institutions, business districts, fraternal orders and service clubs, or such other activity as the Board may judge to be beneficial to the total community.

SECTION 1305 GENERAL SITE AND SIGN SPECIFICATIONS

- A. Zoning Permit Required. No sign requiring a permit shall hereafter be erected or attached to, suspended from or supported on a structure nor shall any existing sign be enlarged, replaced or relocated until a zoning permit has been issued by the Code Enforcement Coordinator.
- B. Measurement of Sign Area. The area of a sign mounted on a board or within a frame box shall be the area of the board, frame or box. The area of a sign mounted directly on the wall of a building shall be the area within the outline of the actual shape of the sign. For individual letters or logos mounted on the wall of a building, the sum of the areas of each letter, measured from the exterior edges of the letter, will be the sign area. Signs that employ moving or extending parts shall be measured when moved or extended to form the largest possible silhouette. The total sign area for a double-faced or "V" type sign shall be measured on the largest face of the sign; however, advertising matter may be posted on both sides of such permitted signs, provided that any "V" type sign with a "V" angle of greater than 45 degrees shall be subject to measurement of sign area on both sides. Sign area does not include support structures unless the coloration, lighting, etc. are designed to attract attention.

C. Freestanding Sign Location – All Districts (Excluding Billboards). Freestanding signs shall be set back from the existing road right-of-way (normally the front property line) or proposed future road right-of-way, whichever is the greater distance, according to the tables below. Freestanding signs shall be set back from all other property lines a minimum distance of five feet. In no instance shall a sign between the heights of three and 15 feet be permitted within 20 feet of the right-of-way line at the intersection of two streets. Freestanding signs may be placed on the same or separate support structures.

1. Ground Signs. The following table establishes the minimum setback requirements for ground signs provided that all other requirements of this Article are complied with.

Sign Height	Minimum Setback from Right-of-Way Line
0-15 feet	5 feet
Greater than 15 feet and up to 30 feet	10 feet
Greater than 30 feet	10 feet, plus 1 foot for each foot of height exceeding 30 feet

2. Pole Signs. Pole signs, in addition to all other requirements of this Article, shall be setback a minimum of five feet from the existing or proposed right-of-way line provided that no portion of the sign projects any closer than two feet, measured in horizontal distance, from the proposed or existing right-of-way line. Also, pole signs shall maintain a minimum clearance of nine feet over any pedestrian areas and 14 feet over any vehicular paths and shall not extend vertically above the roofline or parapet wall of a building. Pole signs shall not exceed a maximum sign height of 30 feet unless specifically otherwise allowed within this Article.

D. Maintenance and Appearance of Signs. All signs together with braces, guys and supports shall at all times be maintained in a safe condition and kept in good repair, free from excessive rust, corrosion, peeling paint or other surface deterioration.

E. Signs Facing Residential Districts. Illuminated signs shall be so placed as not to be a nuisance to residents of neighboring residential property.

F. On Site Interference. The location and structural design of freestanding signs shall be such as to not interfere with the safe and efficient use of off-street parking and loading areas including aisle ways and access driveways.

G. Unsafe and Unlawful Signs. If the Code Enforcement Coordinator finds that any sign is unsafe or is a menace to the public or has been constructed, erected or is being maintained in violation of this Ordinance, he shall give written notice of such violation to the owner of the sign or the owner of the property where the sign is located. If the owner of the sign, or the property owner, fails to remove or alter the structure so as to

comply with the required standards within 30 days after such notice, such sign may be removed, or altered to comply, by the Code Enforcement Coordinator at the expense of the owner of the sign or the property owner. The Code Enforcement Coordinator may cause any sign or other advertising structure that is an immediate peril to persons or property to be promptly removed by the sign owner or the property owner.

- H. Cessation of Purpose and Removal. Any sign now or hereafter existing which no longer advertises a bona fide business conducted or a product sold shall be taken down and removed by the owner, agent or person having the beneficial use of the building or land or structure upon which such sign may be found. Such sign shall be removed within 30 days after written notification from the Code Enforcement Coordinator except that temporary activities sign posting shall be removed by the permittee within seven days following the date of termination of such events. Upon failure to comply with any notice within the time specified, the Code Enforcement Coordinator is authorized to cause removal of such sign, and the owner of the sign shall pay expenses incurred.
- I. Signs Permitted in Conjunction with Nonconforming Uses. Any nonconforming use in any district may maintain such business signs as would be allowed for such use in the most restrictive district in which the use would be permitted.

SECTION 1306 SIGNS PERMITTED BY DISTRICT

In addition to the aforementioned signs, the following are also permitted:

A. Residential, Agricultural and Conservancy Districts.

- 1. Dwelling Identification Sign. One identification sign not exceeding two square feet in area is permitted for each residential dwelling unit. For one and two family dwelling units, identification signs shall be at least five feet from any street or property line. For multifamily dwelling units, identification signs shall be mounted flat to the main wall of the building. Identification signs may be illuminated but non-flashing and motionless.
- 2. Large Scale Residential Development Signs. A permanent sign is permitted as an integral part of an entrance structure which identifies a subdivision, group development, estate, farm or other residential entity, provided there are not more than two signs for each main entrance, with a total sign area for each such entrance not to exceed 32 square feet in area. Such signs may be lighted, but non-flashing and motionless, and located according to the criteria in Section 1305.
- 3. Agricultural Products Signs. In the zoning districts that allow agriculture or rural farm use, signs advertising agricultural products produced on the premises are permitted, provided there are no more than two such signs, each of which shall not exceed 12 square feet in area. In any instance where the products sold are seasonal or temporary, such signs shall be removed within 30 days of cessation of the activity advertised. This Section shall not apply to any property exempt under the bona fide farms provisions of Section 109.

