1st MOTION

The Planning and Inspections Staff recommends the board find that the request is consistent with the adopted comprehensive plan designated as the *2030 Growth Vision Plan*, which calls for "urban" at this location, the subject property is located in close proximity to the Fayetteville City Limits. The recommended district is not consistent with the Eastover Land Use Plan which calls for "one acre residential" at this location; however, the adjacent property is zoned industrial.

The staff recommends the board further find that approval of this rezoning is reasonable and in the public interest because the district requested for the subject property meets or exceeds most of the location criteria of the adopted Land Use Policies Plan, in that: *public water and sewer required*, public water is available, however, sewer is not yet available; *should have a minimum direct access to a thoroughfare*, River Road (SR 1714) is a thoroughfare; *should not be in a predominantly residential, office & institutional, or light commercial area*; *must be located on large tracts that provide adequate area for buffering, screening, and landscaping unless located in an existing or proposed heavy industrial/manufacturing area*, subject property is 4.75+/- acres; *outside the Special Flood Hazard area*, there is no flood present on the subject property.

2nd MOTION

The Planning and Inspections Staff recommends approval of Case No. P16-06 to M(P) Planned Industrial district based on the following:

- The location and character of the requested district is in harmony with uses in the general area and the adjacent industrial zoned property.

The M1(P) district could be considered suitable for this request.

Mr. Pearce made both of the motions referenced above, seconded by Mrs. Wheatley, to follow the staff recommendations and approve the rezoning request. The motions passed unanimously.

MINUTES OF FEBRUARY 6, 2016

1st MOTION

The Planning and Inspections Staff recommends the board find that the request is consistent with the adopted comprehensive plan designated as the *2030 Growth Vision Plan*, which calls for "urban" at this location, the subject property is located in close proximity to the Fayetteville city limits. The recommended district is generally consistent with the Southwest Cumberland Land Use Plan which calls for "heavy commercial & medium density residential" at this location.

The staff recommends the board further find that approval of this rezoning is reasonable and in the public interest because the district requested for the subject property meets or exceeds most of the location criteria of the adopted Land Use Policies Plan, in that: *public water and sewer required*, any new development may require connection to the public services; *should have direct access to a collector street*, Boone Trail is a collector street; *should serve as a transition between heavy commercial, office & institutional or residential development*, this general area has been in transition to commercial for several years and is adjacent to existing residential; *should have other light uses in the area*; *should provide convenient goods and services to the immediate surrounding neighborhood*; *may be located along a street that is in transition from residential to non-residential through redevelopment and physical improvements*; *may be located in an Activity Node or in a designated heavy commercial area*.

2nd MOTION

The Planning and Inspections Staff recommends approval of Case No. P16-07 to C2(P) Planned Service and Retail district based on the following:

- The location and character of the requested district will be in harmony with the adjacent commercially zoned properties.

The C1(P) Planned Local Business district could also be considered suitable for this location.

Mr. Pearce made both of the motions referenced above, seconded by Mrs. Wheatley, to follow the staff recommendations and approve the rezoning request. The motions passed unanimously.

OFFICE OF THE COUNTY MANAGER

MEMORANDUM FOR BOARD OF COMMISSIONERS AGENDA OF MARCH 21, 2016

TO: BOARD OF COUNTY COMMISSIONERS

FROM: JAMES LAWSON, DEPUTY COUNTY MANAGER *JL*

DATE: MARCH 16, 2016

SUBJECT: LEGISLATIVE ISSUES IMPACTING ECONOMIC SERVICES PROGRAMS

BACKGROUND:

During the March 11, 2016 Legislative Delegation meeting, Social Services Director Brenda Jackson presented concerns impacting the administration of Economic Services Programs. Ms. Jackson shared several factors affecting the functionality and reliability of the North Carolina Families Accessing Services through Technology (NCFAST) system. Additionally she presented concerns regarding House Bill 318, which prohibits time limit waivers for food and nutrition benefits for Able-Bodied Adults Without Dependents (ABAWDs) required to meet work requirements in order to receive those benefits.

In response to the discussion, the Legislative Delegation requested that Cumberland County submit to them a list of the specific requests in addressing these concerns.

