The petitioner for Case P02-65 asked that he be allowed to withdraw his case.

Uncontested Rezoning Cases

Upon finding the rezoning requests to be reasonable, neither arbitrary or unduly  
discriminating, and in the public interest and that the property within such proposed  
district is suitable for all uses permitted by the new classifications, the following motion  
was offered for the Uncontested Cases:

MOTION: Commissioner King moved to follow staff recommendations on the  
Uncontested Rezoning Cases, and to approve the petitioner's request to

Contested Rezoning Case:

- H. Case P02-23. The rezoning of 8.08 acres from A1 to M2 or a more restrictive zoning district on the north side of Hawkins Road east of McBryde Street owned by Tom J. Keith.

The Planning Board recommends denial of the rezoning.

Speakers:

Tom Keith – Mr. Keith said this property was zoned during the initial zoning of the Linden area. He said he would like to have it rezoned so he can put mini-storage buildings on the property. Mr. Keith said he would consider conditional use overlay for this piece of property.

Flora Dunham – lives in the area and noted the area should be preserved for its historical value. She noted concern that this zoning would be for a 20 year period, yet there is little development in the area currently.

Commissioner Baggett noted the property is beside a railroad and he thought that the mini-storage buildings may be a good fit. He said perhaps a conditional use overlay district might work.

Commissioner King inquired why the Planning Staff recommended denial of the rezoning. Mr. Lloyd said because there is no water and sewer and no major entrance corridor.

MOTION: Commissioner Baggett moved to send the Case back to the Planning Board, at no charge for the petitioner, to consider conditional use overlay for this property.  
SECOND: Commissioner Warren  
VOTE: UNANIMOUS

B. Approval of Interlocal Agreement with City of Fayetteville to Reimburse the City the cost of a portion of water or sewer utility improvements for Phase I of Cedar Creek Business Center funded by the City from Proceeds of low interest loan from South River Electric Membership Corporation (SREMC).

BACKGROUND: The City proposes to take advantage of interest-free economic development loan funds available to it from SREMC to contribute towards the Phase I cost of water and sewer utilities for Cedar Creek Business Center. The availability of these funds will expire if the City and County do not make a binding commitment before the end of the month to use these funds for economic development purposes. The funds were originally committed to fund PWC water and sewer improvements around the I-95/NC59 interchange but were not needed for that purpose. Rural Development and SREMC have both agreed that applying these funds to Phase I water and sewer improvements for the Cedar Creek Business Park would be consistent with the economic development purpose of the funds. SREMC will loan the City \$396,000 interest free (but subject to SREMC's right to charge an annual servicing charge of 1% of the outstanding balance) to be repaid in annual installments over 10 years. The loan would be secured by a lien on the water or sewer facilities in the ground and would not constitute a pledge of the City's taxing power. SREMC will provide 50% of the funds upon its closing with the City and the other 50% upon 50% completion of the project.

ACTION: Adopt Resolution approving the Interlocal Agreement.

## RESOLUTION

WHEREAS, the City of Fayetteville proposes to take advantage of interest-free economic development loan funds available to it from SREMC to contribute towards the Phase I cost of water and sewer utilities for Cedar Creek Business Center, which funds have been made available to SREMC by USDA-Rural Development for economic development purposes; and

WHEREAS, the Board of Commissioners wishes to give final, binding approval to an Interlocal Agreement to be entered into with the City, pursuant to which the County will reimburse the City its gross costs of obtaining the funds from SREMC, with annual reimbursements to the City of the City's contribution of up to approximately \$42,400.00 annually, phased to match the City's obligation to repay its loan from SREMC, which costs will include \$396,000 principal, any annual servicing fee up to 1%, bond counsel review fees and Local Government Commission application fee.