4. Institutional, Commercial and Industrial Signs Located in Agricultural, Residential and Conservancy Districts. Any institutional, commercial or industrial use, which is a Permitted, Special, or Conditional use in an agricultural, residential or conservancy district, may erect and maintain signs as follows:
 - a. One freestanding sign not to exceed 100 square feet in area shall be permitted. If more than one principal use is conducted on the same site, or in the same building, each additional principal use shall be permitted one freestanding sign not to exceed 50 square feet in area.
 - b. Freestanding signs shall be located in accordance with the criteria found in Section 1305 of this Article.
 - c. Attached signs for all principal uses on the site shall not exceed 50 square feet in area. If there is more than one principal use, the property owner will determine the allocation of attached sign area.

B. Professional, Commercial and Industrial Districts.

1. O&I(P) Planned Office and Institutional District. Signs in the O&I(P) District shall be regulated as follows:

One freestanding sign not to exceed 50 square feet in area will be allowed per building. Freestanding signs shall be located in accordance with the criteria found in Section 1305 of this Article. One attached sign not to exceed 20 square feet in area will be allowed per building. Attached signs may be placed on any side of the building.

2. C1(P) Planned Local Business District. Signs in the C1(P) District shall be regulated as follows:

One freestanding sign not exceeding 100 square feet in area is allowed for sites with a maximum of five occupants. Sites with more than five occupants may have an additional 10 square feet maximum area for each occupant over five, with a total maximum freestanding sign area not to exceed 200 square feet in area.

Freestanding signs shall be located in accordance with the criteria found in Section 1305 of this Article. One attached sign per occupant is allowed. Attached signs shall not exceed one square foot in area for each front foot of structure the occupant occupies. Attached signs may be placed on any side of the building.

3. C(P) Planned Commercial District. Except for billboards (off-premises) signs which are regulated by Section 1307, signs in the C(P) District shall be regulated as follows:

Sites with no more than two occupants may have one freestanding sign. This sign shall have a maximum size of 100 square feet in area. Sites with more than two occupants but less than ten occupants may have two freestanding signs. Each sign shall have a maximum size of 100 square feet in area. Sites with more than ten

occupants may have two freestanding signs, each with a maximum size of 100 square feet in area; or one freestanding sign with a maximum size of 200 square feet in area. Sites with more than ten occupants may have an additional ten square feet of freestanding sign area for each occupant over ten, with a total maximum freestanding sign area not to exceed 400 square feet. On corner lots, one additional freestanding sign is allowed on the side street frontage, not to exceed 100 square feet in area. Freestanding signs shall be located in accordance with the criteria found in Section 1305 of this Article.

One attached sign is allowed per occupant, not to exceed two square feet in area for each front foot of structure that the occupant occupies. On sites where a canopy exceeds the building size, the canopy size may be used to determine the permitted attached sign area. Attached signs may be placed on any side of the building.

4. M1(P) Planned Light Industrial District. Signs located in this district shall follow the same dimensional criteria as for signs being located in the C(P) Planned Commercial District.
5. M(P) Planned Industrial District. Except for billboards (off-premises signs) which are regulated by Section 1307, signs in the M(P) District shall be regulated as follows:

One freestanding sign is allowed at each main entrance to the site. The total entrance signage shall not exceed a maximum sign area of 500 square feet with each individual entrance sign not exceeding a maximum sign area of 300 square feet. On corner lots, one additional freestanding sign is allowed on the side street frontage, not to exceed 100 square feet in area. Freestanding signs shall be located in accordance with the criteria found in Section 1305.

One attached sign is allowed per occupant, not to exceed two square feet in area for each front foot of structure that the occupant occupies. On sites where a canopy exceeds the building size, the canopy size may be used to determine the permitted attached sign area. Attached signs may be placed on any side of the building.

SECTION 1307 BILLBOARDS (OFF-PREMISES SIGNS)

In addition to other applicable standards contained within this Article, the following provisions shall apply to all billboards:

A. General Provisions.

1. Billboards shall be allowed only along rights-of-way with full-control or limited-control of access, such as freeways and major thoroughfares;
2. No billboard shall face or be oriented toward any adjoining or abutting residentially-zoned or residentially-used property and shall not be located within 200 feet of a residential zoning district boundary line;
3. Billboards shall not exceed a sign height of 35 feet;

4. All billboards are considered as a principal use of property, not accessory, and shall be allowed in the C(P) Planned Commercial District, upon approval of a Special Use Permit (Section 1606), and M(P) Planned Industrial District, upon approval of the site plan (Article XIV) as a permitted use, provided that the dimensional criteria outlined below is complied with; and
5. All Federal, State, and other local regulations shall be complied with.

B. Dimensional Criteria by District.

1. C(P) Planned Commercial Districts. Billboards constructed and located in this zoning district shall have a maximum sign area of 500 square feet and shall be located at least 50 feet from a street right-of-way line; five feet from any property line not a right-of-way line; 50 feet from any other freestanding sign, building or structure on the same lot; and be a minimum of 500 feet from another billboard.
2. M(P) Planned Industrial District. Billboards constructed and located in this zoning district shall have a maximum sign area of 700 square feet and shall be located at least 50 feet from a street right-of-way line; five feet from a property line, not a right-of-way line; 50 feet from any other freestanding sign, building or structure on the same lot; and be a minimum of 500 feet from another billboard.