Please find attached the list of specific requests prepared by Ms. Jackson, along with a draft resolution for your consideration.

RECOMMENDATION/PROPOSED ACTION:

Ms. Jackson and the County Management Team recommend approval of the attached resolution for submission to the Legislative Delegation.

Requests Regarding Concerns Impacting DSS Economic Services Programs

1) Needs Regarding Improved Functionality and Accessibility of NCFAST system

- Eliminate system wide defects that causes churn of work, low performance and local frustration by counties. Counties are unable to do work if the systems (NCFAST and North Carolina Identity Management Services - NCID) are down which results in paper applications that must be keyed after the system is restored. Also defects can cause previous completed work in NCFAST to “kick out” causing counties to have to re-enter the same work back in the system. This causes duplication and churn of work.
- Improve the complicated multi-layer problem-solving process through the state Help Desk ticket system that prohibits the delivery of services, because the system will not allow the county to process a citizen’s application or recertification.
- Create a system that is available 24 hours, 7 days a week, 365 days a year. This flexibility will allow counties to develop non-traditional work hours to address workload demands and improve federal timelines and quality standards.
- Stabilize staff turnover and improve staff retention and recruitment, as well as continuity at the state IT level. Invest in a recruitment and retention plan to attract highly skilled IT professional in the competitive Research Triangle Park market.
- Improve state interagency collaboration, coordination and communication between NCFAST, Operational Support Team, North Carolina Identity Management (NCID) and policy development within NC DHHS to improve problem solving, and policy development that impact county productivity and performance.

2) Needs Regarding Legislation for ABAWDs:

- Allocate state funding to support HB318 to allow a robust Employment and Training Program to include services that can support mandatory work related activities to include expenses related transportation, training/certification/licensures, uniforms, etc.

CUMBERLAND COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO MAKE SPECIFIC REQUESTS OF OUR LEGISLATIVE DELEGATION REGARDING CONCERNS IMPACTING THE ADMINISTRATION OF CUMBERLAND COUNTY ECONOMIC SERVICES PROGRAMS

Whereas Cumberland County Department of Social Services continues to struggle with issues created by the functionality and accessibility of the North Carolina Families Accessing Services through Technology (NCFAST) and North Carolina Identity Management Services (NCID) Systems with one of the most limiting aspects of these systems being that they are not available for use after 9:00 p.m. on workdays or at all on weekends.

Whereas these issues with the functionality and accessibility of the State's technology systems is a major cause of the Cumberland County Department of Social Services continuing to have difficulties meeting federal mandates regarding Food and Nutrition Services (FNS) timeliness and quality standards; and

Whereas deficiencies in meeting the federal standards by any one large county in the State will likely have a state-wide impact on the administration of these programs by all counties; and

Whereas the Cumberland County Department of Social Services is concerned about limited opportunities and resources available to Able-Bodied Adults Without Dependents (ABAWDs), who will be subject to time limits for food and nutrition benefits under proposed legislation in HB318.

Therefore, be it resolved that the Cumberland County Board of Commissioners requests the support of the County's Legislative Delegation in passing legislation to alleviate the impacts of these issues as follows:

(1) By increasing the number of hours each work day and adding hours over each weekend that the State's NCFAST AND NCID technology systems are available for full use by counties to the end that counties will have the flexibility to add work shifts beyond the traditional 8:00 a.m. to 5:00 p.m. workday to meet federal time and quality standards;

(2) By enhancing the State's recruitment and retention of highly-skilled Information Technology (IT) staff in order to stabilize the turnover of personnel and improve the quality of assistance to users of the system to the end that these systems become more functional and have less downtime;

(3) By requiring NC DHHS to create workgroups which include representatives from county Departments of Social Services to develop collaboration, coordination and communication between NCFAST, Operational Support Team, NCID and NC DHHS to solve the problems and address the issues that impact county productivity and performance in the administration of these federal programs; and.

(4) By allocating sufficient State funding to implement the provisions in HB318 impacting ABAWDs, to the end that a robust Employment and Training Program can be developed that includes services that are essential to employability such as expenses related transportation, training/certification/licensures, uniforms, etc.

Adopted this 21st Day of March, 2016.
