**½ cent Create a contingency operating fund for county departments to operate on for the budget year;**

County

**1 cent**

**Return money to the County's Fund Balance  
which will be well below 8%**

**SECOND: Commissioner King**

**DISCUSSION: Commissioner Blackwell noted that a no tax increase budget for FY01 would mean we need \$33 million new dollars FY02. He said the County can only count of measurable and available revenues, not promises or hope. He noted the public schools have been good stewards of the money and we should increase their funding. He stated that with only a \$3 million increase in operating funds, the schools will have to chose between matching funds for locally paid teachers and opening new schools. Their choice is not to open the three new schools. In addition, Commissioner Blackwell stated the Commissioners made a commitment to County employees to fund the Performance Pay Plan. County departments could very well be out of operating funds by February, 2001, requiring some contingency funding. If the money is not there, what happens to the services we offer our citizens? Sheriff's vehicles are badly needed; however, it makes no sense to purchase them through lease-purchase. Straight out purchase will save the county \$127,000.00. Mr. Blackwell noted the importance of restoring money to our Fund Balance. He pointed out that we will be selling \$14 million in school bonds and our Fund Balance needs to be adequate.**

**Commissioner Blackwell said that while no one likes a tax increase, it is up to the Board to operate county government and provide citizen services in a responsible manner. He urged the Board to support the 6 cents tax increase as noted above.**

**Commissioner Baggett noted that Commissioner Tom Bacote is in the hospital and is not able to participate in our budget deliberations. He said that he felt it important that the Board not take action until Mr. Bacote is able to be here. It was suggested by Commissioner King that Mr. Bacote may in fact be able to be out our meeting on Monday, June 19.**