SECTION 1308 SIGNS PROHIBITED

Erection or maintenance of signs having any of the following characteristics is prohibited

- A. **Signs Not to Constitute Traffic Hazards.** No sign or advertising structure shall be erected or maintained at the intersection of any street or road so as to obstruct free and clear vision; or at any location where, by reason of the position, illumination, shape or color, it may impair, obstruct the view or be confused with any authorized traffic sign, signal or device; or that makes use of the words “stop,” “look,” “drive-in,” “danger” or any other word, phrase, symbol or character in such manner as to interfere with, mislead or confuse traffic. In any case, signs shall be prohibited within 20 feet of a street intersection measured to the intersection of the two nearest street lines.
- B. **Signs Erected on Public Streets.** No sign shall be erected or maintained within any public street right-of-way nor be allowed to extend over or into any public street, provided that this section shall not apply to public signs necessary in the performance of a governmental function or required to be posted by law.
- C. **Obstruction of Ingress or Egress of Building.** No sign shall be erected or maintained that obstructs ingress and/or egress to or from any window, door, fire escape, stairway, ladder or opening intended to provide light, air, ingress or egress to or from any room or building as required by law.
- D. **Obscene Matter Prohibited.** No sign shall be erected or maintained which bears or contains statements, words or pictures of an obscene character.
- E. **Signs on Private Property; Consent Required.** No sign may be erected by any person on the private property of another person without first obtaining the verbal or written consent of such owner.

ARTICLE XIV. PLANNED DISTRICTS

SECTION 1401 GENERAL OBJECTIVES

This Article recognizes that through ingenuity, imagination and quality design community development can be improved. All planned zoning districts shall be subject to site plan review and approval prior to application for any permits. The careful review of development plans by the Planning and Inspections Staff is a process that will:

- A. Permit creative approaches to the development of land, reflecting changes in the technology of land development;
- B. Provide for an efficient use of land, which can result in smaller networks of utilities and streets and thereby lower development costs;
- C. Provide and insure an environment of stable character compatible with surrounding land uses;
- D. Accomplish a more desirable environment than would otherwise be possible; and
- E. Enhance the appearance of the community.

SECTION 1402 DETAILED SITE PLAN SPECIFICATIONS

In any planned district, a zoning permit or Certificate of Occupancy shall not be issued by the Code Enforcement Coordinator except in conformance with a detailed plan submitted to and approved by the Planning and Inspections Staff. Plans submitted for approval shall be in the number as required by the Planning and Inspection Staff, drawn to an engineering scale of not less than one inch equals 200 feet, and shall show all information necessary for proper evaluation of the plan, including:

- A. The dimensions and location of the property, all existing and proposed structures, and all existing and proposed right(s)-of-way;
- B. The parking and general circulation plan, including entrances, exits and pedestrian ways;
- C. The service area, including off-street loading facilities, service drives and dimensions thereof and proposed uses of all structures;
- D. The proposed location and material of fences, walls, buffers, and landscaping; and
- E. The name of the developer, the date, the scale, the north arrow, Parcel Identification Number, general vicinity sketch map, and the person or firm preparing the plan.

SECTION 1403 SITE PLAN REVIEW

Plans for developments shall be submitted to the Planning and Inspections Staff in accordance with the schedule established by the Planning Board. The Planning and Inspections Staff shall ensure the plan is in compliance with this Ordinance, the

Subdivision Ordinance, and the Water Supply Watershed Management and Protection Ordinance, if applicable.

The burden shall be on the developer to show that his plans are in the best interests of the community and the users of the proposed developments. Site planning of the proposed development shall provide protection of the development from potentially adverse surrounding influences and protection of surrounding areas from potentially adverse influences within the development. The development plan shall show, and careful review shall be given to, the following information:

- A. Proposed land uses, the location of various land uses, their types and densities;
- B. Proposed circulation pattern for vehicles and pedestrians, including providing for the interconnectivity of drives and parking areas by means of lateral access;
- C. Proposed parks and other common open space areas, proposed means of dedication of any common open space areas and organizational arrangements for the ownership, maintenance and preservation of common open space;
- D. Delineation of the units or phases to be constructed in progression;
- E. Relation to land uses in surrounding areas and to the general development plan;
- F. The layout of motor vehicle parking and loading areas, service areas, entrances, exits, yards, courts and landscaping, location of signs, control of lighting, noise or other potentially adverse influences as to protect the residential character within and/or adjacent to the planned development; and
- G. The setbacks' size and screening of various land uses.

The Planning and Inspections Staff shall either approve the site plan and state the conditions of such approval, if any, or shall disapprove the site plan and state its reasons. Where a site plan meets the provisions of the Subdivision Ordinance, approval of the site plan shall constitute preliminary subdivision plat approval for the purposes of the Subdivision Ordinance. The approved plan shall be filed with the Code Enforcement Coordinator. The approved plan may be amended in the same manner as provided for original plan approval.

SECTION 1404 PLANNING BOARD CONSIDERATION

The Planning Board may hear and approve or deny a site plan, upon the written request for a hearing from the developer, under the following circumstances:

- A. The Planning Board may approve alternate yard requirements of Article XI if such approval will provide a more logically planned development. The Board shall give careful consideration to the relation and effect on the surrounding properties and the intent of this Ordinance prior to granting approval under this Section.
- B. An aggrieved developer may appeal the action of the Planning and Inspections Staff to the Planning Board in accordance with the Board's policy and schedule for hearing appeals.

(This page intentionally left blank.)