NOW, THEREFORE the Board of Commissioners of Cumberland County resolves that it gives its final, binding approval to an Interlocal Agreement to be entered into with the City, pursuant to which the County will reimburse the City its gross costs of obtaining the funds from SREMC, with annual reimbursements from the County to the City of up to \$42,500 annually, phased to match the City's obligation to repay its loan from SREMC, which costs include \$396,000 principal, any annual servicing fee up to 1%, bond counsel review fees and Local Government Commission application fee; and it further

RESOLVES that title to all water and sewer utility improvements constructed for Phase I of Cedar Creek Business Center will be conveyed to the City's Public Works Commission ("PWC") for addition to PWC's system upon completion of construction of Phase I of Cedar Creek Business Center utilities and acceptance thereof by PWC; and it further

RESOLVES, that such Interlocal Agreement shall be generally consistent with the terms of that certain Memorandum dated August 12, 2002, from the County Attorney to the Board of Commissioners for its meeting of August 19, 2002, describing and summarizing the transactions contemplated by this resolution and filed with the permanent records of this meeting; and it further

RESOLVES, that it authorizes the Chairman or Vice Chairman to sign and the Clerk to acknowledge an Interlocal Agreement consistent with the terms of this memorandum and any other documents necessary or desirable to consummate the transaction, subject to any minor changes as may be negotiated and approved by the County Manager and the County Attorney.

ACTION: Approve the Resolution

## RESOLUTION

WHEREAS, by State law the excess profits of Cumberland County ABC Board operations go entirely to the County's General Fund; and

WHEREAS, the Cumberland County ABC Board contributed almost \$1,000,000 to the County's General Fund in its most recent fiscal year, which ended June 30, 2002; and

WHEREAS, almost half of the County's General Fund goes to support the operations of the Cumberland County Schools and to indebtedness incurred for school purposes; and

WHEREAS, other substantial County appropriations fund Mental Health, Social Services, the Health Department, the Cumberland County Library and Information Center and the Sheriff's Office; and

WHEREAS, the NC State House's proposed State budget for fiscal year 2002-03 would require local ABC Boards to fund the cost of operating the State's Alcohol Law Enforcement Division as one provision to balance the State's budget shortfall; and

WHEREAS, that provision would cost the Cumberland County ABC Board an estimated \$187,000 in fiscal year 2002-03; and

WHEREAS, that is \$187,000 that will be unavailable for distribution to the County to support its appropriations for such beneficial purposes as public schools, mental health, public health, the library and law enforcement, and those funds are unlikely to be realized by Cumberland County ABC Board through increased sales in this period of economic uncertainty;

NOW, THEREFORE BE IT RESOLVED by the Cumberland County Board of Commissioners that it urges the NC General Assembly NOT to require local ABC Boards to fund the cost of the State's Alcohol Law Enforcement Division as one provision to balance the State's budget shortfall; and be it further

RESOLVED, that the Chairman of the Board of Commissioners forward a certified Resolution to each member of the Cumberland County Legislative Delegation.

K. Robeson County – Cumberland County Boundary Determination

BACKGROUND: On September 4, 2001, the Board appointed the Tax Administrator a Special Commissioner to determine and confirm the boundary line between Robeson County and Cumberland County. The survey confirmed that the legal description of the applicable boundary had always been as originally established in 1791, and in addition determined its location on the ground. The boundary always has been from a point at the bridge over Big Rockfish Creek where Camden Road crosses it (NC Grid NAD 83 coordinate 437723.4573/1,988,389.1149) South 60 degrees 46 minutes East 29,000 feet to a point where The Old Lumerton-Fayetteville Public Access Road crosses Cold Camp Branch (NC Grid NAD 83 coordinate 423366.8022/2,013527.7355). The Tax Administrator has written a letter to the Board of Education confirming the location of the boundary for the purpose of enrolling children in school as the new school year starts. As an administrative follow-up, the NC Geodetic Survey (County Boundaries Section) has set the monuments defining the boundary's actual location on the ground at no expense to the County.

ACTION: Authorize the Chairman of the Board to write a letter to NC Geodetic Survey authorizing them to set the appropriate new monuments in the ground at no expense to the County.

- L. Approval of a Resolution in support of the 4.7 scenic portion of the Averasboro Historic Byway.

ACTION: Adopt Resolution

RESOLUTION

WHEREAS, the Cumberland County Board of Commissioners is in support of the 4.7 mile scenic portion of the Averasboro Historic Byway; and

WHEREAS, the byway project is a 23 mile long route which has been identified, related planning is progressing well and the designation is to be the "Averasboro Historic Byway"; and

WHEREAS, Cumberland County and the Averasboro Battlefield Commission have been well established in support of the project and the subsequent legal agreement with the Department of Transportation; and

WHEREAS, the necessity has arisen to designate a portion of the historic byway additionally as the "Scenic Byway" under the State's rightly controlled scenic byway program and such that Cumberland County present this separate resolution indicating County support for the 4.7 mile scenic portion of the byway which extends from the point that NC82 Highway joins Burnett Road in Godwin and continues through the Averasboro Battlefield;

NOW, THEREFORE, BE IT RESOLVED that the Cumberland County Board of Commissioners is in support of the 4.7 mile "Scenic Byway" portion of the "Averasboro Historic Byway".

