PUBLIC COMMENT PERIOD (6:45 PM – 7:00 PM)

Ms. Cannon read the public comment policy. Chairman Faircloth recognized the clerk to the board who called the following speakers:

Cary Rodgers – Pastor Rodgers stated he is a member of Cumberland County Caring Voices and the Atlantic Coast Pipeline (ACP) hired a company to develop an economic impact statement about how the pipeline will affect communities. Pastor Rodgers stated there has been no audit of the numbers contained in the statement and the statement ignores the cost of human health and safety, cost to natural resources and wildlife habitats, and the cost to industry to tap into the pipeline. Pastor Rodgers asked the Board to seek out the real numbers and allow those in opposition to the ACP to be placed on the Board's agenda.

Rodney Simmons – Mr. Simmons expressed concerns as a landowner about the ACP coming through his property and asked the Board to not allow this to happen. Mr. Simmons stated the pipeline will decrease his land value and increase

his property taxes. Mr. Simmons spoke to the negative impact the ACP will have on the community.

Naomi Simmons – Ms. Simmons expressed concern about the ACP coming through her property and stated the county is not equipped to handle the damage the ACP will cause in the community. Ms. Simmons stated she was not aware of the ACP until her home was under construction and then it was too late to get out of the contract. Ms. Simmons stated she cannot afford to fight the pipeline but she cannot afford to lose her \$400,000 home either. Ms. Simmons asked the Board to not approve the ACP.

Jacqueline Martinez – Ms. Martinez the property on which she has lived for eleven years is in the proposed route for the ACP. Ms. Martinez voiced concerns and opposition to the pipeline and stated her driveway, large garage and home sit on the three pieces of property ACP will affect. Ms. Martinez stated there is also a school located within the pipeline's blast zone. Ms. Martinez spoke to the disruption caused by noise and construction, and the restrictions the ACP will impose on the land she owns. Ms. Martinez stated she would also like to be placed on the Board's agenda.

Tim Evans – Mr. Evans referenced the combining of the city and county Parks and Recreation departments, stated he has lived in Grays Creek since 1986 and there is no park in Grays Creek. Mr. Evans stated there is a Parks and Recreation fee paid for every lot in Grays Creek and he would like to see that money earmarked for a park in Grays Creek since that is where the money is coming from. Mr. Evans asked whether it was time for the county to pull away from the city and start taking care of county citizens since the favoritism of Parks and Recreation lies heavy within Fayetteville and not the county.

Chairman Faircloth asked whether the Board of Commissioners would make a decision on the ACP. Rick Moorefield, County Attorney, advised the pipeline is not a local issue and there will be nothing for the Board of Commissioners to decide. Chairman Faircloth asked staff to give thought to what might be done to assist citizens impacted by the ACP.