ARTICLE XV. AMENDMENTS

SECTION 1501 SUBMISSION OF AMENDMENTS AND CHANGES

The Board of Commissioners may amend, supplement, change, modify, or repeal the provisions of this Ordinance, including but not limited to: its regulation of, or the number, area, boundaries and classifications of the zoning districts upon petition, recommendation of the Planning Board, or on its own motion, after public notice and hearing as provided by law. No amendment shall become effective unless and until it is first submitted to, considered by and reported on from the Planning Board and thereafter approved by the Board of Commissioners. The following provisions shall govern submissions for amendment of this Ordinance.

- A. Submission of Petition. Petitions for amendments to this Ordinance shall be submitted in the form prescribed by the Planning and Inspections Director. Submissions by the Board of Commissioners or by the Joint Planning Board on its own initiative shall state the proposed amendment succinctly.
- B. Schedule for Public Hearings. All petitions for amendments shall be set for public hearing to be heard by the Planning Board, and then by the Board of Commissioners according to their adopted regular meeting schedule.
- C. Revisions to Petitions. Once the initial review of the petition for amendment has been reviewed by the Planning and Inspections Staff, and the petition is found to be inaccurate, incomplete or requires revision, or if the applicant of his own accord desires to make a change in the application for the petition, the petition may be rescheduled to the next available scheduled hearing.
- D. Notice to Military Bases. All requests for amendments that would change or affect the permitted uses of land located five miles or less from the perimeter boundary of Fort Bragg, Pope Air Force Base, and/or Simmons Army Airfield shall be provided to the Commander of said bases in accordance with N. C. GEN. STAT. §153A-323.

SECTION 1502 PLANNING & INSPECTIONS STAFF RECOMMENDATION

Upon submission of a complete petition for amendments of this Ordinance, the Planning and Inspections Staff shall review the petition and the request and make a recommendation to the Planning Board. The Staff shall take into consideration, among other related issues, the following factors when considering criteria for the staff recommendation:

- A. The appropriateness of the request in relation to the current Comprehensive Land Use Plan for the subject area;
- B. The availability of public services, to include utilities, schools, fire, police, recreation, etc.;
- C. The suitability of the request as related to the nature of the surrounding land area and any foreseeable effects on the surrounding area;
- D. The policies of the Planning Board and Board of Commissioners in similar cases;
- E. The effect of the request regarding environmental concerns;
- F. Any changed conditions or circumstances in the area of a proposed change since any previous zoning action; and
- G. Whether the proposed amendment would correct and inadvertent mistake.

SECTION 1503 PLANNING BOARD HEARING & RECOMMENDATION

- A. The Planning Board, upon receipt of a proposed amendment, by petition or otherwise, and of a recommendation from the Planning and Inspections Staff, shall consider each proposed amendment and may hold public hearing, public notice of which shall be given, for such consideration. Upon petition or other proposal for an amendment of the Ordinance for the purpose of establishing a Conditional Use District or specifically changing the classification of an existing district or part thereof, the Planning Board may consider amending the Ordinance to provide a classification or reclassification other than that specifically requested or recommended, provided that the notice to landowners and notice of public hearing state that classifications or reclassifications other than that requested may be considered. If, upon receipt of a proposal to reclassify one type of general zoning district to another, or the Planning Board proposes, or has a proposal from the Board of Commissioners, to consider establishment of a Conditional Use District, it must refer such proposal to the owners of the property to be included in such district for submission of a petition in accordance with the provisions of Article V hereof; no consideration of such a proposal shall occur unless and until such a petition is received.
- B. Following consideration of proposed amendments, supplements, changes, modifications or repeal of provisions of the Ordinance, the Planning Board shall report all proposals it has considered to the Board of Commissioners and with its recommendation thereon. Failure of the Planning Board to make a report and recommendation within 30 days after hearing a petition for a specific amendment shall constitute a favorable report and recommendation for such amendment.

SECTION 1504 BOARD OF COMMISSIONERS' HEARING AND FINAL DISPOSITION

- A. Upon receipt of reports and recommendations from the Planning Board concerning proposed amendments, supplements, changes, modifications or repeal provisions of this Ordinance, the Board of Commissioners shall schedule a public hearing, upon notice to landowners of proposed action and notice of the public hearing as required by law, and

therefore shall approve or deny the proposed action. A failure to approve a proposed action shall constitute a denial of the proposal.

- B. The Board of Commissioners may approve an amendment of this Ordinance to provide a classification or reclassification of a zoning district or part thereof, other than that specifically requested by a petitioner, provided that the notice to landowners and the notice of public hearing required by law states that classifications or reclassifications other than that requested will be considered and further provided that the Planning Board has considered other such classifications or reclassifications and reported on them to the Board of Commissioners. If such notice or such consideration has not been accomplished, the Board of Commissioners shall refer its proposal to amend this Ordinance in a way other than that proposed by the petitioner to the Planning Board for further action in accordance with this Ordinance.
- C. To approve any amendment, supplement, change, modification or repeal of any provisions of this Ordinance, the Board of Commissioners shall make a finding and determination, entered in the minutes of the meeting, that such action is reasonable, neither arbitrary or unduly discriminatory and in the public interest. Consideration of any Conditional Use District is governed by Article V of this Ordinance.
- D. Notice of approval of any amendment for an industrial zoning district within 660 feet of the right-of-way of interstate or primary highways shall be sent by registered mail to the North Carolina Department of Transportation in accordance with N. C. GEN. STAT. § 136-153.