- M. Consideration of a request from DSS regarding Cumberland County Training Center and the Medicaid Policy Change

BACKGROUND: DSS is requesting the Board of Commissioners to write a letter to the Cumberland County Legislative Delegation asking them to support restoring the child welfare training money cut from the House budget. The reduction includes the elimination of the child welfare training center in Cumberland County, which serves counties from the southeastern portion of the state. Without this center, counties in the southeast will be required to send staff to other centers as distant as Asheville, which will likely result in greater expenditures. In addition, DSS has learned of proposed legislation that would change Medicaid eligibility and potentially affect 143 families in Cumberland County who have family members in nursing homes. The change would require family members to sell property they vacated when entering the nursing home if the equity exceed \$6,000. Current policy permits the family members to keep the property if it produces at least 6% of the property's equity annually. The concern is the possibility that a family member is not able to sell, becomes ineligible for Medicaid and is inappropriately discharged or the cost of nursing home care becomes a family expense.

ACTION: Authorize Chairman to write a letter addressing the above two concerns.

- N. Consideration of adoption of a Resolution regarding North Carolina Aging Programs

ACTION: Adopt Resolution asking the General Assembly to minimize budget cuts incurred by the Aging Programs across the state.

#### RESOLUTION

WHEREAS, many Cumberland County senior citizens receive services through programs funded in part by the State of North Carolina; and

WHEREAS, these programs include Senior Citizen Development and Research, Nutrition, Area Agency on Aging Administration, Senior Tar Heel Legislature and Support for Alzheimers' Contracts; and

WHEREAS, these programs face reductions in funding as a result of pending budget action by the State of North Carolina; and

WHEREAS, significant budget cuts in these areas would hinder the delivery of programs to seniors in our county.

NOW, THEREFORE, BE IT RESOLVED that the Cumberland County Board of Commissioners does hereby request that the NC General Assembly make every effort to minimize the budget cuts incurred by Aging Programs across the state.

6. Discussion of the Town of Linden's request to create a water & sewer district in the area identified in the Rural Water Study as the Linden Service Area.

BACKGROUND: Linden officials met with some county officials on August 5, 2002 to discuss options for extending their water service to the residents in the north central part of the county. The Rural Water Study identified a service area for Linden. At the time the feasibility study was undertaken, there were no immediate plans to create a water and sewer district in this area. The plan was to allow for the natural growth of Linden's water system in this area. However, the Town has recognized its limitations to fund major water system expansions and is looking for assistance from the County. Town representatives have agreed that the creation of a Water and Sewer District would accomplish their desire to expand water service to residents in the Linden area and would report the results of the August 5 meeting to the Town Board at its meeting on August 20, 2002.

ACTION: Work with the Town of Linden and its engineer to delineate the boundaries of the Linden Water and Sewer District, develop feasibility studies and make applications to available funding agencies for construction of public water in the district.

8. Consideration of Facilities Committee Report and Recommendation

- a. Transfer of property to Kingdom Community Development Corporation for Affordable Housing

BACKGROUND: The County acquired a .85 acre lot at the corner of South Cool Spring Street and Simmons Street from the Board of Education in 1987. The property is surplus to the needs of the County. The Community Development Department proposes to convey it to Kingdom Community Development Corporation, a community housing development organization (CHDO), to develop together with other nearby land as an affordable housing project for persons at or under 80% of median income. The project would provide 20 new single-family homes. The value of the property, \$37,000, would be counted towards the County's required matching share for the federal funding. The Facilities Committee and Community Development Department recommend transfer of the property.

ACTION: Approve Resolution transferring the property to Kingdom Community Development Corporation.

#### RESOLUTION

WHEREAS, the County owns a .85 acre tract at the corner of Cool Spring Street and Simmons Street, Fayetteville, NC, Tax Parcel PIN 0437-60-2073 (the "property"); and
