1. Public Hearings

Uncontested Cases

Upon finding the request to be reasonable, neither arbitrary or unduly discriminatory  
and in the public interest, the following motion was made for Case P03-64:

**MOTION: Commissioner Blackwell moved to approve M(P).**

**SECOND: Commissioner King**

**VOTE: UNANIMOUS**

- A. Case P03-64. The rezoning of 9.38 acres from M1 and HS(P) to  
M(P) or to a more restrictive zoning district, located at 158 and 178  
East Mountain Drive, owned by Walter M. Shaw.

The Planning Board recommends approval to M(P).

Contested Cases:

- B. Case P03-66. The rezoning of 52.20 acres from A1 to R15 or to a  
more restrictive zoning district, located at 313 Palestine Road,  
owned by Southeast Development, LLC.

The Planning Board recommends approval of R15.

SPEAKERS: Thomas Gooden – representing Southeast Development, LLC. Mr.  
Gooden noted when questioned that there would be a total of 80-100 lots. Water is  
available, sewer is not.

Commissioner Baggett noted the soil in the area is the type which would support septic tanks. Run off would not be a problem.

John Culbreth – Southeast Development, LLC – Mr. Culbreth noted he was there to respond to any questions.

John Streit – opposed to rezoning. He said he represented people in Linden who were opposed. Noted concern about the damage to the watershed. Mr. Streit said R20 would be more appropriate for this area.

Upon finding the request to be reasonable, neither arbitrary or unduly discriminatory and in the public interest, the following motion was made:

**MOTION: Commissioner Blackwell moved to approve R15.**  
**SECOND: Commissioner Edge**  
**VOTE: UNANIMOUS**

- C. Case P03-63. The rezoning of 18.13 acres from A1 to RR or to a more restrictive zoning district, located on the west side of Chicken Foot Road, south of Clifton McNeill Road, owned by Troy L. Iverson & Norman R. Nelson, III.

The Planning Board recommends approval of R40.

SPEAKERS:

Troy Iverson – Mr. Iverson said he plans to develop the property with 16 lots. He said the development is less dense than surrounding properties. He said a Soils Engineer said a majority of the property would perk. He said there are no wetlands on the site. He said they would do the necessary planning to address any storm water runoff.

Commissioner Baggett noted that a subdivision to the north of the property may create a runoff problem and expressed concern that further development may make the problem worse.

Commissioner Edge inquired how far the site was from water/sewer. Mr. Iverson responded about 5,000 feet. Mr. Iverson also indicated that he does not believe there are any plans in the near future to run water/sewer to the site.

Clifton McNeill, Sr. – Mr. McNeill said he has farmed this land for years and it will not accommodate 16 lots. He noted that the properties north of this site are having septic tank problems. He noted the sand is Stallings and Autryville sand, which causes standing water problems. He said the infrastructure needs to be in place before development occurs. He urged the Board to deny the request.

Clifton McNeill, Jr. – Reiterated what his father said above. Urged the Board to keep the zoning A1.

**MOTION: Commissioner Blackwell moved to deny the rezoning request.**  
**SECOND: Commissioner Edge**  
**DISCUSSION: Commissioner Henley noted the Board needs to be more aware of problems created with runoff as a result of development. Although this is a relatively small development, it could still prove to cause problems. He suggested that the Storm Water Ordinance be amended to address quantity as well as quality issues and that runoff be evaluated when developing new lots. He noted the importance of protecting the rural areas of the county and retention of rural nature of an area. Commissioner Edge said he believes it is time for developers to consider the extension of water/sewer and recapture the cost in the sale of homes. Commissioner King said he was satisfied that water/sewer would go to this area at some point and perhaps the rezoning would be better received.**  
**VOTE: UNANIMOUS**

Conditional Use Overlay Case

- D. Case P03-67. A conditional use overlay district and permit to allow a wrecker and towing serve and temporary storage of vehicles in an RR district, containing 5.25 acres, located at 810 Slocomb Road and 6935 Holder Lane owned by Eleanor and Gary Holder.

The Planning Board recommends approval of the overlay district and permit with the following conditions:

Hours of operation will be 24 hours a day and six days a week;  
No signage will be installed;  
No salvaged vehicles will be allowed to be stored on site;  
All disabled vehicles will be removed from the site within 90 days from approval by the Cumberland County Commissioners;  
Temporary storage of vehicles shall not exceed six months;  
An evergreen landscaped buffer and/or solid wooden fence will be installed to encompass the entire storage area of commercial and noncommercial vehicles associated with the business in accordance with Section `0.1 "Buffer" of the Cumberland County Zoning Ordinance;  
A Watershed Permit must be obtained from the Cumberland County Planning & Inspections Department. The total impervious area to include parking and all structures shall not exceed the 24 percent built-upon area calculated from the total acreage according to the Watershed Ordinance;  
The 12' x 54' trailer storage shown on the site plan shall be removed from the lot;  
All items above shall be completed within 90 days from approval by the Cumberland County Commissioners.