SECTION 1505 PETITIONS FOR AMENDMENTS LIMITED:
REAPPLICATIONS LIMITED

After the initial zoning process in a zoning area, an initial petition to amend this Ordinance so as to reclassify property in that area may be submitted at any time. After the first such petition has been submitted, regardless of the outcome thereof, no subsequent petition, by the same or other persons, to reclassify the same property or any portion thereof, whether in conjunction with other property or not, shall be considered earlier than one full calendar year after the date of the last public hearing before the Board of Commissioners on the most recent prior application to reclassify such property or portion thereof. A petition to amend this Ordinance so as to reclassify property may be withdrawn without establishing a new one-year time limit only by a written instrument submitted to the Director of Planning and Inspections prior to the first official notification to the public concerning the petition. If the instrument withdrawing a petition to reclassify property is received after such first notification of the public, the withdrawal shall be effective, but a subsequent petition to reclassify the same property or part thereof, as set forth above, shall not be considered earlier than one full calendar year after the date of the receipt of the withdrawal instrument. The foregoing time limits on petitions to reclassify property shall not apply to amendments of any nature initiated by the Planning Board or Board of County Commissioners.

(This page intentionally left blank)

ARTICLE XVI. BOARD OF ADJUSTMENT

SECTION 1601 ESTABLISHMENT

The Board of Commissioners, pursuant to N.C. GEN STAT §153A-345, does establish a Board of Adjustment. Such Board shall consist of at least five members appointed by the Commissioners, with membership providing for a means of proportional representation of the County's territorial jurisdiction. The appointments shall be for staggered terms. Subsequent or new reappointments shall be for three-year terms; all appointments to fill vacancies shall be for the unexpired term. The Commissioners shall also appoint five alternate members at large to serve in the absence of any regular member. Alternate members shall be appointed in the same manner as regular members and at the regular times for appointment. Each alternate member, while attending any regular or special meeting of the Board and serving in the absence of any regular member, shall have and exercise all the powers and duties of any regular member absent from the meeting.

SECTION 1602 PROCEEDINGS

The Board shall elect a Chairman and Vice-Chairman from among its members and may appoint a secretary. Meetings of the Board shall be held at the call of the Chairman and at such other times as the Board may determine. The Chairman is authorized in his official capacity to administer oaths and compel the attendance of witnesses in any matter coming before the Board. Any member of the Board while temporarily acting as Chairman has and can exercise like authority. All meetings of the Board shall be open to the public. The Board shall keep minutes of its proceedings, showing the vote of each member upon every question, or if absent or failing to vote, indicating such fact. The Board shall also keep records of its examinations and official action.

SECTION 1603 POWERS AND DUTIES

The Board of Adjustment shall have the powers, authority and duty to:

- A. Act in all matters relating to the administrative review of any order, requirement, decision or determination made by the Code Enforcement Coordinator or other administrative official regarding enforcement of this Ordinance (see Section 1604 below);
- B. Vary or modify, in passing upon appeals, any of the regulations or provisions of this Ordinance related to the construction or alteration of buildings or structures, dimensional requirements and minimum standards of individual uses, in accordance with Section 1605, where there are unnecessary hardships in carrying out the strict letter of this Ordinance, so that the spirit of the Ordinance shall be observed, public safety and welfare secured and substantial justice done;

- C. Grant permit exceptions, called "Special Uses," in the classes or cases of situations and in accordance with the principles, conditions, safeguards and procedures specified in Section 1606;
- D. Interpret the official zoning maps and pass upon disputed questions of lot lines or district boundary lines and similar questions as they arise in administration of this Ordinance;
- E. Rule on matters concerning nonconforming uses as to their continuance or discontinuance, expansion, reconstruction and, in general, compliance with Sections 1003 and 1004;
- F. Rule on matters related to the County's Water Supply Watershed Management and Protection Ordinance regarding High Density developments, appeal of the Watershed Officer's decision, and hear request for variance from the Ordinance; and
- G. Hear and rule on appeals and variance requests from the County's Flood Damage Prevention Ordinance.

SECTION 1604 ADMINISTRATIVE REVIEW

Appeals may be taken to the Board of Adjustment by any person aggrieved or by an officer, department, board or bureau of the County affected by any decision of an administrative official charged with the enforcement or interpretation of this Ordinance thought to be in error. Such appeals shall be filed with the Board of Adjustment by notice specifying the grounds for appeal. Appeal shall be filed within six months from the date of the action being appealed. The officer from whom the appeal is taken shall forthwith transmit to the Board of Adjustment all the papers constituting the record upon which the action appealed from was taken, together with any additional written reports or documents, as he deems pertinent. The Board of Adjustment may after public hearing, so long as such action is in conformity with the terms of this Ordinance, reverse or affirm, wholly or in part, or may modify any order, requirement, decision or determinations as ought to be made, and to that end shall have the powers of the administrative official from whom the appeal is taken.

SECTION 1605 VARIANCE

The Board of Adjustment may authorize in specific cases such variances from the terms of this Ordinance upon request of a property owner or his authorized agent and may require any evidence necessary to make a determination of the case. Before the Board may grant any variance, the Board must find that all of the following conditions exist for an individual case:

- A. There are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape or topography that are not applicable to other lands or structures in the same district.
- B. Granting the variance requested will not confer upon the applicant any special privileges that are denied to other residents in the district in which the property is located.

- C. The literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other residents of the district in which the property is located.
- D. The requested variance will be in harmony with the purpose and intent of this Ordinance and will not be injurious to the neighborhood or to the general welfare.
- E. The special circumstances are not the result of the actions of the applicant.
- F. The variance requested is the minimum variance that will make possible the legal use of the land, building or structure.
- G. The variance is not a request to permit a use of land, building or structure which is not permitted by right or by special exception in the district involved and will not constitute any change in district boundaries.
- H. The existence of a nonconforming use of neighboring land, buildings or structures in the same district or of permitted or nonconforming uses in other districts does not constitute a reason for approval of the requested variance. In granting a variance, the Board may attach and the record shall reflect such conditions regarding the location, character and other features of the proposed building, structure or use as it may deem advisable. The record shall also state in detail any exceptional difficulty or unnecessary hardship upon which the appeal was based and which the Board finds to exist.

Any variance granted becomes null and void if not exercised within the time specified in such approvals, or if no date is specified, within one calendar year from the date of such approval. The Board of Adjustment is not authorized to grant variances to a Special Use Permit or to a Conditional Use Permit allowed in Conditional Use Districts or to the specific conditions or other performance criteria imposed upon such uses.

SECTION 1606 SPECIAL USE PERMITS

The various Special Uses set forth in the Use Matrix in Article IV, because of special site or design requirements, operating characteristics or potential adverse effects on surrounding property and neighborhoods, shall be permitted only upon approval by the Board of Adjustment in accordance with the standards and conditions as set forth in this Section.

- A. **Purpose.** Permitting Special Uses adds flexibility to this Ordinance. Subject to high standards of planning and design, certain property uses are allowed in the several districts where these uses would not otherwise be acceptable. By means of controls exercised through the Special Use Permit procedures, property uses that would otherwise be undesirable in certain districts can be developed to minimize any negative effects they might have on surrounding properties.
- B. **Procedure.** Special Use Permits shall be granted by the Board of Adjustment as permitted for only those uses enumerated in Section 403, Use Matrix, as Special Uses. Uses specified as a Special Use in Section 403 shall be permitted only upon the issuance of a Special Use Permit by the Board of Adjustment.

The owner or owners of all property included in the petition for a Special Use Permit shall submit a complete application and three copies of a site plan (drawn in accordance with the specifications listed in Section 1402) to the Planning and Inspections Staff. The Staff will schedule the application to be heard by the Board of Adjustment in accordance with the adopted time schedule. The Planning and Inspections Staff shall also notify the Commanders of Fort Bragg, Pope Air Force Base, and Simmons Army Airfield of any application affecting the use of property located within five miles or less of the perimeter boundary of said bases in accordance with N.C. GEN. STAT. § 153A-323.

Developers are encouraged to discuss their Special Use plans with the Planning and Inspections Staff before submission. The Staff shall assist the developer upon request by reviewing Special Use plans to insure that the technical requirements of this Ordinance are met before submission to the Board of Adjustment.

All applications and site plans shall provide information indicating compliance with the development standards for individual uses as listed in Article IX of this Ordinance, as applicable, and the height and area regulations for the zoning district in which they are located, unless the provisions for the Special Use provide to the contrary.

C. Consideration of Application. The Board of Adjustment shall consider the application, site plan and any other evidence presented in accordance with this Article and may grant or deny the Special Use Permit requested. In granting a Special Use Permit, the Board shall find that:—

1. The use will not materially endanger the public health or safety if located according to the plan submitted and recommended;
2. The use meets all required conditions and specifications;
3. The use will maintain or enhance the value of adjoining or abutting properties, or that the use is a public necessity; and
4. The location and character of the use, if developed according to the plan as submitted and recommended, will be in harmony with the area in which it is to be located and is in general conformity with Cumberland County's most recent Comprehensive Land Use Plan.

D. Final Disposition. In granting approval of a Special Use Permit, the Board of Adjustment shall impose such reasonable terms and conditions as it may deem necessary for the protection of the public health, general welfare and public interest. In granting a Special Use Permit, the Board of Adjustment shall give due consideration to:

1. The compatibility of the proposal, in terms of both use and appearance, with the surrounding neighborhood;
2. The comparative size, floor area and mass of the proposed structure in relationship to adjacent structures and buildings in the surrounding area and neighborhood;

3. The frequency and duration of various indoor and outdoor activities and special events, and the impact of these activities on the surrounding area;
4. The capacity of adjacent streets to handle increased traffic in terms of traffic volume, including hourly and daily levels and weight-bearing limitations;
5. The added noise level created by activities associated with the proposed use;
6. The requirements for public services where the demands of the proposed use are in excess of the individual demands of the adjacent land uses, in terms of police and fire protection, and the presence of any potential or real fire hazards created by the proposed use;
7. Whether the general appearance of the neighborhood will be adversely affected by the location of the proposed use on the parcel;
8. The impact of night lighting in terms of intensity, duration and frequency of use, as it impacts adjacent properties and in terms of presence in the neighborhood;
9. The impact of the landscaping of the proposed use, in terms of maintained landscaped areas, versus areas to remain in a natural state, as well as the openness of landscaped areas, versus the use of buffers and screens;
10. The impact of a significant amount of hard-surfaced areas for buildings, sidewalks, drives, parking areas and service areas, in terms of noise transfer, water runoff and heat generation;
11. The availability of public facilities and utilities;
12. The harmony in scale, bulk, coverage, function and density of the proposed development and compliance with the development standards of the individual uses; and
13. The purpose and intent of the most recent Land Use Plan for the physical development of the district, and protection of the environment.