The Planning Board information will be adopted as part of the minutes.

**MOTION: Commissioner Blackwell moved that the Board of Commissioners finds that this conditional use district overlay application is reasonable, neither arbitrary nor unduly discriminatory, and in the public interest, and that it be approved.**

**SECOND: Commissioner King**  
**VOTE: UNANIMOUS**

**MOTION: Commissioner Blackwell moved that the Board finds that this conditional use overlay permit application, in completed as proposed, will not materially endanger the public health and safety; will not substantially injure the value of adjoining or abutting property; will be in harmony with the area in which it is to be located; will be in conformity with the land use plan, thoroughfare plan or other plan officially adopted by the Board of Commissioners, and that it be approved with the above noted conditions.**

**SECOND: Commissioner Edge**  
**VOTE: UNANIMOUS**

- C. Approval of Cumberland County Policy Committee report and recommendations:

- (1) Resolution as recommended by Policy Committee providing that Board of Education Members shall be eligible to participate in the County's Medical and Hospitalization Plan

#### RESOLUTION

RESOLVED, by the Cumberland County Board of Commissioners that, pursuant to G.S> 115C-38, members of the Cumberland County Board of Education shall be eligible to participate in and be covered by the County's medical and hospitalization plan, provided that the Board of Education shall be interlocal agreement satisfactory to the County Manager agree to pay to the County's medical and hospitalization plan the full monthly premiums for such coverage and shall, in addition, reimburse the County the full amount of claims paid on behalf of and the administrative costs attributable to Board of Education members participating in the plan in excess of the premiums paid by such participants for each plan year.

ACTION: The Policy Committee recommends adoption of the Resolution.

- (2) Cumberland County Travel Policy

BACKGROUND: The new policy addresses travel advances, registration, transportation, reimbursement rates for food and lodging and the process for requesting reimbursement. It assures prudent spending of taxpayers funds and provides compliance with IRS guidelines. The policy addresses to methods for meal reimbursements, i.e., without receipts (maximum of \$30 a day); with receipts (maximum of \$46 a day). The policy, if adopted, will become effective October 1, 2003.

ACTION: The Policy Committee recommends approval of the proposed new travel policy.

- D. Approval of Cumberland County Facility Committee report and recommendation regarding "Guaranteed Energy Savings Contract"

BACKGROUND: The Cumberland County Engineering Department evaluated options to provide for the repair and upgrade of buildings and their respective systems. One of the options is "Guaranteed Energy Savings Contract". Financing of large scale improvements to facilities that will result in energy savings are authorized by Statute. The savings as a result of a reduction in energy consumption is then used to finance the improvements. When the financing period is over the savings translates into a direct reduction in operational costs of the facility. Companies involved in this form of Contract, guarantee the savings. If the improvements do not result in a reduction sufficient to make the payments, the Contracting Company is liable for the difference; thence, the guarantee aspect of the program.

ACTION: The Facilities Committee recommends the Board approve the concept of Guaranteed Energy Savings Contract and direct the Engineering Department and staff to move forward with a request for proposals from qualified contractors under the requirements of the State Statutes.

REGULAR AGENDA

3. Consideration of Cumberland County Facility Committee report and recommendation regarding Washington Drive School Property

BACKGROUND: The Facilities Committee, at its meeting on August 12, 2003, discussed the status of the City Fire Marshal's inspection of the Washington Drive Elementary School. The Assistant County Attorney Laura Johnson was instructed to write a letter to the tenant relating concerns about maintenance of the property. (Note: As of September 8, 2003, the tenant had rectified a number of the items and staff is continuing to work with him on the remaining concerns). The Facilities Committee also recommends to the full Board that the County transfer that portion of the property containing the Washington Drive Elementary School to the Martin Luther King (MLK) Park Committee once issues have been resolved regarding the City Fire Marshal's inspection. That will require a survey and subdivision of the property. (The Board previously authorized conveying a deed to the MLK Park Committee for Mr. Mathis' site as well as the school site and placing it in escrow until Mr. Mathis' lease expired in 2005). The MLK Committee is a non-profit corporation and the property would be transferred for the public purpose of providing affordable housing.

ACTION: Approve the recommendation of the Facilities Committee as noted above.

**MOTION: Commissioner Blackwell moved to accept the recommendation of the Facilities Committee.**

**SECOND: Commissioner Edge**

**VOTE: UNANIMOUS**