All such additional conditions shall be entered in the minutes of the meeting at which the Special Use Permit is granted, on the Special Use Permit itself, and on the approved plans submitted therewith. The specific conditions shall run with the land and shall be binding on the original applicants for the Special Use Permit, their heirs, successors and assigns. The applicant for the Special Use Permit is responsible for the recordation of the "Notice of Special Use Permit" with the Cumberland County Register of Deeds prior to application for any zoning permit.

If the Board denies the Special Use Permit, it shall enter the reason for its action in the minutes of the meeting at which the action is taken. In the event of a denial, the Board of Adjustment shall not consider resubmission of the application for the same Special Use Permit on the same property without a substantial material change concerning the property and the application.

- E. Expiration of Permits. Any Special Use granted becomes null and void if not exercised within the time specified in such approval, or if no date is specified, within one calendar year from the date of such approval. Furthermore, once the Certificate of Occupancy has been issued for a Special Use and then the Special Use ceases to exist

for a time period of one calendar year or more, the Special Use Permit shall become void.

- F. Modifications to Plans. The Board of Adjustment shall review any change, enlargement or alteration in site plans submitted as a part of a special use application, and new conditions may be imposed where findings require. The Planning and Inspections Staff may authorize minor modifications of the approved plans provided that the changes do not materially alter the original plan as approved, and the intent and objectives of the original approval are not deviated from.
- G. Noncompliance. If for any reason any condition imposed pursuant to this Section is found to be illegal or invalid, the Special Use Permit shall be null and void and of no effect, and the Planning and Inspections Staff shall institute proceedings for the case to be reheard by the Board of Adjustment.

Compliance with all the conditions of a Special Use Permit is an essential element of the Special Use Permit's continued validity and effectiveness. If the Code Enforcement Coordinator shall determine that a permittee has failed to comply with a condition of an approved Special Use Permit, he shall so notify the permittee or the permittee's successor in interest and shall place the matter on the Board of Adjustment's agenda for the Board's decision whether or not to revoke the Special Use Permit. Such hearing shall be on reasonable written notice to the permittee or the permittee's successor in interest and shall be a quasi-judicial proceeding according to quasi-judicial procedures. The decision of the Board of Adjustment shall be a final decision, and a decision to revoke the Special Use Permit may be appealed to the Superior Court of Cumberland County within 30 days after the permittee or the permittee's successor in interest has been served with written notice of the Board of Adjustment's decision. Service by personal delivery or certified mail, return receipt requested, of a certified copy of the Board of Adjustment's approved minutes for its meeting at which such decision is made, shall constitute written notice and service of the Board of Adjustment's decision hereunder.

- H. Appeals. No appeal may be taken from the action of the Board of Adjustment in granting or denying a Special Use Permit except through the Cumberland County Superior Court in the same manner as set forth in this Article for appeal of any Board of Adjustment decision.

SECTION 1607 HEARINGS

Any case considered by the Board of Adjustment requires a public hearing. The Board shall fix a reasonable time for hearing and give public notice as well as due notice to the parties in interest. The hearing shall follow quasi-judicial requirements including sworn testimony, the reliance on competent evidence, avoiding ex-parte contact and bias and matching up evidence to findings of fact. At the hearing, any person or party may appear in person or by agent or attorney. The Board shall take action on all matters within a reasonable time after the termination of the proceedings.

SECTION 1608 REQUIRED VOTE

The concurring vote of four-fifths of the members of the Board shall be necessary to reverse any order, requirement, decision or determination of any administrative official charged with the enforcement of this Ordinance and to decide in favor of an applicant on any matter which the Board is required to pass, including granting variances from the provisions of this Ordinance and issuing a Special Use Permit.

SECTION 1609 REVERSAL OF DECISION

After a public hearing has been held and approval granted, the Board of Adjustment may reverse any decision without a public hearing upon finding that:

- A. The approval was obtained by fraud;
- B. The use for which such approval was granted is not being executed;
- C. The use for which such approval was granted has ceased to exist or has been suspended for one calendar year or more;
- D. The permit granted is being, or recently has been, exercised contrary to the terms or conditions of such approval;
- E. The permit granted is in violation of an ordinance or statute; or
- F. The use for which the approval was granted was so exercised as to be detrimental to the public health or safety, or so as to constitute a nuisance.

SECTION 1610 APPEAL OF FINAL DECISION

Any decision of the Board is subject to review by the Superior Court by proceedings in the nature of certiorari. The aggrieved party shall file a "Notice of Intent to Appeal" with the Planning and Inspections Department on the next business day following the meeting in which the Board's decision was made final, or the next business day following receipt of the written copy thereof and delivery is made to every aggrieved party, whichever is later. Any petition for review by the Superior Court shall be filed with the Clerk of Superior Court within 30 days after the decision of the Board is made final. The decision of the Board may be delivered to the aggrieved party either by personal service or by registered mail or certified mail, return receipt requested.

(This page intentionally left blank)

ARTICLE XVII. LEGAL PROVISIONS

SECTION 1701 VALIDITY

If any Article, Section, Subsection, sentence, clause or phrase of this Ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this Ordinance. The Board of Commissioners hereby declares that it would have passed this Ordinance and each Article, Section, Subsection, clause and phrase thereof, irrespective of the fact that any one or more Articles, Sections, Subsections, sentences, clauses or phrases be declared invalid.

SECTION 1702 VESTED RIGHTS

For purposes of vesting development rights, this Ordinance incorporates by reference the provisions set forth in NC GEN STAT §153A-344.1 pursuant to which in that a property owner may vest his development right for a period of two calendar years in instances when review and approval is not required under the County Subdivision Ordinance by the approval of an application for a zoning permit.

Nothing in this Ordinance shall be interpreted or construed to give rise to any permanent vested rights or expectations in the continuation of any particular use, district, zoning classification, or other permissible activities herein; and, the same are all hereby declared to be subject to subsequent amendment, change or modification as may be necessary for the preservation or protection of the public health, safety and welfare.

Further, the provisions of this Ordinance shall apply from and after its effective date. The provisions of this Ordinance shall not apply to any site plan that received a valid approval under site plan review procedures of the County Zoning Ordinance, effective date July 3, 1972, and subsequent amendments thereto, to the extent no provisions hereof, would be more stringent or impose greater requirements. Notwithstanding the preceding sentence, the requirements of any Section of this Ordinance expressly stating it shall apply to developments existing on the effective date hereof, shall so apply to any such site plan.

SECTION 1703 VIOLATIONS

- A. Statutory Authority. This Ordinance may be enforced by any appropriate equitable action, including but not limited to, injunction and abatement, in addition to any other remedy authorized by N.C. GEN STAT §153A-123.
- B. Notice of Civil Citation. If a Code Enforcement Coordinator finds that any provision of this Ordinance is being violated, the Code Enforcement Coordinator shall cause to be served upon the offender or its agent, by certified mail, return receipt requested, or by

personal service, a notice of civil citation. The notice of civil citation shall indicate the nature of the violation and order the action necessary to correct it. The citation shall also state the monetary penalty and the right of the offender to appeal the violation that is the basis of the citation to the Board of Adjustment within ten days from the date of service of the citation.

- C. Responsible Parties. The owner, lessee, tenant or occupant of any building or land or part thereof and any architect, builder, contractor, agent or any other person who participates in, assists, directs, creates or maintains any violation of the provisions of this Ordinance may be held responsible for the violation and be liable for the penalties and be subject to the remedies provided in Section 1704 below.
- D. Separate Offense. Each day that any violation continues after notification by the Code Enforcement Coordinator that such violation exists shall be considered a separate offense for purposes of penalties and remedies specified herein.
- E. Appeal of Citation. If the offender files notice of appeal to the Board of Adjustment within the ten-day time period, the appeal shall stay the collection of the penalty so imposed as well as the corrective action prescribed in the citation. Appeals to the Board of Adjustment shall be administered as provided in Article XVI; however, the time for perfecting the appeal shall be ten days as hereinbefore stated. A violation of this Ordinance may not be appealed to the Board of Adjustment if the offender did not perfect an appeal to the Board of Adjustment within the ten-day time period set forth herein.
- F. Emergency Enforcement. Notwithstanding the forgoing, in cases where delay would seriously threaten the effective enforcement of this Ordinance or pose a danger to the public health, safety or welfare, the Code Enforcement Coordinator may seek enforcement of this Ordinance without prior written notice by invoking any of the penalties or remedies herein authorized.

SECTION 1704 PENALTIES

A person who violates any of the provisions of this Ordinance shall be subject to revocation of any permits and a civil penalty in the sum of \$500.00 following the issuance of a civil citation. The penalty shall be recovered by the County in a civil action if the offender fails to pay the penalty to the Finance Director, Cumberland County, Post Office Drawer 1829, Fayetteville, North Carolina 28302, within ten calendar days after being cited for the violation. The civil action of recovery shall be in the nature of an action to recover a debt and shall include as an additional sum to be recovered the full costs of the action, including but not limited to, filing, service and attorney fees. Second and subsequent violations shall subject the offender to a \$500.00 penalty. Nothing in this Section shall preclude the enforcement of this Ordinance pursuant to the provisions of N.C. GEN. STAT. §14-4 where appropriate.

SECTION 1705 AMENDMENT CLAUSE

This Ordinance, upon its effectiveness as provided by law, amends in its entirety the previously existing Cumberland County Zoning Ordinance, effective date of July 3, 1972, including all subsequent amendments to said previously existing Ordinance, except where otherwise expressly stated within this Ordinance.

SECTION 1706 EFFECTIVE DATE

This Ordinance shall be in full force and effect from and after its passage by the Board of Commissioners of Cumberland County, this the 20th day of June, 2005.

Resolution of the Cumberland County Joint Planning Board

Recommending a Revised Zoning Ordinance to the Cumberland County Board of Commissioners and
Concerning the Desirability of Periodically Reviewing the Cumberland County Zoning Ordinance

WHEREAS, The Cumberland County Board of Commissioners and Joint Planning Board deem it of utmost importance to provide for the quality of life of all current and future residents of Cumberland County; and

WHEREAS, The County's land use regulations shape development of our community and thereby contribute to the community's quality of life; and

WHEREAS, The Cumberland County Zoning Ordinance was in need of revision; and

WHEREAS, The Land Use Codes Committee of the Cumberland County Joint Planning Board met many times this past year and has proposed the attached comprehensively revised Zoning Ordinance to the Joint Planning Board; and

WHEREAS, The Planning Board held a public hearing over two meeting dates relating to the new Ordinance and incorporated numerous changes suggested by citizens and the development community; and

WHEREAS, The Cumberland County Joint Planning Board pledges to review the Zoning Ordinance each year on or about the anniversary of its adoption by the Board of Commissioners to ensure that it continues to meet the needs of our citizens;

NOW, THEREFORE, BE IT RESOLVED, that the Cumberland County Joint Planning Board unanimously approves the recommendations contained in the Draft Zoning Ordinance, dated May 3, 2005, and recommends its adoption by the Cumberland County Board of Commissioners after public hearing and consideration by the Board of Commissioners.
